

McGINNIS SIDING.

I just came back from a camping trip and did not stay my time out at that. They had some "red" goods along called "guarantee" and I suppose it was alright for its name as we each took three drinks the first night before retiring and in about an hour they had the tent shot full of holes. The last seen of Fred he had a boiled ham and said he was going for eels. I became nervous and left for home, arriving at Tannery. I saw Jacobus Long with his shot gun and vice. He said it took too long the old he was appointed deputy game warden and that he would not allow fishing or bathing in there unless it was the ladies. Going down to the distillery, I was just in time to see August Wette trying out his new milking device. He said it ool to long the old way and applied his new fixture which consisted of a piece of rubber hose and an automobile foot pump. He tie the cow to the fence and attached his outfit, took a chew of Pejar Bear and started like a mad bull with his head down. When he found the tube getting tight after a half hour's work he looked up to see that the cow looked like a balloon and both hind feet, were off the ground. August says he must have had the valve turned wrong.

"Happy" Bob Minkey is still having trouble with Mr. Bolsvert's shoats. He has tried all means to keep them in, but has failed. The last scheme was to cut a hole in the fence and then hand-cut one from each side. On the finish he had one odd one so used the horse for his partner, it did not last long however, as the horse, pig and two panels of fence are missing. Now Fred has decided to get out a warrant for the same and let the sheriff have his troubles.

Tom Fisher has invented a shock absorber and had it patented. The Westminster police have their sticks equipped and say they are grand. You can hit as hard as you want and they only bounce. Tom got the idea from Andy Long's "Red Devil" car that went on a rampage yesterday and thought it was corn cutting time. It cut a swath through a 40 acre field and finished against the big chestnut tree at the foot of the hill.

Miss Anna Hoffman has had her cellar enlarged and concreted so the owls can't take out another can of lard. Shorty took in the excursion last Sunday, and on the sliding board started to shimmy and in the wind-up Shorty was through the fence badly bruised, and says she feels worse than when she was baptised. Geo. Cross while mowing the lawn with the two foot mower thought it worked too hard and decided he would take all the knives off and try it that way. Now George says he has gone over the lawn several times and it looks the same—something wrong.

The Emory bridge is being completed and will be ready for travel by Saturday.

A Thorough Test

One To Convince the Most Skeptical Westminster Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Westminster residents should be convinced. The testimony is confirmed—the proof complete. Testimony like this cannot be ignored.

M. E. Campbell, prop. of meat market, Main street, Westminster, says: "My back ached and my kidneys were out of order. I used Doan's Kidney Pills, procured from Moore's Drug Store and they made me well."

OVER FIVE YEARS LATER, Mr. Campbell added: "All that I have said in a previous statement praising Doan's Kidney Pills holds good. They have given me permanent benefit from kidney trouble."

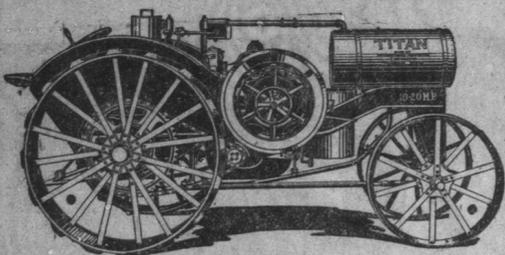

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Co., Mrs., Buffalo, N. Y.
