BOY SCOUT BAND SAVED
CITIZENS HAVE CONTRIBUTED FUNDS TO CLEAR ORGANIZATION OF DEBT.

A special meeting of the Westminster Council, Boy Scouts of America, was held on Tuesday evening, September 25th, at the Times Building. A majority of the members were present and Handmaster Charles E. Peltz, and Scout Commissioner Charles E. Fortines were also in attendance.

A report of progress was made by the committee of two who had been appointed at the last meeting to solicit funds for the purpose of paying the indebtedness of the Boy Scout Band. The committee reported that they had undertaken a systematic canvass of all the business and professional men of the town, and all other persons who they thought might desire to contribute. They had not quite completed their task, but expected to do so in a few days. They reported that they had met with very gratifying success, having received up to date nearly \$250 in cash and subscriptions. Most of this is in sums ranging from \$1 to \$5. One subscription of \$25, and one of \$10 were received from two business firms, and there were a few contributions of less than \$1. The Bandmaster, and the Scout Commissioner then made an itemized report of the financial condition of the Band. A bill of \$129.29 owed to Mr. Peltz was ordered paid, and also all other bills against the Band. After these bills were provided for, it was found that about \$129 remained of the amount raised by the committee. It was then decided that the Band funds should be kept entirely separate from the other funds of the council, and a special committee was appointed to look after the interests of the Band. It consists of the President, the secretary, Mr. W. L. Seabrook and Professor George F. Morelock. Professor Morelock was made treasurer of the band fund.

Certain criticisms which had been made concerning the band and its management were then considered and plans were made for the future of the band. It was found upon investigation that most of the criticisms were without foundation, and the council passed a resolution of confidence in the Bandmaster and clothed him with full powers of Scoutmaster, so far as the direction of the Band is concerned. Plans for keeping the financial affairs of the Band on a strictly business basis were also discussed and adopted. The council extends its hearty thanks to the people of Westminster for coming to the rescue of the Band and helping it out of its financial difficulties.

The following new members of the Council were then elected: Hon. J. Milton Reifsnider, Rev. Edgar T. Reed, J. Gordon Crawford, Esq., and Mayor Koozts.
