How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach.

J. H. MARTIN, Esq.

"My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a fort, and that his whole body was improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood, and to get rid of the impurities of the blood, I used Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherrybark.

INDIANA FOR WILSON, HE SAYS

I. M. Hallenstein, Former Telegrapher, Looking Old Friends Here.

Mr. Isaac M. Hallenstein, who for many years was connected with the Associated Press in Baltimore and had a national reputation as an expert telegrapher and who now is one of the leading business men of Port Wayne, Ind., stopped at his wife at the Emerson Hotel on July 26.

Mr. Hallenstein has been a resident of Port Wayne for the last 16 years and has taken a leading part in the affairs of the bustling little Indiana town.

In talking of the political situation in Indiana he said that Wilson and Marshall would carry the State by a large majority; that many who had been admirers of Roosevelt had become disgusted with his egotism and declared their intention of voting the Democratic ticket.

Declares The "Bull Moose" Convention Was Pretty Thoroughly Bossed

—He Points to Wilson as the Only Refuge of Disgusted Republicans.

From Baltimore Sun July 27

I attended the Roosevelt convention of July 25, expecting it to be a mass convention, as announced, and "free for all." Instead of which I found it a "cut-and-dried affair" or "few for all," the chosen few being Carrington, Schirm, Rosenbry, and the Chicago Paul, which occurred in the center of the stage, to the exclusion of all others, posing as party leaders and bigwigs, rather than nonentities and small fry.

The voting was confined to the claque on the stage and a few front rows of seats, who watched for a nod from the chairman, National Committeemen and Delegate—Large Carrington or Mr. "Shrimp," the floorwalker. I was creditably informed that these gentlemen selected the Chicago delegates and fixed the slate, later ratified by the convention.

If this is Colonel Roosevelt's idea of the people's rule, good Lord deliver me from such an exhibition. Little wonder, indeed, Republicans of standing look askance at the proceedings when led by such men—noisy novices and dilettantes, coached by a gang of party outcasts long ago relegated to the political scrap heap by the Stone organization. Truly, this is a bad year for Republicans. If Generals Bonaparte and Gaiher expect on their return to lead an army to victory, they had better seek recruits from Coxey's cohorts, or the noble army of hoboes, who are drilled, tried and true, rather than from the mob of organized mercenaries, whose political principles are place or pay; or, better still follow their original intention and vote for Wilson W. E. B.

A correspondent wants to know if it is conformity with the cannons of good taste to eat pie for breakfast? Well, that depends. In the first place if you have the pie, eat it if you want it, and in the second place pie is right three times a day for a politician. Fact is pie is an institution, time honored and universal; and if a man wants pie for breakfast, why, in the name of the golden hue of a sun-kissed pumpkin, isn't pie appropriate for breakfast if it is appropriate for any other meal?—Exchange.

ECHOES FROM TANEYTOWN.

Taneytown Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful at our neighboring towns?" The generous statement of this Taneytown resident leaves no room for doubt on this point.

John T. Bowers, Taneytown, Md., says: "My business requires me to sit in a stooped position most of the time, and I believe that this was the cause of my kidney complaint. There was a constant, dull, dragging pain across my kidneys that caused me much misery. I suffered from rheumatic pains and at times was stiff and lame. The kidney secretions were also irregular in passage and caused me much annoyance and inconvenience. I finally procured a box of Doan's Kidney Pills and they gave me almost immediate relief. The kidneys were soon restored to normal condition and I felt better in every way. I gladly testify to the great merit of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

IN MEMORIAM.

In sad but loving remembrance of George Augustus Utermahlen, son of Harry E. and Kornelia A. Utermahlen, and grandson of Mrs. G. A. Utermahlen, Pleasant Valley, died July 22, 1912, aged 6 years, 10 months and 5 days.

We had a very tender forethought you. He was our joy and pride. We loved him all perhaps too well. For soon he slept to say farewell.

Time was too short to say farewell. To drop he would dry and about a month, then scab which would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest but found no relief.

Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

In loving remembrance of Joanna R. Eckard, who died one year ago, August 3. The loss to us no tongue can tell. And my wounded heart is healed. Little do they know the sorrow that's within my heart concealed.

I often sit and think of you. When I am all alone. For memory is the only friend that grieves as I do now. She will never be forgotten. Never shall her memory fade; Sweetest thoughts shall ever linger 'Round the grave where she is laid.
