A Card from James Plummer.

To those whom it may concern: Whereas, it has been reported by some persons, and is now being circulated by my enemies, that the next day after Mr. Armstrong Scurlough had lost some bacon, that I had hastened to my mother's, where Levi Plummer makes his home, by the hour of 11 o'clock A. M., reaching my mother's as soon as those persons in pursuit of the meat and the thieves. Now I take this opportunity to say that whoever circulated such a report is a willful falsifier, because I did not leave home until the second day after the loss of said bacon, and then on other business altogether. JAMES PLUMMER, Jackson, July 27, 1875.

MEDICAL.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination, Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Hotchets, Boils, Pimples, Pustules, Sores, &c. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem peculiarly adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleaning the blood. The system works on with renewed vigor and a new lease of life.

Purify the Springs of Life.

It is a sine qua non of health, that the sources of life, the springs of vitality, should be free from contamination. The fluids which, by their action upon the food, transform it, must be pure, if the system is to be healthy. The brain area to be properly nourished and kept vigorous. To this end the stomach, the liver, the bowels and the kidneys should perform uninterferedly their vital functions. If these are deranged the vital fluids speedily become vitiated. The best, nay, the ONLY blood purifier which purifies them, by overcoming those bodily irregularities which produce them, is Hostetter's Stomach Bitters. The principle upon which this salutary alternative acts, is as simple as it is philosophic. The origin of most diseases, and invariably those which affect the organs above mentioned, is weakness, caused by insufficient and unwholesome diet, and the Bitters speedily rectify the cause of the difficulty by restoring vigorous digestion, so that all the food is properly assimilated, and the system is enabled to throw off the offensive matter, which, making in the system, destroys health. This bodily refuse having been got rid of, and perfect assimilation re-established, there is nothing to prevent the vigor and active performance of the various functions. Such being the case, it is plain that the Bitters are not only the most reliable medicine, but are essential to those diseases of the liver, bowels and kidneys which contaminate the springs of life.
