FRIDAY AFTERNOON, APR. 11, 1919

Sale Register.
April 12th, at 12 M. Lumber of all kinds, 25 cords Slab Wood, 75 cords Chestnut Wood, 500 Posts, etc., large frame dwelling house, John W. Heaver, auct.

BRIEFS.
Corporal Eltinge F. Reifsnider had as his guests last week at his home on College Hill, Sergeant Richard Diver, Mr. Edmund Huppman and Mr. Fred Murray, of Chicago, Ill., all of whom are members of the 29th Division, (Blue and Gray).

Mrs. John L. Reifsnider, Jr., gave a dance and card party last week in honor of her son, Corporal Eltinge F. Reifsnider, who has recently returned from over seas. He is home on a 30 day furlough, as he is still under the care of army physicians.

The straw stack on the property of Mr. Rezin Cook, Liberty street, was burned Sunday morning about 3 o'clock. The fire department was on the scene in a short time with a new fire truck. The surrounding property was saved and some of the straw stack by the good work of the fire company. The fire was started by some mischievous person. Mr. Cook's stables were destroyed by fire several years ago, starting from an incendiary origin.

After the hens stop laying is no time to begin saving eggs.
Now is the time when the prudent housewife puts the eggs away in "water-glass". She also sees that the coal order is entered on some coal dealer's books. Order coal for April delivery.

Ben Zents, this city, was badly injured and several others were bruised when an Oakland touring car owned and driven by Leroy Sellman, Warfieldburg, smashed into the Baltimore and Reisterstown Bus in front of Horner's store, Finksburg, Saturday night. The bus was damaged slightly but the Oakland was one mass of wreck and will require \$200 to repair it. Justice Dist on Monday fined Mr. Sellman \$200 and costs for running his car in a reckless manner.

COAL PRICES

Will be no lower and we respectfully solicit all our friends and customers to place their orders with us at once for their winter requirements to be delivered in the present month. There will be no decline in prices but every market condition points to higher prices and already we have notice of a regular increased scale in prices on Coal at the mines which must eventually be added to our Retail Prices.

We have had a most strenuous two years in the fuel business, and while at times it was impossible to maintain our usual prompt service in the handling of your valued orders, we did however, during all of those times maintain both a supply of fuel and service of delivery which enabled us to protect our trade and the community against actual distress or want arising from any shortage of fuel in their bins. For your co-operation in the emergency we take this means of thanking you.

With further assurance of our sincere appreciation for your valued business, and again asking your liberal support, we are,

Sincerely yours,

Smith & Reifsnider

"Beg Pardon, I Didn't Recognize You"

"I can't see at a distance with these glasses"

PEOPLE who cannot see clearly at a distance through their reading glasses are at a disadvantage.

Frequently they are embarrassed by the necessity of removing—or awkwardly peering over—their glasses every time they look at objects more than a few feet away. If they fuss with two pairs, that's still worse.

This inconvenience can be easily remedied by wearing

KRYPTOK GLASSES THE INVISIBLE BIFOCALS

In the lower part of KRYPTOKS (pronounced Crip-tocks) you get the necessary correction for reading or other close work and in the upper part the correction for distance—no seams nor humps.

They keep your eyes young in looks as well as in usefulness.

If you need bifocals or any other kind of glasses you should be fitted at once and by a competent eye specialist. We can promise you satisfaction whatever your eyeglass needs are.
