Teachers' Meeting.

Instead of the regular meeting of the teachers at the close of the spring term of school the county superintendent has arranged to hold separate meetings of the teachers in each election district of the county.

In each of these meetings the forenoon will be devoted to the discussion of various topics relating to school management presented in a book on pedagogy, a copy of which was placed in the hands of each teacher at the beginning of the school year. In the afternoon plans and methods of presenting the different subjects of the course of study in the classroom will be taken up and discussed by the teachers.

It is hoped that by having the teachers assemble in smaller groups greater freedom of discussion can be secured, and greater opportunity be given for the expression of their own opinion than would be possible if all the teachers of the county were assembled in one large body.

The following places and dates have been selected for the meetings: District 1, at Taneytown, April 15; district 2, at Frisellburg, April 20; district 3, at Union Mills, April 1; district 4, at Bethel, April 3; districts 5 and 14, at Freedom, April 2; district 6, at Manchester, April 14; district 7, at Westminster, April 9; district 8, at Hampstead, April 8; districts 9 and 11, at Retreat, April 20; districts 12 and 13, at Union Bridge, April 6; district 13, at Mt. Airy, April 21.

The patrons, pupils and teacher of Eastview school were very much gratified to find that the school registered so high in the number test recently given by our School Superintendent, to the county public schools, as we saw by the last week's issue that Eastview school came first among the single schools in the county. TERRIBLE ACCIDENT

FROZEN WATERBACK IN KITCHEN RANGE

BURSTS—MRS. SAMUEL MOLES-WORTH KILLED—OTHERS INJURED.

While standing around the cook-stove watching the progress of the morning meal, Mrs. Samuel Molesworth, residing near Mt. Airy, was fatally injured, when the water-back exploded hurling pieces of the range against her head. With Mrs. Molesworth at the time were her daughter-in-law, Mrs. James Molesworth, and Miss Watkins, both of whom were injured, but not seriously.

The accident happened at 7 o'clock Monday morning. Breakfast was being prepared and the fire had been made in the range. During the night the fire had died out and the water back froze. The fire caused the expansion of the pipes and without a warning, the explosion followed, the women standing about the stove unable to make for a place of safety.

Flying pieces of the iron from the stove struck Mrs. Samuel Molesworth in the head. The top of her skull was blown off and with it went a considerable portion of the brain. She was hurled the distance of three feet, Miss Watkins and Mrs. James Molesworth were struck by flying parts and both were slightly injured. Miss Watkins was burned about her arms and was considerably shocked. She was thrown a distance of about ten feet.

The explosion immediately attracted the men of the house. They hurriedly summoned Dr. D. L. Chaney, of Mt. Airy, who arrived in a short time and did everything possible to relieve the sufferings of the injured. It was impossible to find part of Mrs. Molesworth's skull, so great was the explosion.

The kitchen was wrecked. Windows and doors were blown out and everything in the room was thrown into a chaotic state.

Mrs. Molesworth is aged about 55 years. She died at 1.10 p. m., the same day. Her husband and one son survive.

SILVER RUN.

There was another sleighing party from this place to the home of Mr. and Mrs. Irvin Kindig, near Littlestown, Pa., Thursday evening, February 26. The evening was spent in social conversation and different refreshments were served consisting of cakes, ice cream, oranges, &c. Those present from Silver Run were: Mr. Howard Bowman, who took them in a four-horse sled; Misses—Alice Yingling, Mary Frock, Lillie Mace, Mabel Albert, Edna Morelock, Cora Dutterer, Catherine Peeser, Alice Lippy, Messrs.—Harry Peeser, Walter Warehime, Robert Mathias, Roy Kindig, George Geiselman, Chester Leese, from Gettysburg; Misses Mary Banker, Marguerite Eckert and Mr. Amide Eckert, from Union Mills; Misses Anna and Esther Hartman, Elsie Smith, Gertrude Keefeaver, of near Gettysburg.

Well the 1st of March came in like a lion in the midst of the worst blizzard of the winter, which shut up some of the roads for the fourth time. We hope that the winter will soon be over and that the month will go out like a lamb.

We have had good sleighing for three weeks and some are still at it, although the ground is bare at some places.

Public sales are on now and are well attended. Things bring good prices. At a sale of harnesses, Lippy on Tuesday a pair of young mules brought \$402; horses do not sell so well.

Do not forget to attend the chicken soup supper at the hall in this place, to be held by the Silver Run Grange, on Thursday and Saturday evenings, March 12 and 14. Everybody is invited.

PLEASANT VALLEY.

One of the worst snow storms we have experienced for years started on Sunday and continued all day Monday, with intense cold weather and snow drifting into every crack and crevice. It was accompanied by our hucksters who gather produce on Monday and they decided to wait for better weather. They succeeded on Tuesday in gathering the remainder of their produce, and if nothing prevents will be in Baltimore on regular time.

Mr. William Starnor, our mail carrier, was somewhat late on Monday, but withstood the storm which we hardly think was fit for a man to brave.

Our public school was closed on Monday, owing to the severe storm and drifted roads, as it was almost impossible for teachers as well as scholars to get here.

The teachers and scholars of Pleasant Valley school were agreeably surprised last Friday afternoon when Mr. C. C. Livingston and Miss Mabel Albert, accompanied by their pupils came here on a visit. They spent the afternoon in singing, coasting and spelling. They also visited Good Hope School on their way here. The merry trip was made through the kindness of Mr. Alvin Drotow, who brought them in his four-horse sled.

IS HUNTING A WIFE

WESTMINSTER YOUTH ASKS HELP OF THE FREDERICK POSTMASTER.

The Frederick News prints a letter which was received by Postmaster Birely, of Frederick, from a lonely Westminster youth who wants some help in landing a bride. The letter reads as follows:

"Mr. Postmaster: I am going to make an unusual request of you. I have been hearing of the matrimonial exploits some of those fellows up there are having and have determined to enter the race myself."

The writer then asks that his desires be made known to the public through the newspaper. The letter has the postmark of Westminster upon it. The writer states that he was once in Frederick and was very favorably impressed with the young ladies of Frederick, and he terms them "the most beautiful and stylish young ladies I ever saw and I have traveled a great deal. I desire to communicate with any young lady, from 18 to 25 years of age, of good character, good looking, refined, good cook. Don't ask her to be rich. Character is greater than riches."

"Here is my description: I am a young man of 23 years, tall, athletic, light brown hair, blue eyes and six foot in height, weigh 160 pounds. I have no bad habits, don't use alcohol or tobacco. Have a good education, am called good looking, am jolly and a jolly good fellow. I am not rich but am handy at most anything. Was born and raised in the country, have lived in the city also, so I am at home either place. Will communicate with any young lady who answers me. Thanking you with every courtesy, I remain sincerely yours."

LOCAL OPTION FOR CARROLL

Senator Snader Would Provide For Vote on Liquor Every Two Years.

Local option for Carroll county is provided in a bill which was introduced yesterday morning by Senator Snader. The measure states that an election on the liquor question may be ordered every two years on a petition signed by 25 per cent of the registered voters of the county.

Carroll county is now one of the "wettest" counties in the State. Should Senator Snader's bill go through the citizens thereof will have the right to vote on the question as to whether or not it shall continue "wet" at next fall's election, provided enough voters attach their signatures to a petition asking for the submission of the question to the people.

Not wishing to take any unfair advantage of anyone, Mr. Snader provides for the resubmission of the question every two years on a proper petition. This in the event the county should go "dry," will give the "wets" a chance to try to reverse the decision two years from now. In other words, his measure provides for an election on the liquor question every two years if 25 per cent of either the "wet" or "dry" voters so desire.
