FRIDAY AFTERNOON, MAR. 26, 1915

CARROLL COUNTY AND THE DEMOCRATIC NOMINATION FOR GOVERNOR.

The Democrats of Carroll county, with practical unanimity, backed by a large number of responsible citizens who are not allied with the Democratic party, are presenting to the people of Maryland as a worthy and highly available candidate for Governor, former State Senator Beasman. In taking this action they are encouraged and backed by leading citizens and party men in other sections, including some of the ablest and most influential politicians, officials and business men of Baltimore city and Western Maryland. They have also received not a little assurance of support from representative men in Southern Maryland and the Eastern Shore.

During the past few weeks, Mr. Beasman and his friends have been greatly encouraged by profers of support from all sections, and in many cases these profers have come from unexpected sources. Regular organization Democrats, have been especially encouraging, realizing as they do, that the coming campaign is one which means life or death to the old, time-honored Democratic organization, which has kept the party in power in Maryland a large portion of the time for the half century since the civil war. The fight this year is largely one for the very life of the organization against the forces of disorganization, which are combining for a last desperate effort to secure control of party affairs, and trench themselves in the State government—an effort which if it should prove successful, would jeopardize, and probably destroy for a time, the party which has done so much to maintain the supremacy of the intelligent, white people of the State, over the forces which depend on the voting power of the great horde of black, non-tax paying people, whose citizenship was forced on Maryland, against the wishes of the intelligent property holders, as a result of the civil war.

Mr. Beasman is recognized everywhere as a Democrat of the old school—as an organization Democrat—as a citizen of high character and ability, and as a public servant whose record will be a certain guarantee that Maryland under his guidance will have a safe, economical, honest and thoroughly democratic administration, and that Democrats will rule the State and administer its public affairs. This cause is gaining strength from day to day, and the outlook is especially bright for his nomination, and election.

Daniel M. Murray, referee, conducted the hearing. From the complexion of the statement from their books is as follows: Cost of plant \$70,000, average stock in trade \$20,000, lost on metal at the time war begun \$6,000, and discount on bills of lading to the Commercial Credit Company \$6,000, making a total of \$102,000. IN MEMORIAM.

In sad but loving remembrance of my dear husband, Frank H. Willet, who died on your ago, March 22, 1914.

Husband, I am so sad and lonely Since you have gone from me. And it seems there will be pleasure In this dreary world for me.

And I often sit and wonder At what you'd think or say If you only knew the changes That have happened since that day.

My loved one, my own and I Shall have so much to see together by and by; I do believe that God will give A sweet surprise to tear-stained, saddened eyes.

I do believe that just the same sweet face, But glorified, is waiting in the place, Where he and I shall meet if only I Am counted worthy in that and by.

By HIS LOVING WIFE, ELLA M. WILLET.

In loving remembrance of our dear mother who died one year ago to-day March 23, 1914.

Oh, the memory of that morning, As the flies on I miss her more, Seeing my mamma I loved so dearly, Pierced by death's most cruel dart.

And oft I sit and wonder, At what she would think or say; If she was to know my trouble I have had since she passed away.

By HER SON, HORACE BUSH.

One year has passed, my heart still sore, As the flies on I miss her more, God called her home it was his will, But in my heart I love her still.

By HER DAUGHTER, MRS. E. L. CRAWFORD.
