

**Boys and Girls' Club Week at Maryland State College.**

A program has just been arranged for the Boys and Girls' Club week to be held at Maryland State College from August 2 to 6th. All members of Boys' Clubs are invited to attend. A program has been arranged which all will enjoy. Two girls from this county will have the trip free, Alice Reinhart of Union Bridge, and Aileen Shriver, of Union Mills. Any other club girls may go but will be expected to pay their own expenses. Last year Carroll county had the largest delegation of girls. This year, as so many are planning on going on the camping trip, in all probabilities we will not have so many. This is a chance to get acquainted with the young people of the state, especially the farm boys and girls. Those who attended last year will be anxious to go again. On account of the lack of funds the college could not pay for this trip as heretofore but the State Banking Association has offered to pay the expenses of the prize winners.

The date set for the girls' camping trip is the last week in July. This will be held at Big Pool, and the Girls' Club from Washington county and Carroll county will join for a week's camp. We expect about 100 girls to go, and the mothers and fathers who read this try to make it possible for your girl to attend. We have planned something for every minute of the time. One of the features of the camping will be swimming. We have a swimming teacher engaged and the work will be given at special times each day. This is an opportunity for the girls to learn to swim. We expect to put on a pageant, and instructions will be given in canning, bread-making, camp fire stoves, and etc. The cost of this trip exclusive of fare will be \$3.00. As we are going on Sunday and coming back on Sunday we hope the friends of the girls will take them up in machines. Big Pool is near Hagerstown and is the Y. M. C. A. camp, but has been loaned to the girls for one week. Girls will have to bring with them a blanket, sheet and pillowcase. All girls are pleading to go on this camping trip please notify Miss Everett as soon as possible.

**Held Wife Until Fee Was Paid**  
Calling at the Protestant hospital at Columbus, Ohio, to get his wife who had been operated upon, Clarence Boblett was informed that he could not obtain his wife until the \$20, remaining due on the patient's bill was paid. This Boblett could not do, so he appealed to the police, who with an ambulance and officers went to the hospital, but returned without the wife.

One of Boblett's children is sick, and a physician had advised the father to bring Mrs. Boblett home at once. Boblett then got Lieutenant Albano, of the local police department to help him, but officials at the hospital refused to release the woman until the husband had signed an agreement to pay \$5 a week on the bill. This Boblett did, and he got his wife.

**Awaiting Arrival of His Own Body.**

Herman Phillips, of Berdan, Ill., formerly of Company E, 166th Infantry, Rainbow Division, is in the peculiar position of awaiting the arrival of his own body. The body is coming in a government casket direct from the cemetery at Chateaufort, and Phillips is wondering what he will do with it when it arrives. He is at present on the payroll of the C. and A. Railroad and

doesn't want the railroad company to learn that he is "dead". Phillips recently made a trip to Washington, but was unable to convince the officials that he is not dead.

Recently one of our men visited Baltimore and was shown a machine to cut, wrap and fold in oiled paper, caramels. This machine must be a wonderful piece of mechanism, doing the work at the rate of 178 per minute.
