

Maryland in the Hall of States

Hundreds of Maryland soldiers, wounded or ill, lying in this big Army hospital of New York, receive their first special welcome and their first hint of home from letters and calls from volunteer women workers at the Maryland desk at the Hall of States in New York City.

that are avidly seized, and flowers or fruit. All the hospital activity for the various states centres at the Hall of States, which War Camp Community Service, has established at 27 West 23rd St., close to the Victory Arch. Here "Buddies" meet, at the war's end, and home-folks welcome the boys back from the trenches and the deep blue seas.

These letters, sent out under a plan devised by the War Camp Community Service, are as a rule the first words from homefolks to reach the injured boys after they arrive on the transports. The women invite those boys who can, to visit them at the Hall of States and, in the cases of the severely wounded, they call on the men in the wards, carrying cheer, home papers

The City of GOODRICH Akron, Ohio The Goodrich More Mileage Message Goodrich is making the burliest, sturdiest, most lasting tires the rubber industry has ever seen; and Goodrich knows it. In every test of road-toughing to which tires can be put, Goodrich Tires have unfolded an endurance, an ability to take punishment, which has run into phenomenal mileage. Confident in this knowledge and belief, Goodrich desires that all tire users share in the confidence of Goodrich, and the big mileage Goodrich Tires assure. Therefore, Goodrich announces to present and future owners of its pneumatic tires—an adjustment basis of 6,000 miles for SAFETY TREADS, and 8,000 miles for SILVERTOWN CORDS, instead of the 3,500 and 5,000 miles, respectively, heretofore in force. Remember that a Goodrich adjustment is a fair one. Goodrich knows the mileage is in its tires, and more; and to make you realize you lose money in being without Goodrich Tires, the new Goodrich adjustment is proclaimed broadcast.
