MANTONE

THE KING OF RECONSTRUCTIVE TONICS.

Cardiff, Md., May 1, 1920.

The Mantone Company, Baltimore, Md.

Gentlemen:

Never did I once think of endorsing a Proprietary Medicine, and have always said I never would, but in this particular instance I cannot refrain from doing so.

I have practiced Medicine twenty-eight years, and during that time when a real tonic and tissue-builder was indicated, I always prescribed a compound of Iron, Nux Vomica and Phosphorus, as I always got better results from such a compound than any other.

By endorsing Mantone tablets I feel that I am not only helping humanity in my local practice, but helping to pave the way to a nation wide use of such a valuable prescription.

Iron is known to be the only real blood builder by helping Nature to increase and strengthen the red corpuscles. Nux Vomica is the only real muscular tonic and stimulant, and Phosphorus the only real nerve food and stimulant. By the trio we have a compound superior to all known drugs as a general tonic and stimulant, suitable for all ages and all functional conditions.

For the above reasons I feel that Mantone tablets deserve the highest place as a builder of humanity and well worthy of its name.

Very truly yours,

(Signed) Dr. W. E. ARTHUR.

Bel Air, Md., April 12, 1920.

The Mantone Company, Baltimore, Md.

Gentlemen:

I am not in the habit of endorsing patent medicines for the majority of them are fraudulent, but in the case of "MANTONE", I feel that I can depart from my usual custom, for I think this remedy is the best Reconstructive Tonic that I know of. In the first place Nux Vomica is the best stomachic and nerve tonic that I, in my practice have ever used. When this is reinforced of Phosphorus, the best of nerve tonics, and with the addition of Iron, a great blood purifier, we have all the remedies that go to make a great general tonic and re-builder for stomach, nerve and blood.

Very truly yours,

(Signed) F. LEE HUGHES, M. D.

Forest Hill, Md., April 16, 1920.

The Mantone Company, Baltimore, Md.

Gentlemen:

From personal experience I have no hesitancy in recommending Mantone as the best Reconstructive Tonic for run-down systems I have ever practiced or recommended. Mantone will do all that it is claimed for it.

Very truly yours,

(Signed) DR. F. P. SMITHSON.

This Remedy will build up the run-down system quicker than any Tonic you can obtain.

A Reduction in Clothing That Means Money Saved

Clothing prices are not lower, but higher, and the manufacturers' prices for Fall are at least 20 per cent. higher.

The only way the reliable retail merchant can aid in giving his customers lower prices on reliable suits is to sacrifice his legitimate profits.

We have decided to do this and the reductions we have made means much more than 20 per cent. and other extravagant reductions advertised by merchants who mark their clothing at 50 to 75 per cent. profit.
