**American Army "Movie" Men Take  
 Pictures of Berlin Street Fighting.**  
 London.—An Exchange Telegraph  
 Company despatch sent from Copen-  
 hagen on Tuesday night a  
 week ago says street fighting  
 in Berlin has been particularly  
 sanguine owing to the fact that the  
 Spartacus element has plenty of wea-  
 pons, taken from the munition fac-  
 tories at Spandau.  
 While the machine guns were firing  
 and bombs were dropping moving pic-  
 ture operators were busily recording  
 the scenes enacted in the streets. It  
 was announced recently that the Amer-  
 ican army has sent moving picture  
 operators to Berlin.

## THE SMOOTHEST SMOKING TOBACCO

WHEN I smoke, I want my tobacco cured by Mother Nature—  
not by Mother-in-law Process.

*Velvet Joe*

There is nothing harsh in Nature's methods—no stunts, no "hurry-up."

Her quiet, patient way with VELVET during its two years ageing in wooden hogsheads, brings out all the kindly comfort of fine Kentucky Burley leaf.

The quicker, less expensive methods cannot possibly produce the fragrance, coolness and downright pipe qualities of VELVET, cured in Nature's way.

Today it is your privilege to enjoy, with hundreds of thousands of other smokers, this mild and friendly VELVET tobacco.

*Lippitt & Meyer Tobacco Co.*

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

**Mt. Airy Holds School Rally.**  
 The school of Mt. Airy will hold its fifth annual Rally Day on Tuesday, May 13. This promises to be the finest exhibit in the history of the school. The business men of the town are boosting it and putting forth every effort to make it a success.  
 The events will take place in the following order: The parade will start from the High School at 9:30 o'clock. This parade will be of an educational nature representing the different departments of the schools. A few of the participating organizations are the classes in Agriculture, Domestic Science, History and French and the Glee Club. The Morgan Chapel band will furnish music.  
 At 11 o'clock Prof. Charles S. Richardson, of Maryland State College, will give an address in the Assembly Hall on "The Modern Rural School." Lunch will be served on the grounds and an opportunity will be given to view the school exhibits.  
 The athletic events will begin at one o'clock. The Longfellow Literary Society has challenged the Emerson Literary Society for a game of basket ball and dodge ball between the girls, for dashes, relays, jumping, running, broad jump, running high jump and shot put between the boys.

The nature of the wounds upon the body, Dr. Kennard declared, explained the reasons for the hemorrhage which caused death. The girl was bruised and torn in the lower part of the body, and it seemed as though every drop of blood in her must have gushed forth, Fritz's arms and sleeves being soaked with it. The floor of the car was covered with blood.  
 A night of gaiety ended in a death which the authorities call "terrible," for pretty 24-year-old Florence Coyne, in a deserted corner of Bronx Park, New York, recently.

**GIRL BOBBED OF HER HAIR**  
 Midnight Intruder Blinds Victim to Chair; Loses Plunder in Escape.  
 A masked man entered the bedroom of Sarah Paladine, nineteen years old, of Ambler, Pa., forced her to cut off enough of her hair to serve as a gag and then, after he had gagged and bound her to a chair, cut off the remainder of her thick, black tresses.  
 He also scratched both her hands with the point of a needle.  
 Miss Paladine, awakened from sleep at her home by the glare of a flashlight, saw a man standing at the foot of the bed. He wore white gloves, and she says he was an Italian, although he did not speak. After robbing the young woman of her hair, he heard noises and climbed through a second-story window. First waving the parcel containing the hair at Miss Paladine, in his descent to the ground the man lost the parcel containing the hair.
