ON THE JOB EVERY DAY
Red-Blooded Men and Women Are Seldom Sick
WATCH YOUR BLOOD CONDITION
If You Look Pale, Feel Gloomy and Run-down, Take Pepto-Mangan and Build Up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.
People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.
If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.
Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Advertisement.

YOU CAN'T PLAY ON EVERY INSTRUMENT IN THE BAND.
Neither can we take care of everybody with the little amount of coal we are getting now. It is going to those who have left their orders with us, and this is right.
