RUPTURE EXPERT HERE with Appliances used and approved by U. S. Government.

W. B. SEELEY, the noted Philadelphia rupture expert is again coming to Baltimore and will be at the Hotel Remmert, Monday and Tuesday, February 14 and 15. He has on previous visits treated many citizens with the greatest success. He can refer you to local cases so expertly fitted by him that their ruptures were perfectly and comfortably retained, with all pain and danger removed, although previous discouraging experiences with common trusses made them feel that relief could never be obtained.

Such results could never be secured without the Seeley improved truss and the personal skill in applying it which comes only from his long experience.

Remember that all dangerous ruptures were small in the beginning—take no chances with common, ill-fitted trusses which are sure to aggravate your condition, regardless of how comfortable they may seem.

No fee for consultation. Those treated on former visits are invited to call. Home Office, 1027 Walnut Street, Philadelphia, Pa. Cut out and keep for reference.
