While this is true in the majority of cases it does not follow that car owners are unappreciative of the many improvements that have been made. In the early days of the industry a man had to be an expert mechanic before he would venture far in his car.

Mr. Daniels declared it was to be expected in Maine the Progressives would flock to the Republicans. He predicted that they would not do so in New York, Illinois and Ohio, but would come in greater proportion to the Democratic party.
