Mrs. Edward Lease, who underwent a serious surgical operation at the Maryland General Hospital, Baltimore is coming along as well as can be expected.

The Christian Endeavor Society of St. Mary's Reformed Church, Silver Run, enjoyed a Halloween social in the basement of the church, on the night of the 12th inst.

Miss Louise Bankert entertained a number of her classmates of Westminster high school and a few other young friends, one night last week.

An automobile bearing a Pennsylvania license, and a buggy belonging to a son of Noah Newman, were slightly damaged in a mix-up of teams in front of Yeiser's store.

Bachman's School Takes a Hike.

In the balmy air and bright sunshine, after diligent work, we sallied forth, over country roads, passing trees with leaves of many hues, farms with hundreds of hens foraging in the fields making a dotted landscape, at last reaching a grove where nuts abound, and soon the crowd scattered, each one eager to get the largest number. The boys chivalry for adventure, located a water snake, and after pitching it into a path to the consternation of the girls, dispatched it. After getting together again, we sat down and the teacher divided his share with the school, each one receiving one as they passed in single file, until his supply was exhausted, adding quite a lot to each one's store in their pockets. After viewing the trucks hauling ore from the mines, we returned to our cozy school-room, better prepared for the afternoon's work.

GIRL POSED AS BOY FOUR YEARS

Sex Discovered When Arrested For Beating a Youth.

Philadelphia, Nov. 2.—It's evident that votes aren't enough for some of 'em. Judge Brown and Magistrate Carson found that out.

John McConnell, a likely looking young man of eighteen years, who gave his address as 655 North Eleventh street, appeared first before the magistrate and later before the judge, charged with beating another boy about his own age and weight. The beating, it was testified, was most thorough and artistic.

In court Mary Hobbling asserted that John and two other boys had insulted her at Tenth street and Fairmont avenue, and another witness said that John and the boy he had beaten up had insulted another girl at Eleventh and Poplar streets.

John's grandfather, who was in court, whispered something to Judge Brown, the judge called a court official. John was taken away somewhere and when he returned it was announced that John was a girl.

The grandfather said that she had been masquerading as a boy for four years and that the family had been unable to prevent her doing so.

"John" declared that she would rather be a boy, anyway, and that she had beaten the victim up when he said things to a girl that "John" didn't think he ought to say.

Girl Wrestled from Escort by Thugs.

Youngstown, O., Nov. 2.—City and County authorities are searching the roads leading here from Trumbull and Mahoning counties, for eight highwaymen who early today held up and robbed Edward Miller in his automobile, and dragged Rose Oberly, aged 16, from the machine into a woods, where she was attacked and then shot in the breast.

She was taken by the police to the City hospital and is reported in a grave condition.

Both the girl and Miller told the officers the same story. Miller claims two of the assailants held him at bay with pistols, while the other six carried the young woman away. Later he found her, unconscious in the woods. Miller was robbed of \$2.

The assailants escaped in a large touring car.

Confidence—The Cornerstone of Business.

Upon the bedrock of confidence is built the great structure of business. We purchase an article from another because we have confidence in the honesty and integrity of the builder. In exchange for this article we give him a scrap of paper—which he accepts because he, too, has confidence that our legal papers can be redeemed at their face value.

But this confidence goes further. Not only our present business structure, but our future business plans, as well, are built upon it. Confidence in our associates, our community, our country and our whole world has made the world a worth-while place to live in.

To-day, as always, business has need of the full strength of its cornerstone. The business man who undermines this strength with stories of calamity—with an excessive timidity and fear for the future, invites not only disaster to himself but the entire business structure as well.

Our crops, our industries, our political outlook—every element that can effect our future business outlook rests for nothing but supreme confidence. There can be only one reasonable answer—have confidence in the future and the future will justify that confidence.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. S.
