There are many kinds of strikes, and serious ones, too, but the worst one, we believe, is the voluntary hungry strike in different parts of Ireland. Lord Mayor, McSwiney, of Cork, Ireland, entered into his 62nd day of his hunger strike. He was last reported as sinking rapidly, though still conscious. The Mayor is refused food as a protest against what he considered wrongful imprisonment. Another blow at high prices and the high cost of living was struck, when the Department of Agriculture reported that the "miracle crop of 1920" was an accomplished fact. The crop estimates for October 1 as made public by the department showed that the corn crop is a record-breaker in every particular, with a yield of 3,216,192,000 bushels, an excess over the best year of history of about 93,000,000 bushels. The kafir crop may also be a record-breaker; the potato crop is far above the average, and the entire series of crops is one which is classed as "phenomenal."

The past summer we worked with farmers, and with the products from the farm in a large factory, coming in close touch with the noblest of occupations—farming. We learned that the apple crop in this part of the country will be the largest in many years. One farmer describes his situation in this manner: "I have hundreds of bushels and no time or help to gather them for market. The price in the cities is \$1.00 to \$1.25 per barrel, and the barrels almost as expensive as the fruit in them. Laborers expect \$3.00 per day, so it will be impossible for me to gather in but a small part of my crop." And he voices the sentiments of many farmers.

Samuel Gompers, president of the American Federation of Labor, in his address Wednesday before the International Brotherhood of Bookbinders at Southern Hotel, scored the Republican national candidates as said he was going to vote for Cox and Roosevelt. Mrs. James W. Beacham, Avondale, who was placed on the Republican County Central Committee, by the leaders, presumably without authority, registered in the third precinct of Westminster district Saturday and affiliated as a Democrat. Community Shows. The communities are hard at work boosting shows, under the direction of the County Agent, and the Home Demonstration Agent. Each district is trying to outdo the other in bringing the highest class of exhibits. Where these exhibits have been held from year to year, a great improvement is seen in the kind of exhibit chosen. Many of the boys and girls are showing great care and intelligence in their selection. For instance, each child formerly brought only the biggest potatoes, thinking little of uniformity, disease, etc. After these points have been explained by the judges, greater care is seen in selecting. Practical application of Agriculture and Home Economics is thus given.

Blood Is Fuel To The Body. Pumped Through the System by the Heart It Sustains the Muscles and Tissues. Pepto-Mangan Helps Blood. Keep the Quality of Your Blood at its Best—It Means Vigorous Health and Ability to Accomplish.

Blood acts like a fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It renews them. It feeds the brain—the tissues of the eye and face. That is why people look so pale and lifeless when blood is impoverished. The body tissues are being supplied with weak fuel. The blood has not enough red corpuscles. You would not eat poor food with no nourishment in it; no more should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you have lost your enthusiasm and energy, if your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is no way to go around. If you are not at your best, get at the source of the trouble right away. Put an end to half-living. Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment out of living. Breathe fresh air, take exercise.

Be sure to ask for "Gude's Pepto-Mangan." It comes in convenient tablet form and in liquid. One has the same medicinal value as the other. There is only one genuine Pepto-Mangan, and the name "Gude's" is on the package.—Adv.
