An Epoch in Circusdom

When Mr. E. Haag, proprietor of the Mighty Haag shows, which exhibits at Hillsboro on May 8, decided to inaugurate his sixteenth season as a successful purveyor of all that is good in circusdom to the public, he decided to create a new departure, his idea being to combine a first-class circus and wild west performance under one mammoth stretch of waterproof and sun proof canvas, and for one price of admission, something never attempted before by any showman; both circus and Wild West will be complete exhibitions in itself in every detail, making the best exhibition ever offered to the public. While giving two distinct exhibitions, the price will be the same as charged for either circus or Wild West by other managers.

The outcome of the Hospital movement hinges on the announcement at the meeting at the Court House next Tuesday night. If you are interested come.

Roland Vaughn, of Sugartree Ridge, is the guest of his sister, Mrs. Carey Turner.

Altruistic Association.

The postponed meeting of the Altruistic Association met with Miss Sara Murphy Thursday afternoon, April 11. After the regular business had been disposed of Mrs. McDermott spoke of the Wendling lectures and urged the members to secure season tickets from a representative of the Association as they had 35 tickets to dispose of.

The nominating committee made their report and the officers for 1912 and 1913 were elected. They are: President, Mrs. Henrietta B. Nelson; 1st Vice President, Elizabeth R. Rockhold; 2nd Vice President, Mrs. Cora McC. Turner; Recording Secretary, Miss Mary Barrere; Corresponding Secretary, Mrs. Elizabeth E. Richards; Treasurer, Mrs. Sadie McC. Zink; Critic, Mrs. Luella L. Pence; Secretary Emeritus, Mrs. Jennie McD. Stockton.

State Federation Delegates—Miss Lethe E. Roads, Mrs. Elizabeth E. Evans; Alternates, Miss Nannie Bowles, Mrs. Effie W. Cooper.

National Federation to be appointed. Executive Board term to expire 1914—Mrs. Cora H. Boulware, Mrs. Nannie E. Lecher, Mrs. Eva D. Huggins, Mrs. Jennie B. Barrere, Mrs. Belle P. Shields, Mrs. E. Edgington, Mrs. Harriett M. Hibben.

Lowell Committee—Miss Nannie Bowles, Miss Elizabeth Kirby, Mrs. Margaret R. Gregg.

Chairmen of Departments—Education, Mrs. Nellie P. McDermott; Social Science and Philanthropy, Mrs. Elizabeth E. Richards; Civics, Mrs. Sadie McClure Zink; Hygiene, Miss Mary Barrere; Household Economics, Mrs. Elizabeth R. Rockhold.

The program for the afternoon was dispensed with and Dr. Beam gave a very clear and satisfactory account of the work done by the Hospital Board, including the organization, progress, business transactions, subscriptions, etc. and explained that no one person had enough stock for a controlling interest.

Will Be Paroled.

Among the inmates of the Mansfield Reformatory recommended for parole at the meeting of the board last week were two from Highland county, Pete Owens and Lawrence Smith. Smith pleaded guilty to grand larceny on March 15, 1911. The crime was committed in Greenfield. Owens pleaded guilty to forgery on Jan. 25, 1911. He was also from Greenfield. Smith is to be paroled on July 1 and Owens on Aug. 15.

Examination Finished.

F. A. Doyle, of the State Bureau of Accounting and supervision of Public Offices, who has been here for the past seven weeks, examining the books of the county officials, completed the work Tuesday. While Mr. Doyle's report has not been made public it is known that he commended several of the officials for their exactness, neatness, and efficiency of their conduct of the offices and it is understood that almost no discrepancies of any kind were found. Mr. Doyle was a pleasant gentleman and thoroughly understood his work.

Successful School.

A. A. Fenner closed a splendid and successful term of school at Brock's School, April 16.

A prize was awarded Henry Shelton for being present every day during the school year, also to Mary Parrish for most headmarks in the higher spelling class and to Lila Copeland for the most headmarks in the second class.

The average attendance for the eight months was 14 and for the last four months 16.

Mr. Fenner was very popular with the pupils and patrons and it is hoped that he will be returned as teacher for another year. He received several presents from pupils.

The attention of property owners and the public generally is called to the fact that there is an ordinance against digging or excavating in the streets, alleys and side walks without permission of council. Council authorizes us to state that hereafter a permit must be applied for to the street committee for this purpose. This is necessary to avoid indiscriminate tearing up the streets and alleys.

In the first ball game of the season the Hillsboro High School defeated the New Vienna School by the lopsided score of 22 to 5 at the Fair Grounds Friday afternoon. Hillsboro scored 15 runs in the first two innings, due largely to the wildness of the visitors pitchers. The local boys, however, outclassed the visitors in every department of the game and after the big lead secured in the first innings the game was lacking in interest.

Henry Swishelm left Tuesday for a two days trip on his motor cycle. He will go to Dayton and Columbus.

WORLD APPALLED

By Disaster, When Steamer Titanic Sinks With Over 1500 Passengers.

One of the most appalling disasters that has occurred in years was the sinking of the big White Star Line steamer Titanic 500 miles off Cape Race early Monday morning. Between 1500 and 1600 passengers lost their lives when the ill fated vessel went down.

The Titanic struck an iceberg and was almost rent asunder at the first blow. Her decks were ripped open and her sides and bulks shattered. She sank rapidly and wireless reports indicate that less than 700 of her 2300 passengers and crew were rescued. The steamer Carpathia which is carrying the rescued will reach port on Thursday or Friday and only then will authentic details of the terrible disaster and great loss of life be known.

The Titanic was the largest of the great ocean steamers and was making her first trip. Among her passengers were many world famous men who are believed to have lost their lives.

A few of the most prominent men thought to have perished are, William E. Stred, editor and author; Francis D. Millet, artist and writer; Jacques Futelle, short story writer; Archibald Butt, Military aid to President Taft; Isidor Strauss, New York banker; Col. John Jacob Aster; Benjamin Guggenheim; Henry B. Harris, theatrical manager; Charles M. Hays, President of Grand Trunk Railways; Rev. John Stuart Holden, Noted English Clergyman and George D. Widener, Philadelphia capitalist.

Of the survivors, what? Their story of peril and suffering, with the revelations they will furnish of just what happened on board the stricken ocean giant—pictures which will leave the imagination nothing to draw upon—still remains to be told.

Doster For Prosecutor.

Hon. Coke L. Doster, of Greenfield, announced Tuesday evening that he would be a candidate for the nomination for prosecuting attorney on the Republican ticket.

Senator Doster is an ideal candidate for this office. An attorney actively engaged in the practice, he not only has an excellent knowledge of the law but is a good advocate. Of pleasing address, he makes a good impression on a jury and is a fluent, easy, forceful and eloquent speaker.

While one of the younger members of the bar he has built up a large practice, especially in and around his home town of Greenfield.

The high regard in which he is held by the people of Greenfield is shown by the fact that he has several times been elected mayor of that town and received a large majority when he was elected state senator in 1910.

Both as mayor of Greenfield and as state senator he made an excellent record, proving his honesty and capability. He took an active part in all the deliberations of the last legislature and was generally conceded to be one of the ablest men of that body.

Senator Doster it is understood will have no opposition in the primary and should receive the enthusiastic support of all Republicans at the fall election, thus insuring his election.

Important Meeting.

The public meeting for the Highland County Hospital at the Court House Tuesday night will make the turning point in this movement. This is no ordinary meeting. At that time an announcement will be made by its promoters that will be of vital importance to every one interested in the movement. An officer of the company stated to a representative of the NEWS-HERALD on Wednesday that the outcome of the Hospital movement lingered on this meeting. He would not however even give an inkling of the nature of the announcement.

TWO CASES REVERSED

By Circuit Court—New Cases Filed—Drennan Case Settled—Other News.

The Circuit Court handed down decisions in the cases it had heard during its sessions here on Thursday afternoon. Four cases were heard and the Common Pleas court was reversed in two of them and sustained in two.

In the case of C. S. and A. M. Powell, plaintiffs in error, vs. The State of Ohio, defendant in error, the verdict of the lower court was sustained as to A. M. Powell and reversed as to C. S. Powell. The Powells were tried before Judge Newby and a jury in the Common Pleas Court, charged with assault with intent to kill on George G. Willis, marshal of Greenfield. A. M. Powell was found guilty of assault and battery and sentenced to 50 days in the work house and fined \$100 and cost. C. S. Powell was found guilty of assault with intent to kill and sentenced to four years in the penitentiary.

The Circuit Court held that the charge of Judge Newby to the jury was erroneous and prejudicial to the rights of defendant C. S. Powell. Judge Newby charged the jury that if they found that an intentional assault had been made and made with a deadly weapon; that the jury could find from the making of the assault and the use of the deadly weapon the intent to kill. This the Circuit Court held was erroneous and remanded the case to the Common Pleas Court for a new trial.

The demurrer to the petition in the case of Henry A. Pavey vs. Fred T. Pavey et al was overruled.

The decision of the Common Pleas Court refusing an injunction in the case of Drusilla Patton vs. Mary L. Dickey et al was sustained. The case was dismissed at the costs of the plaintiff. This case was for the possession of the Harper Hotel in Greenfield. Mrs. Patton claiming that her lease did not expire until March 1, 1913, the defendants the owners of the property claiming it expired March 1, 1912. The decision means that Mrs. Patton must give up possession of the premises.

The decision of the Common Pleas Court was reversed in the case of Joseph Hibbs et al vs. The Ohio Baptist Convention. This case was for the construction of an item of the will of the late Temple G. Hoggard in which about \$4,000 was left to the needy white Baptist churches of Ohio. Joseph Hibbs, Ernest Schumacher and Earl Gruver were named as trustees of the fund. The question was whether they should manage and distribute the fund or whether it should be turned over to the Ohio Baptist Convention to manage and control. Judge Newby held that the trustees should turn the money over to the Baptist Convention for distribution. Circuit Court placed a different interpretation on the language and held that the trustees were to hold and manage and distribute the fund.

TWO NEW CASES.

Two new cases were filed in the Common Pleas court during the past week:

The matter of the removal of W. C. Duckwall and George A. Vance, as commissioners of Free Turnpike No. 94 by the County Commissioners was taken to the Common Pleas Court on appeal.

Bert Edgington asks for divorce from Alma Edgington on the grounds of gross neglect of duty and extreme cruelty. The parties were married at Bainbridge March 13, 1911 and have one child, Earl. The plaintiff alleges that the defendant has called him bad names and threatened to kill him; that she has refused to live with him in peace and harmony; that she is not a fit person to have the care and custody of their child. So he asks for the custody of the child as well as for divorce.

DRENNAN CASE SETTLED.

The case of Lillie Drennan as administratrix vs. Joseph E. Stabler et al was settled and dismissed Monday. This was an action for damages for the death of Sadie Drennan, who was killed in the summer of 1908 from being hit by rocks thrown from blasting for excavating for Stabler building. Miss Drennan was working at the Hill City Laundry adjoining the Stabler building. Rocks thrown from a blast struck her causing her death. The administratrix brought suit for \$10,000 for her death. By agreement of the parties out of court the case was settled. The amount paid the plaintiff was not made public.

CASE DISMISSED.

The case of Margaret Hanes vs. Mary C. Charles was dismissed Monday by Judge Newby because the plaintiff failed to appear to prosecute it.

FOR BREACH OF CONTRACT

The case of Jesse Edgington vs. T.

Langdon for Governor.

Warren County's Republican Central Committee has endorsed and formally launched the candidacy of Hon. Lawrence K. Langdon for the nomination for Governor. Mr. Langdon was the Representative from Warren County in the last two sessions of the state legislature.

During the last session he was the Republican floor leader of the House and as J. W. Faulkner, the Democratic political writer for the Enquirer well said last Sunday "before the last session was ended, was leading the Democrats as well, as witness the statements made by both Governor Harmon and Lieutenant Governor Nichols, thanking him for doing something they could not, i. e., make the Democratic jackasses remain in the breeching."

Everyone that knows "Larry" Langdon admits his ability and entire fitness for the high position of Governor of Ohio. The Republicans could make no better selection than to choose him for their leader this fall. It is certain that he will receive the solid support of the Sixth District and will have a large following in all sections of the state. When a man has made good in the public service the wise thing to do is to advance him to a higher and more responsible position. Langdon deserves promotion.

Death of Miss Sallie B. Ervin.

Miss Sallie B. Ervin, one of Highland county's oldest and most respected citizens, died early Tuesday morning at her home on East Walnut street.

Miss Ervin would have been 94 in May and her death was due to the infirmities of old age.

The funeral services will be held at the home Thursday afternoon, conducted by Rev. W. H. Shields of the First Presbyterian Church. Interment will be made in the Hillsboro cemetery.

Miss Ervin had lived most of her long and useful life in Highland county. She had been a life long member of the Presbyterian church, a true Christian both in profession and deed.

Mothers Club.

At the meeting of the Mothers Club Friday afternoon at the Washington Building, the officers for the ensuing year were elected.

They are, President, Mrs. W. H. Shields; Vice President, Mrs. R. L. Boulware; Secretary, Mrs. C. D. McConnaughey; Corresponding Secretary, Mrs. Gatch Brown; Treasurer, Mrs. Charles Moore; Executive Committee, Mrs. J. E. McDermott, Mrs. C. Johnson, Miss Elizabeth Hickle, Mrs. Flint Rockhold, Mrs. W. H. Vance; Program Committee, Mrs. J. W. Watts, Mrs. Dan Morgan, Miss Adina Larkin, Mrs. W. E. Arter; Entertainment Committee, Mrs. J. W. Gore, Miss Shepherd, Mrs. Roy Rogers, Mrs. Margaret Reed; Chairman Refreshment Committee, Mrs. J. W. Evans.

Dr. J. C. Larkin delivered an excellent address, subject, "A Message to Mothers." The talk was a clear and forceful presentation of the duties of mothers and contained many helpful and useful ideas.

Spraying Demonstration.

An orchard pruning and spraying demonstration will be given at the farm of John Sanders, near Hillsboro next Tuesday afternoon, April 23, at one o'clock by Ed. Rowan, of the College of Agriculture, Ohio State University. The meeting will be held in the orchard, if the weather permits, and those who attend will be given a practical demonstration of how fruit trees should be pruned, and when and how to spray for such insects as San Jose scale, scurfy scale and codling moth. Questions will be answered.

This will be an excellent opportunity for the people of this community to get practical information on orcharding, and everyone interested in the work should attend this meeting.

B. H. Wolff, of Cincinnati, was a business visitor here Wednesday.

Mr. and Mrs. E. L. Case, of Bainbridge, were the guests of the latter's mother, Mrs. Martha Henney, Monday.

J. Sprinkle began before Judge Newby and a jury Tuesday. At the time of going to press it had not been finished.

This is an action charging breach of contract. Sprinkle employed Edgington to work for him for a year on his farm in Clay township, agreeing to pay him \$19 a month. Edgington worked about six months, when he says that Sprinkle refused to give him further employment. Sprinkle claims that Edgington quit after the six months without any fault on his part.

CLEAN UP DAY

People Generally Participate and the Rubbish is Now Being Carted Away.

Wednesday was clean up day for Hillsboro and in all the streets and alleys of the town early that morning could be seen piles of rubbish and trash piled up ready to be hauled away.

The people generally had responded to the request of Business Men's Association and by evening much of the winter's collections of rubbish had been removed from the village.

The street commissioner was busy with wagons all day but it was impossible to remove all that had been gathered together that day and the work will be completed today.

Buffalo Bill Coming

Buffalo Bill's Wild West Show will be in Hillsboro Saturday, June 22. D. F. Lynch agent for this big show, was here Wednesday and completed arrangement. When this show was here before it brought to Hillsboro the largest crowd that was ever in the town.

The Queen of the Dairy World.

With a record of 1058.34 pounds of butter-fat produced in 365 days, Banostine Belle De Kol, a five-year-old Holstein-Friesian cow owned by Dan Dimmick & Bro., East Claridon, Ohio, becomes the new "Queen of the Dairy World." This wonderful cow produced during the year 2740.4 pounds of milk testing 3.86 per cent fat. This means over 9 gallons of milk per day, or enough to supply 36 families each with a quart of milk daily. If made into butter, her fat production would equal 1322.925 pounds of butter, or over 31 pounds per day for 365 days. This is all the more remarkable because it was made without her being dry at all before freshening. No other cow in the world has ever produced such an enormous amount of butter-fat in a yearly test and only one other has ever exceeded Banostine's milk record.

Roosevelt Delegates.

The Roosevelt people of this district will have an opportunity to vote for Roosevelt delegates to the Republican National Convention. William H. Baum, of Batavia, and J. W. Shawan are the Roosevelt delegates. At this time the Taft candidates for delegates have not been selected or at least have not been made public.

Mr. Baum and Judge Shawan are strong and able men and have large personal followings, not only in their own counties, but throughout the district.

By the action of the Republican State Central Committee the delegates will not be permitted to have printed after their names the candidate they favor for president, so that the voter must acquaint himself with the names of the candidates for delegates and who they are for for president.

Remember that a vote for William H. Baum and J. A. Shawan is a vote for Roosevelt for president.

The names of the Taft delegates will be announced as soon as they are made public.

Burn the Chinch Bug.

The wet and cold weather of the past fall and winter has greatly favored the abatement of the chinch bug plague in Ohio, and if farmers generally will now proceed to destroy the remnant of bugs which have survived the winter, we can reasonably hope to get through the coming summer with less damage than occurred last year.

Owing to the lateness of the spring, the bugs will hardly commence to fly freely before the last ten days of April, and if farmers generally will practice concerted burning over the hibernating retreats of the insects during the coming two weeks, many of the surviving insects will be destroyed. Burn over road side borders, along old fence rows, over bramble thickets, along the borders of woods and over grassy borders around fields and gardens—in short burn everything in the shape of dead ground-cover that will burn. Persuade all your neighbors to do likewise or your own work, no matter how thoroughly performed, will afford only partial relief and that only for the early part of the season.

If you have not read Circular 115 of the Experiment Station on the Chinch Bug, send for it at once.

□ Mrs. J. M. Hibben, Mrs. Charles Harsha, Mrs. George W. Barrere, Jr., Miss Nannie Bowles and Miss Mary Barrere, members of the Altruistic Association, went to Leesburg Tuesday afternoon with Dr. Beam, where the doctor addressed the Altruistic Association of that place in the interests of the Highland County Hospital.
