JOHN B. BAKER.

John B. Baker, Democratic candidate for House of Delegates, is a son of the late David O. and Josephine Stimmel Baker, and was born in Woodsboro, Frederick county, April 5, 1872, where he spent his early childhood. Later moving to Frederick, Md., with his parents where he received his education in the public schools of that city.

He is a cigar maker by trade, though for several years was an instructor in Physical Culture in the Polytechnic Institute of Brooklyn, N. Y. He was also one of the incorporators of the Hoffman-Baker Department Stores of Manchester, Md. He is best known throughout the State perhaps, for his connection with the Volunteer Firemen, having served as President of the Manchester Fire Company for a number of years. Is a past-President of the Maryland State Firemen's Association, and a past-Vice President of the National Association of Volunteer Firemen.

He was a member of the past House of Delegates, and proved a true representative, as he is a firm believer in Government by the people.

He is a member of the Reformed Church, of whose Sunday school he is Superintendent, a member of the Masonic Lodge, and has been a resident of Manchester district for 17 years.

SERGEANT SHAFER KILLED.

Was in Troop G of Cavalry—Body Will be Sent Here—Shot by Mexicans in a Fight at Ojo de Agua.

About 75 Mexicans at 2 o'clock yesterday morning attacked 15 American soldiers at Ojo de Agua, about 60 miles up the Rio Grande from Brownsville, Texas. Three soldiers were killed, one being Sergeant Ernest Shafer, son of the late David Shafer, of this city. Mr. Shafer enlisted 12 years ago when he lived with Mr. John Shafer, of Cranberry, who was his guardian.

Eight were wounded and at least five Mexicans killed in the 40-minute battle which followed. Some of the Mexicans fled across the Rio Grande into Mexican territory when American cavalry reinforcements came up.

Sergeant Shafer's body will be sent to the home of Mr. Frank Shafer, Cranberry, from whose place the funeral will take place.

Mr. Mahon For Harrington.

So much for the general underlying facts of the fight. Monday the Democrats on the firing line in Baltimore were very much encouraged by an interview with John J. Mahon, leader of the Democratic city organization, which supported Senator Lee in the primary fight, and Frank A. Furst, who with the principal backer of Comptroller Harrington, Mahon called on Mr. Furst at his office in the Fidelity Building and told him that his (Mahon's) corps was off for Harrington and that to a man the city organization would go down the line for the entire ticket.

He said that he had nothing to take back, so far as his support of Senator Lee was concerned, but that, the Democrats of the entire State having spoken freely and fairly, he purposed doing all in his power to elect Mr. Harrington and the other candidates whom they had chosen.

Mahon returned to the Rennett after his talk with Mr. Furst and in a short time was visited by most of the stronger ward leaders from all sections of the city, to whom he gave the word to get the workers out for the entire ticket and to leave nothing undone to elect all the candidates, from Mr. Harrington down.

The feature of the Democrats' campaign this week is the way in which the Lee leaders are coming to the front in support of Mr. Harrington and the rest of the Democratic ticket. William H. Lamar, the closest man politically to Senator Lee in the State, and William L. Marbury, who two years ago was a candidate for the United States Senate against John Walter Smith, and was an ardent supporter of Senator Lee in the recent primaries.

Mr. Marbury in his statement said, in part: "I shall, of course, support the Democratic ticket."

In his statement, Mr. Lamar said: "Every Democrat should support the party nominees, State and local. This is the only way to maintain a party. There is no excuse for any Democrat to do otherwise in Maryland."

"I shall certainly vote for Mr. Harrington," said former Judge Henry D. Harlan, Baltimore, Tuesday, "and I cannot see any reason why any Democrat should fail to vote for him."

Adolph Kress, one of the most successful real estate brokers in Baltimore, and a man who has done much to help the poor, especially in the Eastern section of Baltimore city among the foreign-born, declared himself strongly in favor of Emerson C. Harrington for Governor.

SEVEN INJURED IN WRECK.

Freight Sideswipes Passenger Train at Marriottsville Station.

Seven persons were injured Monday afternoon when a freight car jumped the tracks at Marriottsville Station, on the main branch of the Baltimore and Ohio Railroad, and sideswiped a passenger train standing at the station.

The passenger train was on its way to Frederick and the freight train was going toward Baltimore. The freight car left the tracks when the axle of one of the trucks broke. It was in the middle of the train and as it was pulled past the passenger train struck the sides of three passenger cars with great force.

In some instances only windows were broken and the side of the car dented, but as it struck the ends of the cars more damage was done. Before the freight train, which contained 85 cars, could be brought to a stop the freight car was a wreck. None of the other cars left the tracks. One of the passenger cars had a portion of the undergear broken.

A relief train was sent out from Baltimore and the passengers were transferred to it. It took about two hours to make the necessary repairs to the passenger coaches and to clear away the wreckage.

Five of the injured passengers were taken to Frederick and two to Baltimore for treatment.

Company H Notes.

A goodly number of the members of the Company reported at the Armory last Monday night for the regular drill. Very excellent work was done on the manual of arms, and a new exercise in loading and firing was given the men by Captain Weigle. A number of our citizens dropped in during the evening to see the work. This evidence of interest on the part of our citizens in the work of the Company is very much appreciated by the members and they cordially invite all who are interested to drop in any Monday night.

The moving picture play on National Preparedness entitled, "Guarding Old Glory," will be given Monday evening, October 25th, having been unavoidably postponed from October 18th. These pictures, made by F. O. Nielson, have been prepared with the cooperation and direction of officers of the Army and Navy, detailed for the purpose by the Secretaries of War and Navy. The pictures, after being made, were submitted to the inspection of Secretaries Garrison and Daniels, Major General Wood and Major General Hugh L. Scott. All of these officers have given their approval in unqualified terms. General Wood says, "I wish to congratulate you on getting up a particularly good piece of work, one which should be of real educational value. All of us who are interested in educating the people on the subject of Military Preparedness appreciate the effects of your efforts." The pictures give an accurate description of all the activities of the Army and Navy, in each branch of the service. The most modern equipment, aeroplanes, submarines, wireless, etc., is shown, and its operation described by actual demonstration.

The sea coast defenses, infantry, cavalry and artillery maneuvers, torpedo boats, cruisers and battleships in action, landing forces from naval vessels, mine layers and mine operations, signal and hospital corps drills, and all the other features of active military operation are shown.

As previously announced in this paper, Company H and the First Regiment Band in full uniform will parade the streets immediately preceding the exhibition, and later will attend the performance in a body. Our citizens should show an interest in our fine Company and excellent military band by their attendance upon this exhibition.

The Company, in order to be brought to the high state of efficiency which we all desire, needs a small supply of cash to provide for certain expenses that are not paid by the State and national government. Let everybody come.
