WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as "secretly confidential." Many sensitively-modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trade with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

I hereby announce my candidacy for Democratic nomination for sheriff of Carroll county and appeal to you for your support at the coming primaries; and as I may be unable to see you personally before the primaries, on August 29, any suggestions that you may have to offer by my behalf will be highly appreciated by me. I offer myself as a Candidate for the nomination of State's Attorney for Carroll county on the Democratic ticket, and respectfully solicit the support of all my party associates. EDWARD O. WEANT, Westminster, Md.

To The Democrats of Carroll County: By publication in the newspapers of the County, by letter and by personal visits, I have recently made every effort to make known generally to my fellow Democrats the fact that I am a candidate in the coming primaries of August 29, for the nomination for State's Attorney.

In speaking through the columns of the newspapers and otherwise I have tried to make my position clear to the public. You said by your votes in the last two elections in the County that you were displeased with the existing order of things in the Democratic party. Democrats throughout the County are demanding that new clean men shall be the party nominees and that these men shall have earned the right of support at the hands of the party. There seems to be a disposition to refuse to return men to office until they have earned that right by working for the party.

I ask you to look into my record covering the whole period of my membership in the Bar of this County; I ask you to speak to the men who have been doing the party work during the last ten years; I ask you to look into the lives of my opponents in the same way, and if you find as a result of this comparison that the service I have rendered to the Democratic party entitles me to your support then I trust that you will both work, vote for, and actively support me.

I want to say in conclusion that whether I receive the nomination or not, you will find me in every campaign as you have found in every other since I have been in practice of law in Carroll County actively working for and supporting the nominees of my party. I submit my candidacy to my fellow Democrats and am willing to abide by your decisions in the matter. CHARLES O. CLEMONS, July 10-11 Westminster Md
