INSTRUCTIONS TO VOTERS.

ATTORNEY-GENERAL STRAUS DEFINES QUALIFICATIONS.

Limits Questions to be Asked.

Attorney-General Isaac Lobe Straus Wednesday gave the following opinion setting forth the qualifications of county voters who want to participate in the primaries:

"The qualifications of voters in the primaries in the counties under the Acts of 1910 are that they be registered and that they declare that they are members of the party in whose primaries they offer to vote, and that they will vote for the candidates of that party in the following State or county election.

"They cannot be asked by the judges or challengers whether they will vote at the next State or county election for this candidate or that candidate, or for any particular set of candidates, their general statement of the effect above given being absolutely sufficient to entitle them to vote.

"The sincerity and truthfulness of their statement or declaration that they will vote for the candidates of the party is a matter entirely within the breast and conscience of the voters. If, in accordance with the law, the voter declares that he is a member of the party in whose primaries he seeks to vote and will vote for its candidates at the next State or county election that is sufficient to entitle him to vote.

"I am convinced that the law does not contemplate that every voter who seeks to take part in the primaries of a particular party must absolutely bind himself unconditionally to vote (with-out any exception whatsoever, which, in his conscience and duty, he may feel called upon to make) for all the candidates of the party in whose primaries he has taken part. Such a construction would drive thousands of the membership of both parties away from the primaries and practically rob them of their suffrage in the election of the party candidates.

"On the other hand, the law, in my judgment, will not permit a man to take part in the party primaries who proposes to support only one candidate, or only certain particular candidates of the party, if he himself sees fit to voluntarily state that such is his purpose.

"I think both the purpose and policy of the law and sound policy as well are gratified and subserved by the construction which I have indicated above, as, in my judgment, the correct one, that voters proposing to take part in the primaries of any party may establish their title to do so by declaring their intention to make for all the candidates of the party in whose primaries they intend to vote for at the State or county election."

TO CONFER ON LAST TOLLGATE.

Mayor Calls Meeting of City and Reisterstown Pike Representatives.

In an endeavor to get rid of the last tollgate in the city Mayor Pres-Frisell on Monday issued a call for a conference to discuss the various State and city officials and representatives of the Reisterstown Turnpike Company at 3 p. m., next Monday afternoon.

Letters were sent to the pike company, the Good Roads Commission, the Park Board, the Commissioners for Opening Streets and the City Engineer asking them to meet in the Mayor's reception room for the purpose of discussing the purchase of the pike lying within the city limits.

In his letter the Mayor points out that every general, every street car, every barrel of flour or ton of coal passing over the Reisterstown pike is compelled to pay toll to the company.

The Good Roads Commission has offered \$50,000 for the pike. The money appropriated for the purchase will not be available after October 1. If no agreement can be reached by which the city can acquire the pike at a reasonable figure, it is likely permission will be given to construct a road for general traffic through the park. This would save the necessity of passing through the gate and make the company's holdings practically worthless.—Baltimore Sun.

A NEW CHURCH MOVEMENT.

For the Purpose of Furthering Various forms of Service in the Church.

The greatest religious movement that has ever been presented to the church in this country is the Modern Religious Movement which is being so generally discussed all over the United States at this time. The purpose of this movement is to awaken the spiritual force of the present church members and to bring into the church those that are not now members. Much discussion of church organization has brought out the fact that church members are not doing their full duty in the communities in which they live. This movement will present to the church organization various forms of service such as missions, social service, Bible study, boys' clubs, community extension and will suggest ways of carrying on these different branches of Christian work.

The headquarters of the movement are in New York. From this point the largest cities of the country are being organized. Baltimore, Maryland, has its committee of one hundred which is organizing the work in that city and throughout Maryland. During the next six months the campaign of preparation will be conducted in this community as the Baltimore Committee is already at work on the local organization here. Throughout this winter all our local churches will be engaged with the spirit of this great movement and the evangelistic force which it carries.

A Stag Party at Carrollton.

Dancing comedians and Kentucky thoroughbreds would have turned green with envy had they witnessed the cakewalking and dancing stunts which attended a stag party tendered by Mr. Virgil D. Sharp to about a hundred of his friends at his home at Carrollton, on Tuesday evening, August 8. The affair was one of the best of its kind ever held in this county for years and will be long remembered by the residents of Westminster and the neighboring towns.

One of the features of the occasion was the fine musical program rendered by the Metropolitan String Orchestra, of Baltimore. Another feature of the arrangements was the decorations of the different rooms. The parlor was decorated with crepe paper of different colors, and serpentine of blue and red adorned the walls. The porch was decorated with blue and red bunting, and the columns were wrapped with festoon paper of black and yellow. From the ceiling there suspended several dozen Japanese lanterns, thus converting the porch into a veritable grill room.

At 11 p. m. the guests were invited to partake of a delicious luncheon at a beautifully decorated table. The luncheon consisted of ice cream, lemonade, cakes, bananas, candy and peanuts. Those present were Messrs. and Mesdames Robert Flohr, Guss Sadles, Mrs. Saylor, H. M. Buckingham, Harry C. Blizard, Charles Schaeffer, Ella Shipley, Jno. Klee, B.F. Gorsuch, Jno.
