While the Third Red Cross Call is practically closed, the officials feel there is a large number of citizens of Carroll county who still desire to join the Red Cross; they are requested to apply to any officer of the nearest Branch or Auxiliary for membership at any time prior to December 31, 1919.

EVERY Saturday OPERA HOUSE 25c and VAUDEVILLE 35c

On November 22nd, Jew and Gentile will join forces to relieve the misery of six million helpless sufferers from the world war.

The Jewish War Relief Committee will begin its campaign for funds to carry on the work of feeding the hungry and housing the homeless in Poland, Galicia, Lithuania, Czechoslovakia and Palestine.

There are 800,000 starving, ragged children in these stricken lands. Children to whom a whole pair of shoes is a curiosity. Children to whom three meals a day is only a wild dream. Children who—oh, the pity of it!—are untended, unclothed, unloved—living sacrifices to that grim monster, War!

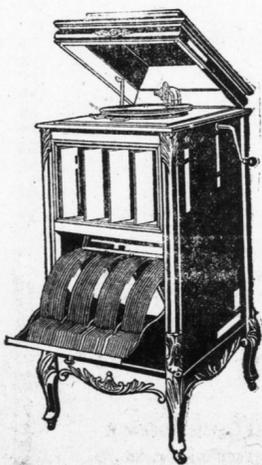

For us, the war is over. For them, its horrors still remain. Can we look at our own children—happy, well clothed, well nourished—surrounded with all that our love can give them—and be deaf to the appeal of these pitiful little sufferers across the sea?

The campaign will begin November 22nd, and last one week. Shoulder to shoulder, men and women of every creed will work to the common end of relieving human misery.

The Columbia Graphophone Stands Every Test

The Columbia has features which are found only on Columbia machines, the adjustable front shutter to regulate the sound, the automatic stop for stopping the motor at the end of the record, the special hinged motor for opening without taking out the motor, all these are to be found on Columbia machines only.

Don't Buy A "Tramp" Machine

Anybody can assemble machines, only few are built in their own factory. The construction of the sound box and the reproducer are features which make the music.

Construction Of The Cabinet

As a piece of furniture the Columbia excels all machines. The massive proportions of the cabinet, the beautifully selected grained wood, the efficiency of the mechanical equipment are sufficient reasons for its supremacy and popularity.

The Price Of The Columbia

You pay no more for Columbia machines than "Tramp" machines without any of Columbia features. These are facts to be considered when purchasing a talking machine.

Order Now For Christmas

At present time the Columbia is months behind on orders. We are well stocked for the present and have prepared for your Christmas wants. Some may be disappointed at the last hour by not getting the model they want. Make your selection now for your Christmas present. We will keep them for you.

Our Stock of Records

We carry in our stock over 2000 Records for distribution. Place your order with us for any special records that you might want for the holidays.
