

The Democratic Advocate

WESTMINSTER, MD.

FRIDAY AFTERNOON, NOV. 23, 1917.

About the only thing that retains any standing at all for the nickel is its ability to pay for a street railway fare or to measure one's Christian piety when the ushers pass the collection plate in church.

The Kaiser has a notion of making the United States pay \$50,000,000,000 indemnity, but it is believed that he is nearly awake now.

A favorite dancer in London received one night, instead of flowers, a basket of potatoes and a bag of sugar after her dance, over the foot-lights. It isn't often that art receives such substantial appreciation.

Two freights met in a head-on collision last week on the W. M. and one man was killed as a result of the disregard by the train crew of automatic signals. The mishap was at Garrett, W. Va. The accident happened at 3:30 in the afternoon on the Connellsville division. Freight train 754 hit 757 in the collision. The crew that mistook the order had just relieved the other crew.

Baltimore's New Theatre.

If in search of a real live up to the minute show any time you are in Baltimore, go to the "Folly" Theatre on East Baltimore street, at the Fallway and you will surely find your fondest expectations well exceeded.

Here is an example of showmanship seldom if ever equaled in theatrical annals. Simon M. Driess, stepped in and with backing of Hon. Nickel has succeeded in developing one of the finest amusement institutions in the United States.

For the current week, beginning Monday, November 26, the famous "Wide Awake Girls" will be the attraction featuring Fantia, a world famous beauty, whom the fortunes of war destined to make her future home under the Stars and Stripes. She is heralded as the twentieth century goddess of the dance. This dainty young artist has been creating a veritable furor in the Baltimore volition centers with her new production which is described as a Kaleidoscope of dance color and music.

The company will present a musical burlesque entitled "Caught With the Goods," than which there has been no offering more ridiculously funny.

The chorus contains more than the required number of girls and dances with more grace and vigor than is usually looked for.

DO YOUR CHRISTMAS SHOPPING FOR THE SOLDIERS NOW.

Send Them Tobacco and Cigarettes.

Don't forget that your Christmas list ought to be a little longer this year. You have responsibilities outside of your family and friends. You owe something to the men who have gone over to France to fight in this war.

Every one in this country who is not fighting ought to recognize the fact that he has an obligation to our soldiers this Christmas. Think of the conditions under which our boys are going to be called on to "celebrate" the Yuletide season of 1917. Three years of war have made us all pretty familiar with what Christmas is on the Western front. No further words are necessary.

Your chance to make one or more soldiers a little happier is right here and now through our TOBACCO FUND. The purpose of this fund is to make it easy for you to send inexpensive gifts of tobacco and cigarettes to the soldiers and it has been worked out to reduce your effort to the minimum. In fact the price for this privilege is not out of reach of any man, woman or child in this city.

When you realize that only 25c is required from you to place in the hands of a fighting soldier a package containing enough smokes for a week, you can see what you ought to do. What's a quarter, anyway? A good deal to some of our boys longing for a smoke, such a package is worth a good deal more than its weight in gold. If you have any doubt of that, just ask us to show you some of the testimony that has been coming over from the other side. The men are just longing for American tobacco and cigarettes and this country is nobly responding to the demand and sending thousands and thousands of these kits, (samples which can be seen at Advocate office) to France.

And right now at this moment is your chance to have your contribution count at Christmas time. Don't put it off, because it takes a long time to get these kits delivered and your contributions today will just about connect with what we call over here the "holidays." That word is pretty hard to use when you apply it to No Man's Land. All the holidays are going to be spent in the minutes between fighting when they can have the consolation of a good American smoke.

So start that Christmas list of yours now. Do your soldier shopping early. Sit down and think how much money you can afford for this patriotic enterprise and send it in to the Advocate—make it as much as you can. Even a quarter will keep one soldier happy about a week and you can multiply this as many times as your circumstances afford.

Don't let these boys of ours go without this small package of comfort from the folks at home. There is money enough in the United States to buy a package for every soldier that we have in France several times over, and we count on the citizens of Westminster and Carroll county to do their part.

Money, we ask you to picture to yourself conditions under which our American boys are going to spend this Christmas. Then think how easy it is for you to do this little bit. We know how you will respond and we count on every one of you for your share, small or large.
