...Governor Dix of New York has instructed the governors of all the other States, and of the Canadian provinces, to send delegates to a "good roads" convention to be held at Rochester, N. Y., on Nov. 17. Expert road builders will be present from all parts of the country, to tell how to make and care for good roads.

...Dispatches from Tokio say that the Japanese government has been closely watching events in China and believes there will be a long and bitter civil war.

...Ten foreign warships are anchored at Hankow. Two of them belong to the United States, two to Germany, two to Japan and four to Great Britain.

...The Government accountants who have been investigating the Sugar Trust gave that sweet institution a "clean bill of health." They reported that there was a "good roads" trust, that more than 42 per cent of the sugar business is in the hands of the so-called trust, and that the high price of sugar is caused by a European monopoly.

...A mail bag, lost more than 200 years ago, was recently found by workmen who were tearing down an old postoffice at Frankfurt-on-the-Main, Germany. Apparently the bag had been stolen and hidden there by the thieves, who had not opened it. There were 272 letters, which give most interesting information as to the manners and customs of those times. The date is 1585.

...A large majority of the boys who apply for admission to the Military Academy at West Point show "complete unfitness," according to the annual report of Major-General Thos. H. Barry, the superintendent. Of 553 who took the first examination only 170 passed. Of 242 who took the second examination 78 passed. On July 5, 53 young men were nominated, but only 25 of them were found to be qualified.

...To open the way to a ministerial education to young men everywhere, a correspondence school of theology has been formed by a number of prominent ministers of the country. Bishop John G. Murray of the Maryland Episcopal Diocese is one of the members of the advisory council, which includes also several Baptist, Congregational, Methodist, Presbyterian, Reformed, United Brethren and Protestant Episcopal divines of note.

...A new system of coinage is planned for China. A commission appointed by the Emperor Regent has reported that the American decimal system is the best except for the 25-cent piece. If the emperor approves the report the new Chinese money will have coins of the same weight and value as our silver dollars, half dollars, dimes, nickles and cents. Instead of the quarter there will be a 20-cent piece; and because the Chinese need very small change, mills will be coined.

...While President Taft is talking peace on the Pacific slope, his Secretary of the Navy is preparing to make the greatest show of naval force that this country has ever seen. One hundred and two war vessels and auxiliaries will assemble in New York harbor October 30, by order of the Secretary. The total tonnage of these warships is 577,559. This is the Atlantic fleet only. November 2 the Pacific fleet of twenty-four vessels is to assemble near Los Angeles. That fleet has a tonnage of 116,245. This is probably the last time that the American fleets can be assembled and rank as those of the world's second naval power. Germany is increasing her navy faster than we are, and in a few months will advance to second rank, while the United States will drop to third.
