Double Pipe Creek Items.
On Tuesday last week, as we were crossing the bridge, we saw something dodging around in the creek below, and upon examining the spot more closely we saw a little fellow scarcely three feet in height, and not twelve years old tugging away at a large stone, almost larger than himself. Inquiring of him what was the opportunity for his work, he building a dam for his fish. We thought he might with propriety leave that undone, but what was our surprise when "Billy" inquired of the next most modest looking of the finest suckers caught this season, some of them measuring 16 inches and over. Since our friend has put the ball to rolling we have had several more of these fellows, measuring 17 inches and over, and looking like a fish.

Tramps have been very numerous for the last month. Would it be expedient for some of our Frederick county officials—say a few magistrates, constables and a sheriff—to come to the city. We would be willing to furnish them with the largest amount of free charge, since the tramp business pays so well over there.

F. J. Shorb, after trying in vain to purchase pigs for fat fattening, called upon a gentleman the other day who offered to sell him a horse and throw two shotes in. Mr. S., rather than lose this opportunity, purchased the horse and accepted the offer.

Geo. Six and wife returned to this place last week, after a wedding tour of several weeks. They were met by a sleigh and tin pan brigade, making it exceedingly entertaining for all concerned.

Base ball playing has begun. We have some champions, and we anticipate some of the D. P. C. nine in the lead. Merton Birely, son of E. D. Birely, is very ill at this time with the measles. For a time the optic and auditory nerves are affected, and he is now suffering with chorea.

The sheeting on the dam was badly damaged by the recent high waters. More than half of it has entirely moved away.

The cellars of our town are a full of water. Boating by means of tubs is a common occurrence on Wednesday.

Joel Myers, of York Road, intends operating his mill near here himself, and will probably do merchant work.

Masses Minnie and Martin, of Owens' Creek, were visiting friends in town last week. Judge Granville T. Hering, Esq., and wife, of near Sandy Mount, were visiting relatives here last week.

Our business men are doing a fine business this Spring.

The Methodist congregation has withdrawn from the Union Sunday School and have started a Sunday School of their own to be held in the afternoon. This is the fourth Sunday School for our little village.

The reformed members have now definitely bought the Baptist Church building. They are preparing the charter and other papers for a proper organization.

Our farmers are rapidly shipping their steers at the rate of 75 cents per cwt. H. F. Hoffacker shipped twenty, averaging 1179 lbs.

Mrs. H. F. Hoffacker has been stricken with paralysis on her head, and her arms and legs are paralyzed. Her condition is such that she cannot be moved.

The Shrewsbury minstrel troop entertained an audience in this city on Saturday. The performance was tolerably good. The New Freedom Cornet Band entertained the occasion with some of their choicest selections.

The horse disease is raging in some of the remote parts of our country.

Miss Kate Lazenby and Miss Allie Norris have returned from a lengthy visit to their friends in Baltimore.

Our village will probably be destitute of a summer school. The patrons, by and by, want to educate their children in the cannery factory.

A Sunday School entertainment will be held in the Lutheran Church on Easter Sunday afternoon.

Hampstead Items.

New Building Enterprise for Westminster.
A number of our capitalists have under consideration the formation of a land and building company, for the purpose of buying the site of a new city on the Potomac river. It is designed to build comfortable and neat houses in a certain portion of the city, where the houses are to be built on a hillside. The matter is being considered by men who can furnish the necessary means, and who foresee in it a great profit. The city of Westminster is a city in which such an undertaking is soon to prove a success, and with the conveniences of gas and water, and the prospect of our streets being paved with asphaltum, it is an offer to the business men of Baltimore and elsewhere such inducements as no other point along the railroad within a short run of Baltimore can offer. The city will give employment to a large amount of labor, and add considerably to the assessable property in our midst.

New Windsor Items.
