A Library of Universal Information.

THE NEW AMERICAN CYCLOPEDIA: A Popular Dictionary of General Knowledge.

EDITED BY GEO. RIPLEY AND CHARLES A. DANA, ASSISTED BY A. H. BROWN, EDITOR OF THE WRITERS IN ALL BRANCHES OF SCIENCE, ART, AND LITERATURE.

The leading claims to public consideration which the new American Cyclopaedia possesses are its brevity, its accuracy, its comprehensiveness, and its adaptability to the needs of the general public.

It is the only work which gives anything approaching correct descriptions of cities and towns of America, or embraces reliable statistics as to the population, resources, and all sections.

Every one that reads, every one that mingles in society, is constantly meeting with allusions to subjects on which he needs the aid of a Cyclopaedia.

PRICE AND STYLE OF BINDING. In Extra Cloth - per vol., \$5 00. In Library Leather - per vol., 6 00.

The Annual Cyclopaedia

Commenced in 1861. SIX VOLUMES NOW OUT. The same price per volume, and uniform with the Annual Cyclopaedia.

It is an enterprise of immense value to the public, and ought to be in every library, public and private, as an invaluable book of reference.

It is indeed a most excellent work. It is thorough and reliable, and just such a work as is greatly needed, a faithful chronicler of important events, and a most judicious compiler, and of too much account to be lost.

WE are in want of good agents for the above work, to whom it will afford a handsome living in obtaining subscriptions.
