COMPANY H CAMP AT HAGERSTOWN.

A \$4,000 FIRE LOSS.

THE ICE CREAM FACTORY, BOTTLING WORKS, BARN, BARRACK, ICE HOUSE, &C., OF J. DAVID CROWL WERE DESTROYED—SMALL INSURANCE.

One of the most destructive fires experienced in this city for years took place Monday about 12.15 p. m., when the buildings of J. David Crowl, manufacturer of ice cream and soft drinks, were burned. The loss will amount to \$4,000, with an insurance of \$525 on the barn, farming implements and one hog pen. Mr. Crowl was of the opinion that his insurance had expired, but James E. Smith, insurance agent, finds that one policy had not.

It is supposed that the fire was started by a spark from the boiler which had been fired up to be used in the afternoon. The fire was discovered in a rick of unthreshed wheat in the rear of the boiler room, and had gained such a headway that the only thing to do was to save the contents of the buildings. The fire company responded to the alarm and did everything possible to check the blaze, but on account of the fire plug being such a distance away and the long line of hose, the pressure of the water was not strong enough to be of much use to the fire, as every building was a mass of flames.

The buildings destroyed are the ice cream factory, bottling works, boiler, steam and gasoline engines, two large hog houses, two stables, two wagon sheds, large barn, chicken house and two hog pens. Three ricks of hay and wheat were also consumed. The barrack contained about 15 tons of this year's hay crop.

Two hundred cases of bottled soft drinks and 30 gallons of extracts and about 2000 empty bottles were destroyed. All of the machinery and the bottling works and ice cream factory was damaged. Some harness was consumed also.

Mr. Crowl keeps a considerable head of stock, but all was taken out with safety, except one hog which was considerably scorched. The house which was within ten feet of the fire was saved by a bucket brigade.

Mr. Crowl will rebuild at once and each building will be made as comfortable and convenient as possible for his business.

The fire will in no way interfere with Mr. Crowl's soft drink business. Twenty-four hours after the fire he had both plants going and is ready to supply any order, big or little, as usual.

Mr. Crowl extends thanks to all persons and especially the fire department, for the aid they so kindly contributed during the fire.

The most interesting business of the present session will be to select a place for the meeting of the next General Conference which meets in May, 1916. The only place being mentioned was Zanesville, Ohio, but the committee has not decided whether it will meet there. Rev. Lyman E. Davis, D. D., is the president of the General Conference and presided over the sessions as chairman.

The meetings were held in Baker Chapel, at Western Maryland College.

RECEIVERS FOR THE GRANGERS' INSURANCE COMPANY

Incorporated December 1, 1906—Is Composed of Farmers of Five Counties—Had 924 Policy Holders.

The 15th inst., Judge Brashears signed a decree appointing Francis Neal Parke and Charles O. Clemson, attorneys of the Westminster Bar, receivers of the Grangers' Mutual Fire and Storm Insurance Company of Carroll County, Maryland, and fixed their bond for the sum of \$10,000.00 corporate surety, \$20,000.00 personal. This is a mutual company composed of farmers of Carroll, Frederick, Baltimore, Montgomery and Howard counties mostly.

The company was incorporated December 1, 1906, was "without capital stock, formed for the purpose of insuring, upon the mutual or assessment plan, the property of the members of said corporation against loss and damage by storm." April 8, 1908, by Act of the Legislature the charter was amended by permitting said corporation to take what is known as "mutual premiums" as defined by the said Act of the Legislature in the place and stead of the usual premium notes. The company was not authorized to do business until it had mutual premiums, aggregating One Hundred Thousand Dollars (\$100,000.00). Numerous losses occurred on account of storms and to pay same on assessment was levied against each policy holder November 29, 1911. This was not sufficient, however, to pay the whole of the losses so incurred and the mutual premium assessments were not collected in full, nearly \$12,000.00 being outstanding and unpaid alone. During the years 1912, 1913 and 1914 the losses due and unpaid totaled \$18,044.25 not including Court costs and accrued interest. The losses for the year 1913 alone amounting to \$10,791.50.

The principal asset of the Company is money due and unpaid for assessments levied in the years 1912 and 1913 and totals \$12,886.49. During the year 1914 only \$940.68 was paid out on pending claims. The judgments obtained against the Company total upwards of \$5,000.00 to \$8,000.00. Messrs. Parke and Clemson, who have recently been appointed receivers, have been actively interested in the investigation of the affairs of this Company for a long time and, acting in behalf of their clients, brought to the attention of the State Insurance Commissioner, William Mason Shehan, who ordered an examination made into the Company's affairs, which examination was completed before December 1, 1914, by H. A. Joyce, Jr., Chief Examiner and assistants.

Five assessments have been levied the first one for four per cent November 29, 1911, the second of ten per cent, October 21, 1912, and the third of ten per cent, October 20, 1913, and an assessment of four per cent was levied to cover possible loss from hail and wind storm, occurring in June and July, 1914. These assessments were collected in full.

On November 9, 1914, the date of the beginning of the examination by the State Insurance Commissioner's office, there were 924 policies and \$1,189,100 of insurance in force and annual premium basis of all policies in force amounting to \$97,130.01 of this amount \$14,419.00 of insurance and mutual premiums of \$1,949.04 was on fire policies. The officers of the company at the time the receivers were appointed were mostly the same as those who organized the Company and the management of its affairs have been conducted by them.

In the decree appointing Messrs. Parke and Clemson, Receivers of the Storm Insurance Company the Court, also annulled and vacated the charter of the Grangers' Mutual Fire and Storm Insurance Company and all of its corporate powers and franchises immediately ceased and henceforth are void and all of the estate and assets of every kind belonging to said corporation were vested in said receivers, who were also appointed trustees for the benefit of creditors and policy holders of said corporation and directed to proceed to wind up its affairs under the direction of the Circuit Court for Carroll County and were given all necessary powers for that purpose. As soon as possible the receivers will make an estimate of the losses and an assessment will be made on the policy holders, to provide the money to pay same.

BOY SCOUTS IN CAMP.

HAVE FINE LOCATION NEAR BUCKEYS-TOWN, ON MONOCACY RIVER—BREAK CAMP TOMORROW.

The Boy Scouts under the supervision of Scout Master Forelines, who left this city Friday morning for Buckeystown, are now having the time of their lives in camp life. The camp is located on a site on the Monocacy River, at the bridge on the road leading from Buckeystown.

There are four tents placed in a line so as to form a street and are fitted up as comfortably as possible for sleeping quarters for the 33 members.

A large tent, with a table about 16 feet or more in length under it, is where the meals are served. The chef is Maurice Dick, better known as "Whistling Rufus." "He is some cook," is what the boys say.

On Saturday evening the boys strolled over to Buckeystown to pay the citizens a visit, but one eagle eye scout planted his lookers on an ice cream sign and the town folks were forgotten. They all scampered for the ice cream parlor and filled themselves with ice cream. Of course, the ice cream was all to the traders who had assembled, and were pleased above expression with the rag-time singing. After the boys trying their vocabularies for some time they became exhausted and wanted to let up, but the audience wouldn't stand for that and kept applauding until they gave a few more selections, afterward returning to camp.

A number of girls are camped a short distance up the stream from the scouts and that is another magnet that draws the boys. We heard Sunday that a number of the scouts were entertained at dinner by the girls, and the menu being so tempting and the girls so sociable, that some boys at camp became uneasy as to their welfare on being so long absent.

All of the scouts attended church on Sunday morning in Buckeystown and heard Rev. Forelines preach. At noon a number of visitors from the city called upon the boys to spend the afternoon and were entertained by the scouts.

It seems to us that Scout Master Forelines has his hands full in keeping the boys under the scout rules. They will break camp tomorrow.

The visitors on Sunday were Mr. and Mrs. Ezra Steen and family, Mr. and Mrs. William N. Keefe and son, Francis, Mr. and Mrs. William E. Grumbine, Mrs. Price Goodwin, Mr. and Mrs. Charles Royer, Mr. and Mrs. Rainey and son, Mr. and Mrs. E. O. Duffield, Mr. H. D. Fowle and daughter, Miss Helen, Mr. Edward Fowlis, several citizens from Buckeystown and a number of orphan boys from Buckingham's School.

BIG WIND STORM

Furious Around Mt. Airy—Roofs Ripped From Buildings And Cattle Killed.

A widorm of cyclonic proportions swept New Market, Ijamsville, Ridgeville, Plane No. 4, Mt. Airy and that vicinity Friday afternoon, leaving in its path damage amounting to thousands of dollars. The storm was particularly severe at Mount Airy. Trees were uprooted, buildings unroofed, telephone and telegraph lines were torn down and crops seriously damaged. Some hail accompanied the wind and at places rain fell in torrents. The storm covered a strip about a mile wide and 20 miles long. Vivid flashes of lightning added to the storm's terror.

Five head of cattle belonging to William H. Ridgely were struck in a field two miles north of Mount Airy and killed.

Wildwood Park, near Mt. Airy, a favorite picnic grove, presents a sorry sight, following the frightful blow. Thirty fine trees were uprooted and hurled about as if mere striplings, while branches were blown from many others. Two companies of cavalrymen, Troops I and L of the Fifth Cavalry, who were on their way from Fort Myer to Mt. Gettysburg, Pa., were caught in the storm. They had pitched tents at the edge of Mt. Airy to spend the night. The wind played havoc with their camp, the majority of the tents being blown over and considerable minor damage done. John Condon's grocery at Mt. Airy was unroofed, while a part of the roof of Rudy's drug store was torn off. Many trees and poles in Mt. Airy and also Ridgeville were blown over.

From New Market east the damage to the telephone and telegraph lines was terrific, it being the worst this section has ever suffered. Hundreds of telephones were knocked out of commission, while telegraphic communication east of Frederick is badly crippled. Lightning struck a number of telephone and telegraph poles at New Market, hurling them across the road leading south to the Ijamsville station.

MAN THROWN UNDER HORSE AND KILLED

J. W. WEISHAAR, MT. AIRY, VICTIM OF UNUSUAL ACCIDENT.

Thrown beneath the horse he was either leading or driving at the time the animal stumbled, John W. Weishaar, of near Mt. Airy, had his life slowly taken from him Thursday afternoon, July 15. Weishaar, who is about 59 years of age, was assisting in threshing on the farm of W. Vernon Runkles, and was returning with water for the engine when the sad accident occurred.

Weishaar had been gone for some time and as the engine, which is owned and operated by Irving Brashear, was getting short of water, the whistle was blown several times. As he failed to put in an appearance, a son of Mr. Brashear was sent to look for him.

In a short time the youth came running back, telling of the accident. Two of those who were assisting in the threshing, found Mr. Weishaar lying flat on his back, with the horse lying nearly crossways. The shoulder of the horse was on Mr. Weishaar's chest and stomach and the fore legs beyond his head. What is peculiar about the accident is that not a bone in the body was broken and he probably suffocated on account of being unable to breathe, by reason of the heavy weight on his chest and stomach.

William Purdum, magistrate of Mt. Airy, who acted as coroner, decided that an inquest was unnecessary.

Mrs. Weishaar died about 10 years ago. The following children survive: John W. Jr., Miss Agnes, and twin-sisters, all at home. Mrs. Jesse Spurrier, a sister, and William Weishaar, a brother, of West Falls, Md., also survive.

The funeral took place on Sunday morning, with services in Marven chapel at about 10.30, by Rev. Gever, pastor of the Southern Methodist church. Interment was made in the cemetery adjoining.
