### Why Your Politics?

Why are you a member of a certain political party? Is it because your father was a member of that party? Is it because you have studied the principles and policies the party advocates and believe in them? Is it because you have confidence in its leaders? Is it because your friends are members of that party and you want to be with them? Is it because you want some political office and think your best chance to secure it is through that party? Is it because you for some reason or no reason identified yourself with that party when you first began to vote and think it would be a sign of weakness to change to some other party or are you too lazy to post yourself as to what the different parties stand for and cast an ignorant vote?

We thoroughly respect and highly esteem any man, no matter with what party he may be affiliated, who is a member of that party because he believes in its principles; honestly thinks that to put into effect its policies is for the best interests of the nation. And we have found the man who is a member of a party because of its principles, seldom, if ever, condemns a man who is the member of an opposing party from principle. The bitter partisan is either the fellow who is misinformed and ignorant or the fellow who is in politics for purely selfish motives, is looking for an office or favors from those who are in office.

The only excuse for the existence of a political party is that its members believe in its principles and policies and think that their adoption will make for the general welfare, happiness and comfort of the people of that nation and therefore bring prosperity to that nation.

It is foolish to vote a certain ticket simply because your father voted it or because of what that party has done or stood for in the past. Egypt, Rome and Greece were each great at one time and did much to advance the civilization of the world. They have wonderful histories, but they fell and decayed and so may a political party. It is weak and cowardly to continue as a member of a political party, when you no longer believe in the things it advocates. It is selfish and unpatriotic to belong to a political party simply because you think that it may result in personal gain. This is selling your vote just as much as if you received a few dollars for it on election day. And if you are too lazy or too indifferent to public matters to inform yourself in regard to them do not vote, as an ignorant vote is almost as bad as a corrupt vote and almost as likely to be wrong.

Do you know what the different political parties stand for? Are you posted on public questions? Why are you a member of a certain political party? Answer these questions for yourself and see whether or not you are a good citizen.

Don't shoot unless you are willing to be shot.

Every man is not a fool who has been called one, but every fool has been called one.

The paragrapher of the Ohio State Journal occasionally mentions that some day he is going to write a truly great paragraph and we will bet that some of his kind friends have told him that if he does it will be an accident.

The Cincinnati Reds have gone south for their spring training and the usual line of dope is being handed out by the sporting writers. If one had not read the same stuff for years he might think Cincinnati would have a good team this year.

Have you ever noticed that when a man and girl are going together very regularly that they can not imagine why anyone should say anything about them, but at every opportunity they ask you, and everyone else, whether you think John is serious in his attentions to Mary or if Mary is really crazy about John or do you think John and Mary will make a match of it?

### To the Housewife.

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Colds and coughs are the most common of the minor ailments and are the most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people that use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by All Dealers, adv

### CENTERFIELD.

March 2, 1914

The Centerfield Agricultural Club met Friday, Feb. 27. Miss Grace Turner read a paper setting forth the workings of the new law concerning County or District Superintendents. "Maintaining Fertility of Soils" was discussed. A box supper was enjoyed by some while others indulged in sandwiches and coffee. Several were in attendance from Greenfield, Beena Vista and other places. A few violin selections by Martin Milner, accompanied by Mrs. Milner, added much to the enjoyment of the evening.

The Centerfield W. C. T. U. met Thursday, Feb. 26. Only a small number was present on account of severe weather, but they decided to hold an open meeting in March to which all the women in the community are cordially invited. A good program is promised. Light refreshments. Further announcements later.
