## AN EMERGENCY REMEDY

One That is Liable to Come in Handy Almost Any Day.

ReXall Mentholine Balm is for soothing pain and relieving surface inflammations and irritations. These may arise from headache, neuralgia, toothache, bruises, cuts, insect stings, the bites, chilblains and like ailments. A soothing, cooling, antiseptic preparation like ReXall Mentholine Balm helps greatly in restoring comfort by soothing the irritated nerves and allaying the inflammation.

ReXall Mentholine Balm has penetrating and anodyne (pain relieving) qualities derived from the menthol and other medicaments it contains, that are often helpful in asthma, of nasal origin, and hay fever, nasal catarrh and itching piles. It may be used on a mucous membrane as well as on the outer skin. For use after shaving and for relieving the smarting pain of sunburn it is especially recommended. We want you to take a package home with you, and the first time you have occasion to use it, if it does not please you, come back to us and get your money. Price, 25 cents. Sold in this community only at our store.—The ReXall Store.—Garrett & Ayres. adv

## The Best Bargain You Ever Made

HOW do you measure the value of a bargain? Suppose you bought an engine that did practically all of your hardest work for you, sawing, pumping, grinding, etc., and that saved so much money that it soon paid for itself. Would you call that a good bargain? An IHC engine will do all that, and more. Having paid for itself, it works steadily year after year until, like our Clay County friend who has used an IHC engine for six years, you will say, "My IHC engine is the best bargain I ever made."

## IHC Oil and Gas Engines

are thoroughly dependable, and unusually durable. The fine-grained, grey iron cylinders and pistons are worked together to a perfect fit. Ground piston rings insure maximum power from the explosion. The fuel mixer is the most effective known. Bearings are large and carefully fitted. No part is too heavy to be efficient, yet every part is amply strong.

IHC engines are made in all styles—vertical and horizontal; portable and stationary; air and water-cooled; in sizes from 1 to 50-horse power, to operate on gas, gasoline, naphtha, distillate, kerosene or alcohol. Oil tractors, 12 to 60-horse power, for plowing, threshing, etc.; grinding, sawing, pumping and spraying outfits, complete the line.

The IHC local dealer will show you all the good points of the IHC engine. Get catalogue from him, or write
