The date on the label on your paper shows the time to which your subscription is paid.

LOCAL AFFAIRS.

Next Monday is Labor Day. Squirrel season opened yesterday.

The annual tournament and horse show at Hotel Hitshue, Reisterstown, will be held September 13.

Thomas F. Smith, a graduate of the Western Maryland College, has accepted a position as principal of the Havre de Grace High School.

Where is all that rain we were to have last week? A gentleman stated that we were to have two good rains.

John D. Hesson, trustee, sold the Daniel D. Hesson property in Harney, on Saturday last to Mark R. Snider, for \$805.

An interesting game of base ball was played between Boring and Emory on Saturday last. The score was 7 to 6 in Boring's favor.

Miss Lydia Hartman, of Littlestown, a graduate of Wilson College, Chambersburg, has been elected Assistant Principal of the Littlestown High School.

Edward W. Case, near this city, has purchased the Awalt property, adjoining the Main-Court Inn, from Frank W. Awalt, trustee, through Michael E. Walsh, attorney.

A party of motorists, who passed through this city on Sunday on their way to Gettysburg and Frederick, stated when they returned to Baltimore in the evening that the pike from Frederick to Baltimore, instead of being called a pike, might be mentioned as a cow path over the mountains.

Rev. Otis Herbert Draper, the Field Secretary of the Baltimore Methodist, of Brooklandville, Green Spring Valley, preached at the Methodist Episcopal Church here last Sunday.

A supposed wide-awake watchman, who is employed by the corporation at night to keep trespassers off of the part of the street which is being improved, became weary on Monday night and took a quiet snooze.

The Western Maryland Railway Company is figuring on a steel rail, cross-tie and ballast contract to cost about \$1,000,000 for the new extension between Cumberland, Md., and Connelsville, Pa.

The second annual Ford outing from Baltimore passed through this city about noon on Saturday on their way to Gettysburg, where they spent two days as the guests of the Ford Automobile Company.

An accident happened to Reuben Julius, of Littlestown, Pa., which might have proven fatal, last Friday, when one of the large mill stones in the Julius Bros. plant at that place burst.

One of the Natives. A gentleman was once showing a countryman round zoo when they came to a cage containing a kangaroo.

Chair Saves Boy's Life. Tamaqua, Pa.—While doing "stunts" on a telegraph pole ten feet from the ground, Louis Henne, aged fourteen years, came in contact with a live wire.

Cause of the Conclave. Buffalo Express—"I just passed Smith's house and a crowd around made it impossible to see."

DEATH'S HARVEST.

Well Known Residents And Others Who Have Passed Away.

Sinnott. Robert Harlan, infant son of John S. and Beulah A. Sinnott, West Main street, died Saturday, August 29, at 9.20 a. m., at the age of one year, 1 month and 14 days.

Stonesifer. James S. Stonesifer, of McSherrystown, Pa., died on August 29, of dropsy, aged 74 years, 7 months and 22 days.

Black. Mr. Samuel Black, for many years a prominent builder in this city, died Monday at the residence of his son-in-law, Dr. T. Rowe Price, at Glyndon, Md.

Todd. Former County Commissioner Thos. Todd, 70 years old, died on August 25, at Berrett, Delico, Farm, and 11 acres near, Pa., after a lingering illness from liver trouble.

Dell. Alfred G. Dell, of Baltimore, a native and former resident of this city, died on Monday at the State Sanatorium for tuberculosis, at Sabillasville, aged 66 years, 3 months and 7 days.

Shilke. Mrs. Sophia Shilke died at her late residence, near Alesia, Md., August 28th, aged 78 years and 4 days.

Quaint and Curious.

New York has one school teacher for each 270 inhabitants.

A prayer book was among the articles found in the stomach of an ostrich dissected in London.

Japan's postal service is the cheapest in the world. Letters travel for 2 sen—about seven-tenths of a penny.

Germany is the envy or Ireland as the leading potato country of the world. Nearly two billion bushels annually.

Records of the port of New York since the beginning of the year show that the nation will receive 1,000,000 immigrants before 1911 comes.

Tottenville, Staten Island, is the most distant village within the limits of Greater New York from the City Hall. It is about 19 miles away.

There is an innate in the Colchester workhouse, England, who is 95 years of age, one who is 92, 21 between 80 and 90, and 63 between 70 and 80.

The battleship North Dakota will be the first vessel of the American navy on which the officers' food will be cooked on electric ranges and ovens.

Wages are going up in New York with the other advances and house servants are receiving on an average \$2 most of a month than they did one year ago.

The shipment of fancy horses is quite a feature in England, and built cars for that purpose are rail for three horses; they have a groom-room in front of the horses' heads, and the stalls are padded.

A plain granite monument erected by the American Society of Mechanical Engineers in 1901 marks the grave of Robert Fulton, the inventor of the steamboat, in Trinity churchyard.

The average speed of a homing pigeon in calm weather is 1210 yards per minute. With a strong wind in the direction of flight, some pigeons have made 1980 yards, or more than a mile a minute.

At the time of the death of Emperor Augustus in Rome the population of the earth was about 54,000,000. The population of the United States alone today exceeds these figures by more than 20,000,000.

The beautiful Ocean Parkway, which is used by automobilists on their way to and from Coney Island, is five and one-half miles long and 210 feet wide. It has two bicycle paths, a tripple roadway and two foot paths.

The Rev. T. G. Wyatt, vicar of Haywards Heath, England, has promised to present half a sovereign, the price of a pair of boots, to every member of the local company of the Church Lads' Brigade who joins the territorial.

The University of Cincinnati, through Dean Herman Schneider, has originated a plan of co-operative industrial education, whereby a student studies one week in the university and works one week in shop or factory.

The Association of Collegiate Alumnae, composed of more than five thousand members in various cities, is about to test the law of heredity by an investigation of its own membership and antecedents for three generations or more.

Ireland goes on booming industrially. She raised four million sheep last year, shipped nearly thirteen millions of linen from Belfast to the United States alone, and other exports were cattle, \$45,734,575; butter, \$17,853,500, and eggs, \$13,637,050.

Wellesley recently compiled figures showing that the total valuation of her college buildings is \$1,780,700. Since President Hazard entered upon her office in 1899 the number of students has increased from 688 to 1312, the endowment from about \$400,000 to upward of \$800,000.

Although possessing an area of only 11,373 square miles, with a population of 7,168,816, Belgium has a foreign trade, which in 1908, reached the colossal total of \$1,125,329,000, giving this little country the sixth rank as a commercial power among the countries of the world.

As a diver the loon excels, and naturally, for it is his sole means of livelihood. Not only is he marvelously quick, but he can remain under water for a seemingly endless time.

The largest barometer in the world was recently ordered by the Italian town of Faenza, the birthplace of Torricelli, who discovered the barometer and the "vacuum" which perpetuates his name. The liquid used is purified oil, rendered free from air, and thus gives a column over eleven meters in height.

Smoke Fall 300 Miles Over Ocean. Fort Townsend, Wash.—Dense clouds of smoke from the burning of Washington and Oregon overpowered the waters of the Pacific from 100 to 200 miles off the coast of both States.

Washes His Hair in Browns. Fayette City, Pa.—While washing his hands from a barge in the Monongahela River Charles Smith, aged 21 years, superintendent of the Monongahela River Consolidated Coal and Coke Company's fleet at Tremont mines, lost his balance, fell into the river and was drowned.
