IN MEMORIAM.
In sad but loving remembrance of my
dear and father, Henry Gunther,
who departed this life one year ago to-
day, March 4, 1910.
We miss you here, we miss you there.
I miss you everywhere I go.
Or where I stay my thoughts are on thee.
But beautiful father, thy work is done.
Beautiful soul into glory gone.
Beautiful life with its crown won.
God greet thee rest.
Rest from all sorrows, and watching and
tears.
Rest from all possible sighing and tears.
Rest through God's endless, wonderful
years.
At home with the best.
Sleep dear father and think of me.
God took you home he thought it best.
It was hard indeed to part from thee.
But God's strong arms supported thee.
Farewell dear father, a sad farewell.
The loss to us no tongue can tell.
God greet thee rest.
We'll meet you on the heavenly shore.
Your pain and suffering are o'er;
Yet again I hope to meet thee.
In the bright and happy here.
Often I wander to the graveyard.
Flowers to strew with tender care.
On the grave of my dear father.
Who is sweetly resting there.
By his loving daughter Elizabeth.

WHEN YOU WANT A RANGE or COOK
naturally you want the best. The Irving line absolutely fills that want and at extremely low prices.
The Irving line of ranges, with Reverberatory Ovens, has banished the worry and care from the kitchen and makes baking a pleasure. It is the most scientific principle ever applied to cooking apparatus, which makes the Irving line so far superior as to put all others entirely out side of competition with them.
The principles embodied in the construction of the Irvings are based on TRUTHS, substantiated by scientific investigations and patient experiments. Simple though they be therein lies the merit.
Corrugated oven plates used in all Irvings.
By corrugated oven plates you gain about 20 per cent. radiation surface; necessarily with the same amount of fuel you obtain a temperature 20 per cent. higher. Or we can obtain the same results as others with 20 per cent. less fuel—an unimpeachable advantage over any other line.
THE OVEN DOES IT.
