

WADE H. D. WARFIELD & CO.

Doors, Sash and Blinds!

Our stock is larger and more varied than ever before. "Morgan Grade" means the best. We handle only the Morgan Stock, manufactured at Oshkosh, Wis. We specialize Porch, Stair and Interior Finish.

We will be glad to talk over your BUILDING PLANS with you. Others have appreciated our suggestions, possibly they will be useful to you. We bought a car of GULF CYPRESS MOULDINGS, which we can sell you at the price of Yellow Pine. All our Window and Door Frames have Georgia Sills and are made to turn water. Hard wood thresholds add much to the appearance of your home and costs no more than ordinary pine. Our 5 Cross Panel Doors are newer and gives a better effect than the 4 Panel Doors. 12 Light Glazed Sash 90c.; Doors 2-6x6-6 \$1.20; Hoibed Sash 90c.; Cornerbeads 12c.; Porch Posts \$1.15; Porch Brackets 10c.

LUMBER!

We furnish EVERYTHING that enters into the construction of a building. We have the exclusive sale of the output from the largest and most representative mills and factories for this territory. Our entire stock is bought in solid car loads.

Direct from the Manufacturer to the Consumer.

Months ago we contracted for our 1911 supplies, before the advance, and in ample quantities to meet the greatly increased demand which we anticipate this season.

WE SOLD MORE GOODS DURING 1910 THAN EVER BEFORE, and from the number of orders that we have already booked for spring delivery, we look for 1911 to be the greatest business year in our history. The hundreds of satisfied customers in every section of the State are responsible for our great growth. OUR PRICES AND METHODS ARE TRADE BUILDERS.

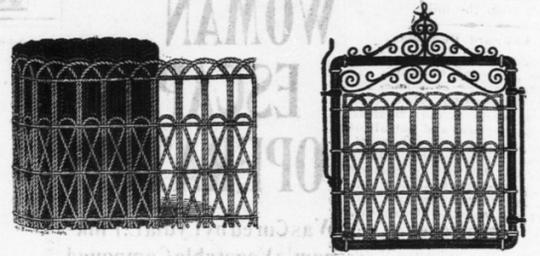

Flooring \$16.00. German Siding \$17.00. Plastering Laths (4 ft.) 3.50. Cypress Shingles 4.50.

"SEND US A LIST OF YOUR WANTS AND YOU WILL WANT OUR GOODS."

We are Members of The Builders Exchange and National Architectural Association and in close touch with the trade generally, which is a great advantage in buying.

HARDWARE!

As in our other lines we sell the output from only the best factories--for instance we buy locks from the Reading Hardware Co., who make a specialty of locks. This season we are suggesting the antique finish on hardware throughout your house--the small addition in cost will be forgotten long before you cease to admire the beautiful effect. Hardware seems a very small item when you consider building, at the same time a little addition to the details in this connection adds much to the general results--let us show you what we have in this line.
