DR. J. W. HERING RESIGNS FROM COMMISSION.

A. G. Towers and Judge Leaser Mentioned to Fill Vacancy.

Governor Goldsborough on Wednesday received the resignation of Dr. Joshua W. Hering as a member of the Public Service Commission, which Dr. Hering had mailed to him on Monday from Westminster.

He announced that he would accept it, the acceptance to date from September 15, but that he would take no action toward naming Dr. Hering's successor until his return from Ocean City, where he is spending the summer, at Annapolis next week.

In his letter to the Governor Dr. Hering spoke of the regret he felt at being compelled by the condition of his health to give up his connection with the commission, his work with the commission he said, had been exceedingly pleasant, and his association with the other members of the body had been delightful.

He felt, however, that it might be a long time before he would be able to resume his duties, if at all, and for that reason, in justice to the public service, he felt that it would be better for him to retire.

It had been known for some time that Dr. Hering would resign from the commission, as the condition of his health would not permit him to serve longer. Commissioner Laird, who visited Dr. Hering some time ago, had a long talk with him, and on his return to Baltimore gave out a statement from Dr. Hering in which he announced that unless his health improved materially in a short time he would send in his resignation.

Members of the commission were aware of the sending in of the resignation, but, at Dr. Hering's request, they made no statement concerning it. Dr. Hering having desired that any announcement of the matter should come from the Governor. Both Commissioners Laird and Timanus called on Dr. Hering a few days ago when they came to Westminster to hold a hearing at the court house and found him very weak.

White Governor Goldsborough will take no action toward filling the vacancy on the commission until next week, it is understood that the appointment will go either to Albert G. Towers, of Carroll county, the present Naval Officer for the Port of Baltimore, or Judge Oscar Leaser, of the Appeal Tax Court, of Baltimore. When the term of Commissioner Fendall ended, he having been appointed a member of the commission by Governor Crothers to fill the vacancy caused by the resignation of the present Judge Ambler, Judge Leaser was strongly urged for the place by those who wanted to see a man of Judge Leaser's activity and aggressiveness named on the commission. It is understood that the corporations opposed this appointment with such vigor that Governor Goldsborough thought it better to name a man less objectionable to them and appointed Mayor E. Clay Timanus.

From a political point of view it is said the appointment of Mr. Towers would do more to strengthen Governor Goldsborough than the appointment of Judge Leaser. Mr. Towers being the Republican leader of Carroll county and influential in other counties on the Eastern Shore, and his appointment is confidently predicted.

Because they are Democrats; Because they are followers of Woodrow Wilson, a great President;

Because they are the steadfast supporters of Blair Lee in his approaching battle with a Republican adversary.

Because they favor economy, prudence, and sober judgment in county and in state affairs.

Because they are pledged to honesty, efficiency and impartiality in public office;

Because, like Woodrow Wilson and Blair Lee, they have no boss except their duty to their party and to the people;

Because they cannot be led by the nose by any man and are therefore opposed to any one attempting it.

Col. Austin Gallagher, of Carroll Orchards, industrial commissioner of the Western Maryland Railway, will represent that road on the inspection trip through the Chesapeake and Delaware Canal to be made September 17. It is expected that all of the Maryland Congressmen will be in the party.

Chickens were killed and eggs smashed when a North avenue car in Baltimore, struck the wagon belonging to George Hebbel, 2701 Pennsylvania avenue, yesterday morning. The vehicle was crossing Pulaski street when the car struck it and threw the driver, John Geisner, and the other occupant, Theodore Hoffacker, of Carroll county, to the street. A number of crates of chickens were overturned, killing some of the fowls and several dozen eggs were rendered useless. Neither man was seriously hurt, and Hoffacker, who was bruised, refused to go to a hospital. The damage to the wagon and contents amount to about \$10.

The Manchester and Mechanicsville Base Ball Teams will cross bats on the Westminster diamond on Saturday. This game will be for the championship of Carroll county, as both teams are claiming the championship. Mechanicsville having defeated Manchester at Mechanicsville, and Manchester having defeated Mechanicsville at Manchester, it was decided to play the odd game on neutral grounds and as Westminster is equal distance from both places it was selected. This will be an exciting game from start to finish as the teams are well matched and both play good ball. A large crowd will be present to see this game. Manchester will bring a number of rooters along and Mechanicsville also will be well represented. The people of Westminster are sure to turn out in numbers as this game has excited a great deal of interest in this community.

ADDRESS OF DEMOCRATIC CANDIDATES.

President Wilson's Policies Endorsed. Blair Lee's Selection Commended—The Use of Money in Elections Denounced. Promising Offices for Votes Scored.

FOR WILSON AND LIBERTY.

To the Democratic Voters of Carroll County:

The simultaneous announcement of John B. Baker, James B. George, William W. Shamer, James H. Steele, for the House of Delegates, and Thomas J. Coonan, George S. Motter, Milton D. Norris, for State Central Committee, together with the fact that said announcements were identical, word for word, justifies the conclusion that they were instigated by and emanated from, the same source, and that the object was to intimidate and prevent other Democrats from entering the primaries.

It has the appearance of a bold attempt upon the part of some one to usurp the inalienable right of the party to select its own candidates.

Such an unusual and extraordinary procedure tends to stamp it as a subtle effort to forestall and embarrass the party in the selection of the candidates of its choice. To permit such artifice to succeed, unopposed would relegate us to the condition that prevailed, and the evils that existed in our political affairs, previous to the passage of the primary election law, and against which President Wilson so successfully fought in the State of New Jersey.

To prevent such disastrous results, and to emphasize our uncompromising opposition to such unfair methods, we have become candidates. Our candidacy is a revolt against the assumption that the Democratic party of Carroll County is so servile, so broken in spirit and so bereft of purpose that it can be used to promote the overweening ambition of a few individuals within its ranks to the detriment of the great majority of the party.

We make our appeal for support to the Democratic voters of Carroll county with the firm conviction that they are free, independent, and unpurchasable, and we also submit for their consideration as is their due, the principles upon which we rely for their aid in the ceaseless struggle between the rights of the whole party and the selfish purposes of a few of its members.

DECLARATION OF PRINCIPLES:

We cordially endorse the able and patriotic administration of Woodrow Wilson; and we promise our sincere support of his administration and its beneficent policies.

We congratulate the Democracy of Maryland on the selection, WITHOUT CONTEST, of the Honorable Blair Lee as its candidate for the exalted office of United States Senator; and we pledge him our enthusiastic support against his Republican opponent.

We favor the selection of a chairman of the Democratic State Central Committee who shall best bring about the unification of the party in the approaching battle with a re-viving Republican Organization.

We denounce the use of money in elections and in primary contests.

We repudiate the suggestion that President Woodrow Wilson has surrendered his power of appointment to Federal position into the keeping of any one man; and we reprobate the attempt to secure political support by the promise of postoffices and other Federal places as being within the spirit, if not the letter, of the Corrupt Practices Act.

We earnestly maintain that the Democrats of Carroll County should have a voice in the bestowal of public office within the County, and we indignantly denounce the assumption of this official prerogative by an individual for selfish purposes. "Public office is a public trust."

We believe in the largest possible measure of local self-government; in the adherence to party customs, traditions and discipline; in freedom from factional contention, and in the union of all Democrats to secure, through the Democratic Party, a patriotic, honest, efficient and economical administration of public affairs.

Without any promise to bind the freedom of our judgment; without any friends to serve or any enemies to punish, and without any other aim than to serve our County and State through the well-approved agency of the Democratic Party, we request the support of all Democrats in the primary of September 8, 1913, and we shall be content with their decision.

D. J. HESSON, of Taneytown District; JOHN WESLEY HOFFACKER, of Manchester District; EDWARD O. WEANT, of Westminster District. Candidates for the Democratic State Central Committee.

IVAN H. SAYERS, of Woolery's District; FRANCIS E. SHRINER, of Union Bridge District; MILLARD H. WEER, of Freedom District. Candidates for the House of Delegates.

ARTHUR W. FEESER, of Myers' District; G. FIELDER GILBERT, of Uniontown District; CHARLES JONES, of New Windsor District; FRED D. MILLER, of Westminster District; CALEB W. SELBY, of Mt. Airy District. Candidates as Delegates to the State Convention.
