

## Tires for the Smaller Cars— Built With Goodyear Methods

In using its immense resources and inventive skill to build the highest relative value possible into tires, this company has never made its work more effective than in Goodyear Tires for the smaller cars.

These have the full advantages of Goodyear competence and care, plus the modern facilities of the factory we are devoting to the world's largest production of 30x3-, 30x3½-, and 31x4-inch sizes.

The sum of this extraordinary effort is available to you, as the owner of a Ford, Chevrolet, Dort, Maxwell, or other car using these sizes, at the nearest Goodyear Service Station Dealer's place of business.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He is ready to supply you.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50  
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water- \$4.50 proof bag.
