

WONDERFUL FLYING.

Orville Wright Soars Aloft Without A Motor.

Perhaps the most remarkable and significant feat in all the history of aeronautics was accomplished by Orville Wright on October 24, at Kill Devil Hill, N. C. For a long time Mr. Wright has been constructing a glider...

The following enthusiastic comment upon this epoch-making flight is from the Boston Transcript. "Words almost fail us in describing the feat or in pointing out the possibilities which are shown by the performance."

Five Rules for Women Talkers. In the November "Woman's Home Companion" a contributor advises women on talk. Five rules are laid down. 1. Don't tell long stories, or even short ones, unless you have an especial gift for it.

15 DIE IN MINE FLASH. Four Others Taken Out Alive—Mine Was Thought Safe. Vivian W. Va., Nov. 18.—Fifteen men, eight of them Americans and the others foreigners of different nationalities, lost their lives today in an explosion in the mine of the Bottom Creek Coal and Coke Company, near here.

LOCOMOTIVE RUNS AMUCK. Upsets Another, Reverses And Backs Through Wall Into Brook. Lowell, Mass., Nov. 19.—Through a strange freak, which railroad mechanics have not been able to explain, Boston and Maine engine 1339 ran amuck today, wandered out of the roundhouse by itself threw another locomotive from the track and then reversed itself, backed into the roundhouse and right through a brick rear wall, finally landing on its back in a brook.

Bachelor Club Wants to Marry 250 Widows. Santa Monica, Cal., Nov. 19.—The biggest proposal in history has arrived in Santa Monica. It comes from the Bachelors' Association of Oatman, Ariz., a mining camp. Following a report from Santa Monica, that there are 250 marriageable widows there, the Association acted with great promptness.

Wild Locomotive Hits Train; Runs Four Miles. Cumberland, Md., Nov. 19.—As the result of a collision in an unusual runaway on the Somerset and Cambria branch of the Baltimore and Ohio railroad, near Rockwood, Pa., in which a runaway locomotive, with out lights or engineer, after the impact with a coal train was reversed and retraced its course until the power gave out.

Says Railroad Wreck Ruined Her Complexion. Atlanta, Ga., Nov. 19.—Alleging that her complexion has been ruined and that her hair has turned gray as the result of being caught in a railroad wreck, Mrs. Helen D. Rosebloom, a wealthy woman of Chicago, has brought suit in the United States Court here against the Southern Railway for \$30,000 damages.

Out of The Ginger Jar.

The fast man is pretty certain to fall behind. What three vowels express trouble? I. O. U. It will probably never be known what the hand-saw.

There is many a man who isn't worth what it costs him to live. Every dog has his day, and too many of them have their nights also. The blacksmith may be an expert forger without being arrested for it.

What the corn heard with its own ears, the potato saw with its own eyes. Fry men know what is good for them until some wise woman has told them.

The money that a woman spends is never for the bonnet, but always for the fancy things. The milliner puts on it.

The farmer who lost his half-bushel measure was in more than a peck of trouble. The foolish trust to the safety-pin, but the wise see it that the buttons are well sewed on.

It is easier to climb down a tree than to climb up, which explains why the top is never crowded and why there is always room there. We are none of us any better than we ought to be and many of us are a great deal worse.

The farmer has a good many mouths to feed; he is even obliged all through the winter to feed the fodder cutter. Sometimes when a man is pretending to be looking for a wife he is merely hunting for a good cook.

Be aware of such.—From October Farm Journal. Five Rules for Women Talkers. In the November "Woman's Home Companion" a contributor advises women on talk. Five rules are laid down.

1. Don't tell long stories, or even short ones, unless you have an especial gift for it. 2. Remember that talking about yourself is an indulgence, and, as such, should be strictly limited.

3. If another woman tells you of some sensation or experience of her own, don't immediately cap it with one of yours. "Swapping tastes" is of the lowest order of conversation. I have been in circles where the talk consisted in each woman's taking her turn in telling how she thought or felt about some commonplace subject, such as the digestibility of shell fish, or liability to colds.

4. Never lose consciousness of the proportion of the talk you are usurping, and, if you are talking more than your share, be sure that the quality matches the quantity. 5. Discriminate always between talk for your own pleasure and talk for your friends. People constantly tell the stupidest anecdotes because these have become charged with some extraneous charm impossible to transmit.

Have I helped when I could? Have I cheered when I should? Have I given my best? To the tasks of it has taken on a radiance visible only to the narrator. The Test.

Have I kept my heart clean From the base and the mean? Have I kept my head up In the heat of the fray? Have I made a new friend? Then tonight, at the end Contented I am With the work of the day.

I'm richer, you say, Than I was yesterday. For nothing I've done That will add to my pride; I've won no new fame That will cling to my name, But if I've been true I can sleep satisfied. —Detroit Free Press.

Storm And Fire Wipe Out Spanish Village. Madrid, Nov. 19.—A terrific gale has unroofed hundreds of houses and done great damage to property. Eleven were injured here, and Moronzillo, a village nearby, was wiped out by a fire fanned by the gale.

Five hundred houses were burned and 1500 are homeless. THE Superior Drills and the Dairy Maid Separators sold by P. T. Bennett, of Sykesville, are the best now made on the market.

Work That Tells Plenty of It Has Been Done Right Here in Westminster. Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Westminster. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. How can any Westminster suffer longer doubt the evidence?

S. J. Knadler, George St., Westminster, Md., says: "I willingly confirm the public statement I gave in 1907 recommending Doan's Kidney Pills. My kidneys were in bad shape for some time and I was caused annoyance by irregular passage of the kidney secretions. My back also ached and whenever I stooped I could hardly straighten. At night I was restless and arose in the morning feeling tired. I finally obtained Doan's Kidney Pills at Moore's Drug Store and they helped me at once. Continued use benefited me in every way."
