UNITED PARTY BRINGS BIG DEMOCRATIC VICTORY.

The overwhelming Democratic victory in Carroll county and throughout the State of Maryland on Tuesday demonstrates most forcibly that the Democratic party believes in direct primaries and in the Wilson-Bryan-Lee kind of government. The State candidates, Lee, Harrington and Magruder, and the local candidates, Baker, George, Sayers, Shamer, Myers, Dodrer, Davis and Roop naming them as they appeared on Tuesday's ballot, were able, fit and competent men and deserved the support of the full party vote. It is to be regretted that William W. Shamer was defeated for the House of Delegates.

The leaders of the respective factions in the September primary election contest in the Democratic party in Carroll county came together after the primaries, accepted the result of the primary election as the decision of the party, and made a straight, clean, Democratic contest for the whole ticket and won, as a Democratic party has always won when the party is together. The right of the people to make their own nominations and to participate in direct self-government, is so new a privilege that we have hardly fully realized how wonderfully forward a step we have taken. Democrats have always preached the Rule of the People and Wilson and Bryan have greatly emphasized that doctrine. In Maryland, Blair Lee has fought for direct primaries, and the overwhelming majority given him on Tuesday for United States Senator proves that the people of this State appreciate his work.

Privately and publicly our Republican opponents have opposed direct nominations and they practiced what they preached in Carroll county by making their nominations this year, not in the primaries, but instead, a small self-appointed set of men got together in Westminster and selected the nominees of the party. It has been clearly shown by the result of the election on Tuesday, that a more direct government is to prevail both locally and Nationally. Our good, Republican brothers must open the "Door-of-Opportunity" to all Republicans, white, black and mulatto, that the nominees of their party may be selected by the voters themselves. If the majority of the voters of the Republican party want a colored man on the ticket in Carroll county, the party should accept him. The Democratic party has never made any profession of political friendship for the negro and the Republican party in Carroll county has never practiced any such profession—the Republican party has only needed the negro vote on election day. Open the door to your colored brother, our Republican friends who have preached and prayed of your offer of equal opportunity, and let the colored man come into your party councils and into your primaries. The only possible opportunity you have in Carroll county to elect a Republican to any office comes from the negro vote—you accept that and close to him the door of opportunity. The truth is,—it is the Democratic party that has put into operation the Rule of the People and the Republican party is today what it has always been,—the Party of Special Privilege.

To the new State Central Committee, Messrs. Daniel J. Hesson, Thomas J. Coonan and J. Wesley Hoffacker and to the new County Central Committees for the respective districts of the county, we offer our hearty and sincere congratulations. A fine body of representative men of the county, empowered with the administration of party government by your election at the Primary Election in September last, you have proven faithful to your trust and are entitled to the sincere thanks not only of the candidates-elect but of all Democratic voters in your respective districts and throughout the whole county. The State and County Central Committees work without pay and, when such loyal party service is rendered, it is only fitting and proper that the praise should go to the men, who, in so large part, did the party work. It would be unfair to choose any particular man to praise above his fellows for, in so overwhelming a victory, there is "Glory enough for all."

The Democratic Advocate is the only Democratic newspaper in Carroll county and rejoices with the party and with all good citizens in the return of the Democratic party into its own throughout this county and State as well as in the Nation.

FACTS TENDING TO SHOW HOW THE NEW TARIFF WILL REDUCE THE HIGH COST OF LIVING.

Thirty carloads of fresh dressed meats, aggregating 1,500,000 pounds, reached Chicago last Saturday, as the first importation of fresh meat under the new tariff law admitting meat free into the United States. The shipment was from Canada, and the prices ranged from 6 3/4 to 8 cents a pound. This is less than the Chicago packers usually pay for beef on the hoof shipped in from the farms and raages, and they do not have to go to the expense of killing and dressing.

GOODBYE MR. ANDERSON!

W. H. Anderson, superintendent of the Anti-Saloon League, received rebuffs throughout the state and in Baltimore. Only in those counties in which there is an overwhelming sentiment against liquor licenses for economical and other reasons was an impression made at the election by Mr. Anderson. In Baltimore, Lloyd Wilkinson, James H. Dawson, James McC. Trippe, William Purnell Hall and other Democratic candidates on whose heads he poured the vials of his wrath, and who retaliated with all their might and main, were elected by substantial majorities.

After The Battle.

Wasn't it a glorious victory?

Yelzer took Roop's survey for 474.

The weather on Election Day was Democratic.

Dr. Baughman will round up his herd of Bull Moose for 1914.

Mr. Townshend is wearing a smile. It must be for something.

Kephart was a nice fellow, but Dodrer was 435 times nicer.

Tuesday's election returns show that Wm. H. Anderson is a dead one.

The Republicans did not elect a candidate in Baltimore City. That's going some!

Myers by 436 and Dodrer by 442 looks as if old Carroll is coming back with a vengeance to the Democrats.

Uncle Jimmie Stoner did run well in Westminster district. But he got a bad get-away in several others.

It is said that Kemper expected to run 100 ahead of his ticket in Westminster district. Some one lied to him.

The Progressives fell far behind last fall's poll, but they won't lay down, but will come back next year again.

The suffragettes were at the polls on Tuesday. But not to vote, only to hand out some printed articles about their cause.

Republicans and Progressives are handing Bill Anderson everything but flowers. They blame Billy for their poor showing.

Oh yes, Mr. Gilbert can bring in the votes to the polls. He husked about half of a shock of corn before he moved one.

There will be another election in 1914. The Republicans expect to be in it, even though they were "not in it" on Tuesday.

The dope published in the Baltimore daily papers by Wm. H. Anderson, the anti-saloon leader, carried Maryland for Hon. Blair Lee.

In an argument on the street a Democrat said Myers was elected by 429. A Republican spoke up and said "That ain't so many." Dying hard!

By the way, some of you mean Democrats forgot to look at Mr. Kemper's card on election day. You looked at Mr. Myers' card instead.

The Sentinel and Times made a game fight for Kemper, but the voters had heard the same dope before and voted for Myers, the man of the hour.

Mr. Kemper was sheriff for two years, but to be County Commissioner six years was most too steady for him. He will continue to stand wood.

The Republicans thought they had a Moses in Kemper when they put him on the ticket for County Commissioner. But he wasn't. He was the same old Benny.

Judge Brown said Benjamin Kemper would carry Carroll by 200. Theodore ought to take another guess and then predict the weather for the Frederick Almanac.

That little article signed "Tax-payer" which appeared in the Times and Sentinel and was well circulated throughout the county, made voters for Myers. People didn't think much of it.

Frank M. Stevens, of Creagerstown, Md., was elected a County Commissioner of Frederick county. Mr. Stevens was a former resident of this city, while here he was in the butcher business.

There are a few citizens in our town who are much wiser since the election, but their pocketbooks are much leaner. If they are as successful on picking the winning pony as they are on placing election bets they certainly must be out and out failures.

Thousands of circulars sent out by Wm. H. Anderson against Hon. Blair Lee were held up in the Baltimore and Washington Postoffices for lack of postage. It wouldn't have made much difference if it had gone through the mails. It was such "light material."

R. A. Swaringen, Liberty street, who loves Bill Anderson and his local option dope, wrote a letter to Blair Lee, stating that thousands of Democrats would cut him. What a disappointment to Mr. Swaringen it must have been on Wednesday morning. To think of it 42,000 majority for Lee.
