### MANCHESTER.

Mr. Wm. Sharrer is building a stable and garage in the rear of his home. Last Friday afternoon the framework was being placed. Mr. John E. Leese was assisting when one of the heavy timbers over balanced, catching Mr. Leese in its fall. The men rushed to his assistance and carried him home. Dr. William Denner was summoned and found his foot badly lacerated. Dr. Bush, of Hampstead, administered the chloroform while the foot was dressed. He is now resting as comfortable as could be expected.

Mr. A. F. B. Myers, who has been ill for 10 months with Bright's disease, had a severe attack of convulsions Wednesday afternoon. He is slightly improved but is seriously ill.

The members of Immanuel Lutheran Church will celebrate a Home Coming Week starting Wednesday evening, August 22. The exercises will be held in the church. A well arranged program will be given, and at the roll call the name of every member of the church will be called. All the members are requested to be present. The public is cordially invited to enjoy the evening with them.

Mr. E. W. Gregory has installed a five ton Frick ice machine. This gives him double capacity for the manufacturing of ice and the supply of ice cream.

Mr. and Mrs. Eric LaMotte and children of Baltimore and Messrs. John and Robert LaMotte, of Frederick, were guests at the LaMotte home Sunday last.

Mr. and Mrs. George Shaffer and children, Mr. and Mrs. Addison and children, of Baltimore, motored here Sunday and spent the day at the home of Mrs. Shaffer's parents Mr. and Mrs. Wm. H. Shower.

HON. PERCY ALDEN, M. P.

Distinguished Member of British Parliament to Lecture at Chautauqua—Is a Descendant of John and Priscilla Alden of Massachusetts Colony.

Perhaps the most distinguished visitor to come to this city during the Chautauqua week this year will be the Hon. Percy Alden, M. P., of London, who will deliver a lecture on the subject "The Future of Europe." Last fall Director Paul M. Pearson of the Chautauqua Association went abroad especially to arrange for this lecture. Special permission had to be obtained from the British government for the Hon. Percy Alden to leave the country on such a mission, and this had to be reaffirmed early in the spring at about the time America entered the war.

Mr. Alden is one of the deeper thinkers of the British Parliament members and has been devoting much of his attention toward preparation for the period of reconstruction.

It is interesting to know that he is in a direct line of descent from John and Priscilla Alden of the Massachusetts colonies and is thus in a way especially close to American ideals and traditions. One of the early descendants of the Aldens returned to Great Britain, and the Hon. Percy Alden is a grandson of this branch of the family.

Praise For Junior Chautauqua. Referring to the Chautauqua conducted by the Swarthmore Association in his home town, the Hon. Lyman Twining Tingier, Lieutenant Governor of the state of Connecticut, wrote in a personal letter to a Connecticut judge: "Answering your inquiry regarding the Chautauqua meeting in Rockville which closed yesterday, let me say that the affair was a decided success, so highly appreciated by our people that they have already subscribed for more than 500 tickets for next year and seventy-six guarantors have signed. All who attended were delighted, and next year's meeting gives promise to be more successful than this one. The department for children, or Junior Chautauqua, is one of the most valuable features of the affair and deserves great praise, delighting and instructing the children, and the adults also, and should be given a prominent place in these meetings. Do not fail to call the attention of the people of Putnam and vicinity to this part of the Chautauqua work. In short, the whole affair was very successful, and one of my regrets is that we did not take it up years ago."

"Altogether chautauqua is a tremendous movement, grounded in the life of the common people and urging them by pleasant paths always toward a higher vision of their destiny, easing the ascent by innocent broad humor and embellishing it with glimpses of the more gracious arts."—Editor of World's Work.

### Seamen Wanted.

While the number of apprentice seamen to be enlisted each week from Maryland has been limited by the Navy Department, no curtailment has been placed on musicians and machinists. A large number of recruits are still needed in both of these ratings.

Musicians are required only to have a primary knowledge of band music. If they can pass the necessary test, they are given a complete course in the Navy's school for musicians and then detailed aboard ship. It is the intention of the Navy Department officials to recruit the bands of all the ships in the service to their full strength.

The pay of a Navy musician is good and the surroundings are pleasant. Promotion in this rating is rapid also, and the opportunities for travel are unlimited.

Full particulars of Navy enlistments can be obtained from the nearest postmaster; directly from the Navy Recruiting Station, Calvert and Lexington Streets, Baltimore, or from the Navy Recruiting Sub-stations at Cumberland and Hagerstown.

## Have you a building job on your hands?

Now that prices are high it is more than ever important that you give careful consideration to the roof you are going to put on. You can save real money and get a better roof by using

# Certain-teed

### Roofing

Thru quality and sheer merit as a roofing material CERTAIN-TEED is now being used as the preferable type of roofing for sky-scrapers, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is necessary.

It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is weather-tight, light weight, clean, sanitary and fire-retardant. It is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply).

There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction.

**Certain-teed Slate-Surfaced Asphalt Shingles** are supplanting wood and slate shingles for residences. They cost less, are as just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained.

**Certain-teed Paints and Varnishes** The name CERTAIN-TEED on a can of paint or varnish is the same guarantee of quality and satisfaction it is on a roll of roofing or a bundle of shingles. Made for all uses and in all colors.

**CERTAIN-TEED PRODUCTS CORPORATION** New York, Chicago, Philadelphia, St. Louis, Boston, Cleveland, Pittsburgh, Detroit, Buffalo, San Francisco, Milwaukee, Cincinnati, New Orleans, Los Angeles, Minneapolis, Kansas City, Seattle, Indianapolis, Atlanta, Richmond, Grand Rapids, Nashville, Salt Lake City, Des Moines, Houston, Duluth, London, Sydney, Havana.
