Democratic Ticket.

- For Governor, ARTHUR P. GORMAN. For Comptroller, EMERSON C. HARRINGTON. For Attorney General, EDGAR ALLAN POE. For State Senator, CHARLES E. FINK. House of Delegates, WILLIAM H. BRIGHT, JOHN B. BAKER, BYARD DORSEY, JEFFERSON D. HOOPER. For State's Attorney, EDWARD O. WEANT. For County Commissioner, JACOB N. DEHOFF. For County Treasurer, OLIVER E. DODRER. For Judges of Orphans' Court, SAMUEL MILLER, ROBERT N. KOONTZ, JOHN WESLEY BIGGS. For Sheriff, ELLAS N. DAVIS. For Surveyor, M. THEODORE YEISER.

The "Baltimore News" is owned by Frank Munsey; its policy dictated by him: Frank Munsey is a Republican, this should cause Democrats to discredit anything they see in its columns disparaging the Democratic party, or its candidates.

NOTICE

The members of the Democratic County and State Central Committees of Carroll County, and the Candidates on the Democratic ticket are requested to meet in Westminster, on Monday, October 30th, at 10 o'clock a. m., at Democratic Headquarters, on Liberty Street. Every member of Committee and every candidate is earnestly urged to be present as important business will be transacted. Nothing should be allowed to prevent attendance.

T. HERBERT SHRIVER, Chairman.

THE NEGRO AND THE REPUBLICAN PARTY.

In many of the counties of Southern Maryland, and the Eastern Shore, the Republicans have made no nominations for the Legislature, and other local offices, so as to enable the negroes, who comprise a large portion of the Republican vote in those localities, to correctly mark their ballots for Governor and other State offices; thus tacitly admitting that their only hope for success is based upon the colored vote, and rightly so, for they embrace more than one half the voters of the Republican party in Maryland. This being so, what will the Republican party, should it succeed, do for the negro? Appointment to a Federal office can only be obtained, if at all, through a Civil Service examination, the negroes, or very few of them, are capable of successfully passing such a test; this restricts them to State patronage, and it is here they must be provided for. It is foolish to say it won't be done, it will be done, the maintenance of Republican rule here will be staked upon it.

The negro is no longer the political chump he once was, he knows as well as you do, that he numbers more than one half of his party in the State, and that without his aid, success for it would be impossible; with this as a lever he will demand what he wants and he will get it too.

This is much too serious a matter for white men to ignore; it involves the peace and good order of society, as well as the tranquility of the State. In an emergency, such as this, it becomes us to lay aside party fealty, to be neither Democrat nor Republican, but Anglo Saxon, and to avail ourselves of the only means at hand, for the preservation of white supremacy—the Democratic party.

The activity of Ex-Senator Wellington in the campaign must be very obnoxious to the friends of the late lamented President McKinley.

The politician who abandons his party in the midst of a Presidential campaign, quarrels with Presidents, smashes Platforms, and is a law unto himself, should be restrained by his party, if he have one; but we opine in this instance, it can only be done with a Kansas fence—"horse high, hog tight and bull strong."

The voting population of this State is composed of about 55,000 negroes, 34,000 white Republicans and 105,000 Democrats; so you see the Republican candidates cannot be elected except by Democratic votes, or Democrats remaining away from the polls.

FORMER U. S. SENATOR, GEO. L. WELLINGTON IN A SPEECH AT SALISBURY REPUDIATES A PORTION OF THE REPUBLICAN PLATFORM—CANDIDATES FOR HIGHEST OFFICES DO NOT DISSENT.

Former United States Senator, Geo. L. Wellington, in a speech at Salisbury, on Saturday last, repudiated certain material portions of the Republican Platform, and as Mr. Goldsborough stood silently by, we have a right to assume that he endorsed what was said.

Mr. Wellington declared "that the Public Utilities Commission was valueless, and should never have been created." He denounced the Senatorial primary law, "as foreign to the genesis of the American government."

As to the first Republican Platform declares—"The Public Utilities Commission should be upheld in the exercise of its duties, and its powers strengthened wherever it shall appear that the Commission has not sufficient authority to deal with the important questions within its jurisdiction."

As to the second it says:—"We believe in the election of U. S. Senators by direct vote of the people."

What objection is to be placed in a party that, in Convention assembled, makes a declaration of principles, which are to be its chart and guide in case of success, and before the campaign is over, through one of its most distinguished orators, and in the presence of its candidates for the highest offices, without a word of dissent from them, traverses and repudiates the most progressive planks in its Platform?

Those who support it under such circumstances, do so with full knowledge, and are estopped from charging bad faith, should the Republican party repeat these important measures.

TO FARMERS.

The Democratic party in its platform pledges itself "to foster the interests of agriculture by introducing into our public schools, especially in the counties, modern and advanced education and training in agriculture and farming, by improving and enlarging the present plan of Farmers' Institutes, and by improving the curriculum and equipment of the Maryland Agricultural College with a view to extending its practical usefulness through the rural sections of the State."

There is no more important pledge in the Platform than this, or one in which farmers are more vitally interested. The analysis of the soil, the determination of the character of fertilizer it needs for its reparation, the germination of seed, so as to select the best for planting, will all be taught in our public schools, if the Democratic party should be in a position to redeem this pledge.

You will look in vain for any such specific promise in the Republican Platform.

THE SORT OF CAMPAIGN THAT CARROLL COUNTY DEMOCRATS NEED.

The Democrats of Frederick county have completed their plans to hold a Barbecue on the first of November; and to make it attractive to all, they will have pony, mule and motor cycle races, and hand contests; they expect to have 10 bands in the contest; a prize of \$50 for the first, \$25 for the second and \$15 for the third. Dancing will also be one of the pleasures of the day. A balloon ascension will also be a feature. Speaking by the State candidates in the afternoon. An abundance of food will be provided for all on the grounds.

Why don't our leaders do something of the kind here? It will be the most effective way to provide against the loss of the county through apathy.

Get a move on you, and don't let it be said, that while the battle was raging, you slept on your arms.

The increased cost of living under accumulating tariff robberies almost means depriving the working classes of a decent living. So the end to which all Democrats should strive is a Democratic President in 1912. No better beginning can be made than the election of a Democratic Governor this year, together with the local officers. That will make a good, solid foundation upon which to begin next year's fight.

Democrats in every section of the county should organize to get out their vote, this is important and the work cannot be commenced too soon. Appoint trustworthy men in each locality, provide conveyances for those who have none, and make all possible effort to poll the full party vote. If this be successfully done, our victory will be complete.

Do you want a continuation of good government and progressive policies? The only way to secure these things is to elect a Democratic House and a Democratic Governor. Do you not believe the primary election law gives the people a wider influence in the affairs of government? Show your faith by voting the Democratic ticket. A vote for Republicans is a vote to forever end all primary election laws.

Just to review the Republican ascendancy of a few years ago should prove a sufficient reason for electing the Democratic ticket, without any other reason for supporting it.

Mr Goldsborough is not unused to defeat at Democratic hands. He was a candidate for Comptroller in 1899 and was defeated by Dr. J. W. Hering by 11,661 votes.

UNBECOMING—MR. BONAPARTE.

Now, Mr. Bonaparte, it is altogether unbecoming in you to chide and ridicule Mahon, Kelly and Padgett for not belonging to a "Royal Family," as you are constantly doing in the "Evening Sun." This, as everybody knows, is your Exclusive Distinction, won for you by blood and carnage, battle and murder, theft and ruin,—the old-time way to Royalty, though now somewhat discounted and abandoned by the present-day Peace Movement and the Conscience of the World. From your high birth-right eminence, you ought not to poke fun at these three plain American gentlemen, striving Peacefully for their own betterment,—by their own exertions, or in tripartite combination, and unaided by fortunate adventitious ancestor-work and success.

Think it over, Mr. Bonaparte, and desist.

Don't hurt the feelings of humble individuals, and the unpurpled-born, to ease off your spite against the Democratic Party. Go after Mr. Earle, the Republican Mayor-candidate of Philadelphia, whom people say has smashed you more than you have smashed Mahon, Kelly and Padgett.

Like the Cobra, you secrete poison every hour of the day. Eject it on Earle,—big game.

COUNTY TREASURER.

Oliver E. Dodrer, the Democratic candidate for County Treasurer, has filled the position for two years to the satisfaction of all who have had business with that office.

To a natural adaptation for the work of the office, he has added much by experience, until he is now an ideal official, and his services almost indispensable to the taxpayers of the county.

This is an office of much importance, all the money collected from the tax payers of the county must pass through his hands, and its proper disbursement and accounting can but be acquired by experience, and this he has had, and it might be unfortunate to all to dispense with his services for another without his advantages.

It has come to us that Republicans in different parts of the county are proposing to vote for any one of our candidates, for a vote for their candidate for County Commissioner.

This would be a good deal for them, but bad for us, as it would tend to give them control of that important Board.

There is no inducement for us to trade, as we have votes enough to elect our ticket, without resorting to such crookedness.

REASSESSMENT.

If you want another reassessment upon the heel of the one we have just had, vote the Republican ticket, as the Platform of that Party pledges it to the reassessment, and revaluation of property, in this State in order to equalize the burdens of taxation: in what respect it don't state, unless it be to afford employment for some of its henchmen, who can't pass a civil service examination, and render themselves eligible for Federal employment.

GRAND JURY COUNT.

On Monday night last, the Grand Jury in Baltimore city ended its investigation of ballot frauds, and ascertained that nine per cent. of the precincts, where irregularities were found, were in Democratic ballot boxes, while eight and three tenths per cent. were in Republican boxes.

When it is considered that the Democrats had contests in each precinct, while the Republicans had very few, they beat us, as they always do in any game of fraud.

PUBLIC SCHOOLS.

The Democratic party pledges itself to the "ample support, and all possible improvement in the Public School system in Maryland, and to that end to a just and reasonable increase of the salaries of the teachers in our public schools."

This is the character of legislation we need, and the promise should meet with the approval of all who have the welfare of the State at heart.

ORPHANS' COURT.

Miller, Koontz and Biggs, our candidates for Judges of the Orphans' Court, are men of scrupulous honesty, mature judgment and much business experience—the kind of men you want to safeguard the interests of those you leave behind, after you have paid the penalty of your mortality.

The "News" berates Mr. Laird of the "Public Utilities Commission," for making a Democratic speech; but has no words of condemnation for Collect-or Stone, who leaves his office for a month at a time, to attend to the duties of Sergeant-at-arms of the Republican National Convention—a Democratic gnat vexes its palate, but it has a capacious throat for a Republican camel.

If you want to see a State-wide "Political Machine" of the "Plug Ugly" type, turn the State over to the Republicans, with 50,000 negro voters, in whose interest it must be operated.

The "Sun" and the "News" are suffering from "Prestonitis," and the only hope for their recovery, is that the Grand Jury may discover a "serum," that will bring them relief.

The "Sentinel" who is at variance with the "Times," may endanger the entire army.

Democrats should bear in mind that the defeat of Mr. Dehoff, candidate for County Commissioner, will give the Republicans a majority in that important office. See that this does not occur.

THE PEOPLE'S CANDIDATE.

Fourteen Votes For Mr. Gorman in One Family—An Appeal To Disrobe And Vote The Ticket.

To the Editor of The Sun—Sir: Kindly allow me to say one word or two in your column. I am a young progressive Democrat from the Fifth Congressional district, also the Fifth district of old St. Mary's county. I have a dear old father, some 60-odd, who is going to vote for Hon. A. P. Gorman, three brothers and myself (five votes), seven brother-in-law and two nephews. A grand total of 14. Mr. Gorman is going to be elected, because he is the man for the people, with the people and will be elected by the people, and, too, we owe this loyalty to this young man for the great respect we had for his dear father, who is dead and gone, but not forgotten. I therefore appeal to you, one and all, as young progressive and old tried, and true Democrats, to take off your coats, roll up your sleeves and give this honorable young Democrat one of the largest votes a Governor of our dear old State, Maryland, my Maryland, ever gave.

RICHARD H. SOTHERON, Charlotte Hall, Md., Oct. 20.—From "Baltimore Sun."

SAYS TIDE FAVORS GORMAN.

Gorman Convicted That Democratic Nominee Will Win.

"The tide of sentiment in favor of the election of Senator Gorman, on November 7, is most gratifying," said Governor Crothers recently. "Talks with the voters from all parts of the State convince me that his election is most probable. All that is necessary to insure success is a rally of the Democrats and an awakening to the real issues of the campaign."

"I believe they will see the light. Things look very bright for Senator Gorman at present, and I believe the sentiment in his favor is growing from day to day."

Only Two Republicans.

Indianapolis, Oct. 23.—The "perfect" town has at last been found. It is named Ferdinand and it is located in Dubois county, this State.

Ferdinand has— No divorces. No jail. No graft. No justice of the peace. No arrests in many years. No civil suits in the memory of the oldest inhabitant. No tax dodgers. Several years ago two citizens let tax day go by, but it was a mistake. There are only two Republicans in the place, the Postmaster and his son.

What to Eat—Wiley.

What a person must eat to be healthy and happy was answered recently by Dr. Harvey W. Wiley, the Government's food expert, who says it all depends upon the individual. Here is what the Doctor says upon the proper feeding of the nation:

"For the infant there is no better diet than mother's milk. If that is not to be had, pure, wholesome cow's milk will do. The growing child needs a generous diet of fruit, bread and a moderate amount of meat. But all pure stimulants, such as tea, coffee, cocoa and artificial drinks containing caffeine and allied drugs, should be excluded. While the diet for the child should be generous, great care must be taken that it is not excessive."

"For the grown man weighing 150 pounds the diet should be as varied as possible, in order that he may not become satiated with any one kind of food. This does not include bread, meat, butter, eggs and other staples, which can be eaten every day. Fruit is not to be omitted, because it is not only nutritious but very wholesome. The man at hard labor must have starch, sugar and fats for the burning of these furnishes energy for work. For instance, a man who labors with his hands thrives on corn-bread, potatoes and fat meat. For potatoes syrups—good, pure syrups—can be substituted."

"The man with the sedentary position should avoid too much corn-bread, starch, potatoes and fat. "There are persons who thrive on 'fad foods,' but in my opinion the average man is omnivorous and should eat a wholesome mixture of foods."

"If the girls were taught proper methods of cooking eggs and meats they might be spared the necessity of making cakes and puddings. Good cooking and nutrition do much to restrict the evils of divorce, add much to the happiness of individuals and strengthen the power of the nation. They will make happy and efficient lives, lead to contented old age and make death speedy and painless when it does come."—Carroll Record.

THE COAL BUSINESS IS ONE OF THE CHOSEN PROFESSIONS NOW. Time was when the Coal dealer was in the class with the plumber and the tax assessor, and as badly hated. Now he is looked upon as a public benefactor, if he sells good Coal as Smith & Reifelder.
