

McGINNIS SIDING.
Colonel Murdock is now building the roads. The Colonel has had some large orders to fill. He was seen the other day going to sow grain with an aircraft on.

There has been some strange noises heard here during the dark nights. It is not Tom Blizard this time, for Tom has turned his new trousers inside out.

Major Lewis Myers has formed a society for the prevention of unnecessary noise. The people of this place have been watching every move the major makes and sees he is trying to discover a machine to catch grasshoppers, as they seem to annoy his friends.

Henry Foster has purchased the premium crop this season. Henry thought the crop in a business like this.

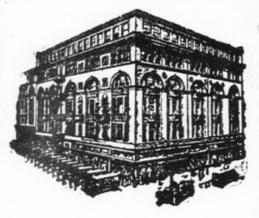

Long while smelling some things to see if musty, got one up his nose. Miss started to blow to dislodge it and finally succeeded, but the air of compressed air knocked the plates out of several windows.

Dr. H. A. Volterker, of Baltimore, Dr. Mr. and Mrs. Jacob Long Saturday.

Mr. Wm. Tawney, of Kirk, spent Saturday at this station with friends. The oyster supper at Thomas Chapel was well attended.

The health of this community is good. The farmers have about finished their corn.

He Meant Well.
That Captain Hawley," said the handsome Miss Plute coquettishly, "will you love me when I grow old and my dear Miss Plute," answered the captain gallantly, "you may grow older, but you will never grow uglier." And he wondered why their friendship ceased so suddenly.

Hochschild Kohn & Company

Howard & Lexington Sts. Baltimore

The Store That Serves You Best

The Hochschild, Kohn & Co. Store was founded in 1897. It began with a plain announcement of its policy and its intentions.

A clear contract was made—is still made, and will always be made—with every customer. This is the contract—it is printed on the back of every salescheck:

OUR SYSTEM
Reliable goods only, at uniformly right prices. For all articles returned, if uninjured, and within reasonable time, we shall willingly refund money.

Baltimore's Best Store is the store of progress. It is not ideal, but it is striving to be.

Its aim is to please—to satisfy; and it never loses sight of the mark. It is the accepted and avowed shopping place of a great many people—in Baltimore, throughout Maryland, and in almost every other State in the Union.

LITTLE ONES AND OLD ONES
James Edwards, 208 Harriet St., Montgomery, Ala., writes: "My whole family is using Foley's Honey and Tar Compound now—the little ones and the old ones. It has cured our coughs and broken our colds." Foley's Honey and Tar clears stopped air passages, heals raw inflamed membranes, removes phlegm and eases sore chest. Sold everywhere.

Fertilizers are High. Save the liquid manure with A Concrete Manure Pit

War conditions have more than doubled the price of most fertilizers. A concrete manure pit by saving all the liquid manure, will practically double its fertilizing value. Concrete manure pits are very easily made. Your farm hands can do the work. Sand and pebbles can probably be obtained on your own farm while SECURITY Portland Cement can be made from the dealer named. Write for free illustrated literature.

Not a Shiver Can Get In!

There isn't an icy blast from the great Northwest that can cool down a Caloric heated house below the comfort point!

Thousands of contented Caloric owners would tell you this if you could ask them. We know because hundreds have written unsolicited letters, saying that the Caloric outheats any furnace, boiler or stove they ever knew of, and uses less fuel doing it.

These letters and thousands of other pleased owners are direct and unquestionable evidence that the

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

is a wonderful and economic heater; but the best evidence you can get is to install one yourself and experience its comfort in your own home.

The Caloric can be installed in an old house as well as a new. It heats through one register directly up from the cellar into the house, where the warm air circulates to the farthest corner. This is the most natural and healthful way to heat a home—Science says so and Experience proves it true.

The Caloric is guaranteed to reduce your fuel bill by at least one-third. It has a patented triple casing and dead air space (no pipeless furnace can succeed without this) which effectually prevents heat radiation into the cellar—hence fruits and vegetables keep well in a Caloric heated home.

Don't live another winter in a home too cool for health and comfort. Don't continue to burn costly fuel without an adequate return. Install a Caloric and be happy! Come in and see it.
