-this is what Studebaker COMFORT means!

Just look at that illustration a second time. Look at the roominess of this new Studebaker SERIES 17 FOUR—the individualized COMFORT that's built into the car for every one of the SEVEN passengers it carries.

Not a detail has been overlooked that will make the car easier-riding. The front seats, for example, are divided—and they are also adjustable—that is, they can be moved fore or aft to fit the passenger's wishes.

In the tonneau, roominess is especially evident—lots of room for five full-grown people. The rear seat is wide and deep and luxuriously upholstered with the finest straight-grain semi-glazed leather. And everywhere roominess, convenience and a host of COMFORTS have been built into the car.

This new Studebaker is the most powerful 4-cylinder car on the market within hundreds of dollars of its price—the biggest car that any such price as \$875 ever bought—but on COMFORT alone it stands as the GREAT value of the year. Come in and see for yourself what Studebaker COMFORT means.
