

The Democratic Advocate

WESTMINSTER, MD.

FRIDAY AFTERNOON, FEB. 26, 1915

WILSON TO THE INDEPENDENTS.

Mr. Wilson is the smartest campaign speaker the country has listened to since Abraham Lincoln. We defy any man to read his Indianapolis speech without recognizing in the President one of the shrewdest and most forceful political leaders this country has ever known.

Rather the most important of his address in Indianapolis was his statement that it is the independent voters who hold the balance of power. Neither great party has enough of the old hide-bound, dyed-in-the-wool, thick-and-thin partisan followers to give it a chance of carrying the country.

In the sense in which the phrase is commonly used there is no such thing as a scientific tariff, but so far as a phrase has any practicable meaning, the Underwood tariff comes within the classification, and no Republican tariff since the civil war does.

But the steam is forming all the time in the national boiler, and the Democratic party has applied this power to useful ends. The Republicans aimed only at suppressing it—Philadelphia Record.

STICK TO THE FARM.

No better advice ever was given; no greater slogan ever was coined; Horace Greeley's advice, "Go West, young men, go west!" is not a parallel. The sooner the rising generation in rural communities realize this fact the better they will be off and the better for the community.

The trouble today is that the young men are lured to the cities with the promise of great salaries, perhaps a thousand or two thousand a year. This, at first glance, seems to be "easy money," yet when expenses are taken out, with the temptations to spend money at every hand, they barely eke out an existence.

THE SPLIT LOG DRAG.

The split log drag has contributed more toward the economic maintenance of public highways than any implement of modern usage. It does

not require special acts of the legislature, bond issues nor expensive educational campaigns to make it available as usually precedes construction work. A drag can be built or purchased for twenty dollars and is easily operated by any one who can drive a team. We need more drags in this state.

NOW IS THE TIME TO SWAT THE FLY

Uncle Sam is waging a relentless war on the deadly house-fly and in a late bulletin prepared by the Department of Agriculture, valuable information is given on the best means of combating this deadly pest. The most effective way of exterminating the fly, according to the bulletin, is to eradicate his breeding places.

ROBBING AMERICA TO FEED EUROPE.

There are numerous suggestions forthcoming as to how the people of the United States can get along without bread or without so much bread as they are accustomed to use. All sorts of substitutes for wheat loaves are proposed, while some of our enterprising economists have declared that hardship in the matter of food will be a good thing for the country, for it will teach economy.

These things are interesting, of course, but they are not particularly satisfying to the poor man, who only knows that the wheat crop was a bumper one and he is required to pay more instead of less for his bread as a result. Then enter that old scapegoat, supply-and-demand. But the demand has been artificially created by wasteful and destructive tactics abroad; and so our own supply must be artificially conserved by heroic action. The dilemma is man-made and it must be man-solved.

GAMBER.

Mr. George B. Knox, of Jordan's Retreat farm, sold to Wheeler Bros., of Reisterstown, 12 tons of fine clover hay.

Mr. George A. Barnes, of Dundee farm, sold to H. F. Cover, of Westminster, 6 fat steers, gross weight 4750.

The spring-like weather the last few days, has given the farmers an opportunity to begin their spring plowing.

Mrs. Frederick Zentz celebrated the 51st anniversary of her birth on Sunday at her home, at Wilderson's Heights. Guests were present from Baltimore, Gamber and Dundee farm. Those who attended were Wm. Zentz, George A. Barnes, Miss Martha A. Zentz, Master Fuller Griffie Zentz.

Mr. Jarrett Shauck will enter the employ of Mr. George N. Hunter, of Westminster, March 1.

Mr. Elmer Schaefer, of near Klee's Mill, has accepted a position as extra driver of the new bus line.

Miss Mabel Shipley spent Saturday and Sunday with her girl friends, Misses Carrie Buckingham and Virgie Davis.

Mr. John Schaffer, of near Klee's Mill, lost a valuable horse.

Mr. and Mrs. George Schwartz and son, have moved near Catonsville.

Mr. and Mrs. Levi Gamber and daughters, Velma and Beryl, were Sunday and Monday guests of Mr. Gamber's parents, Mr. and Mrs. Mancha, of Carrollton.

Mr. William Williams, of Baltimore, joined his wife over Sunday at the home of her father, Mr. Lewis Shipley.

Miss Viola Zepf, of Hampstead, is visiting Mrs. Buchanan Ford, of Dundee Road.

UNION MILLS.

Miss Emma L. Burgoon, a trained nurse, returned home from the Hahnemann General Hospital, Baltimore, on Tuesday last. She had been specializing Mrs. Claud Kooztz, who was operated on at that institution for appendicitis. Mrs. Kooztz is as well as can be expected, and hopes to be home by Sunday next.

Mr. Guy Haines, District President, attended the 20th anniversary of Camp No. 7, P. O. S. of A., Pleasant Valley, on Saturday night.

Mr. Ralph Marquet spent a few days with his sister in Hanover, Pa. Mr. and Mrs. Arthur Master spent a few days in Harney this week.

We are glad to note that Mrs. Geo. Baumgardner, who is still at the hospital, is getting along nicely.

Mr. Guy Haines, District President, attended the 20th anniversary of Camp No. 7, P. O. S. of A., Pleasant Valley, on Saturday night.

U. S. TO SAVE SHIPS.

ASKS GERMANY TO STOP RAIDS—TWO AMERICAN BOATS SUNK—ALLIED FLEET FORCE GATE TO DARDANELLES

Proposals by the United States directed toward ending submarine warfare against merchant shipping are being considered by the Governments of Great Britain and Germany. These proposals include an offer by the United States to supervise the distribution of foodstuffs to the civil population of Germany, provided Great Britain will permit foodstuffs in neutral ships to reach German ports and Germany will agree to abandon her attacks upon shipping.

Two American vessels struck mines and were sunk. It is officially announced at London that all the forts at the entrance of the Dardanelles have been destroyed by the allied fleet.

Two more British vessels have been destroyed by mines or torpedoes. The small steamer Deptford was sunk in the North Sea off Scarborough, England, and the Western Coast, a small coasting steamer, was sunk in the English Channel, off Beachy Head.

Russians are reported to have invaded Bukovina again and to have occupied Sadagora, four miles north of Czernowitz. The United States Government's war risk bureau has declared all ports in the British Isles "special ports," requiring special rates of insurance, and reserves the right to refuse insurance to these ports.

Communicated.

The report, no High School for Mt. Airy, causes great surprise to the citizens of the place and surrounding community, as it was reported in the paper a few days ago that there had been an appropriation made for that purpose by the County Commissioners of Carroll County, with the understanding that the citizens were to furnish the ground and the county was to put up the building.

It is a sad thing for the parents of the children of Mt. Airy and surrounding community to know that their children have to be brought up under such conditions, when it is at a period that the character of the child is made or ruined. We feel as citizens if there is not something done for the betterment of conditions that it would be better to close the doors of the school than to let things go on as they have been going.

We hope that the report that we are not true, and that the citizens of the town, who have children will get busy and interested enough to take the matter up and not allow men, who have no children to go to school or who are sending their children away to some other schools or a man who is receiving an enormous rental for a room for high school purpose, to be sent to Westminster to promote their interest. Such men we feel cannot or will not interest themselves enough in other people's children to present the claims for a high school as they should be presented.

So we fully hope the trustees of the school and the citizens of the town and community may get their eyes open and be up and doing in order that we may be able to have a high school in Mt. Airy on or before September 1st, 1915, that will be a credit to the town and community, that the citizens may be proud of, that the School Board and County Commissioners of Carroll County may feel that they have done something they will not regret and that it may be a monument for good for both town and county.

A CITIZEN.

LOTS.

IN MEMORIAM.

In sad but loving remembrance of our dear daughter, Margaret Cordelia Fleming, who died February 16th, 1915, aged 10 years, 5 months and 24 days.

When we saw our little darling, Whom we cherished with such care, Slowly fading from our presence, Can we help but shed a tear.

Death little warning give us, But quickly called her to her rest; How we watch to see her coming, How we wait to hear her call.

There was an angel band in heaven, Which was not quite complete, And God took our little Margaret To fill that vacant seat.

How I miss you dear Margaret, Since on earth you passed away; And my heart is aching sorely As I think of you each day.

In sad but loving remembrance of my dear husband, who departed this life two months ago, February 22.

The Golden Gates were open, And a gentle voice said come; Then I prayed to God in Heaven, His will not mine be done.

Ever more beside the Master, Days of pain for him are passed; Entered through the gates the city Reached the promised goal at last.

BY HIS BELOVED WIFE, SUSIE E. GUMMEL.
