

**MANCHESTER**

Word was received here Monday from Mr. George P. Everhart, of Shrewsbury, Pa., that his brother, Charles H. Everhart, had died at 7:40 a. m. Sunday in his 76th year. Mr. Everhart had been an intense sufferer for more than a year, with cancer of the kidney, but little relief could be given him. His end came very quietly, he was in an unconscious state for 60 hours. He was born in this town at the old Everhart home, North Main street. He grew to manhood and spent the greater part of his life here; he moved to Shrewsbury about three years ago. He was temporarily laid to rest in his brothers' burial lot in Shrewsbury Cemetery, Tuesday afternoon. Later his remains will be brought to the family lot in the Reformed cemetery of this town. He is survived by his widow, Mrs. Sarah Lilly Everhart; two brothers, Dr. Oliver Everhart, of Hanover, Pa., and George P. Everhart of Shrewsbury, Pa.; one sister, Miss Ada Everhart who is residing with her brother George in Shrewsbury.

Misses Carrie and Edna LaMotte entertained some of their friends in a delightful manner Saturday evening. Early in the evening Miss Carrie LaMotte and her guests attended the theatre. After the play they returned to the home of Miss LaMotte's. Readings, music and vocal solos were enjoyed. Later an abundance of refreshments were served.

Mrs. Edward Oursler, an aged lady residing on South Main street, fell down several steps in her home. At first it was thought she was seriously injured, but later it was found, though badly jarred and very nervous, there was nothing serious. At this writing she is doing nicely.

Some of the ladies and gentlemen of the town will produce a play, Thursday and Friday night, March 10 and 11. Title of play "The Hoodoo Coon."

Members of Carroll Encampment No. 17, I. O. O. F. were invited to the home of Mr. and Mrs. William A. Burgoon Monday evening February 21, in honor of the birthday of Mr. Burgoon. The members of Manchester Lodge No. 23, I. O. O. F., will produce a play Easter Monday evening entitled "The Village Post Office."

A most enjoyable evening was spent at the home of Miss Fannie G. Ross, Thursday evening, February 24. The party was given in honor of Mr. J. B. Ranck, of Washington who is a guest at the home of Mrs. Ross. He was a graduate Tuesday evening, February 22, at the George Washington University, in Washington Community. Singing, music, social pleasantries were enjoyed. The invitation to the dining room was given by the hostess. Covers were laid for 23. The tables were artistically decorated in honor of Washington. One of the unique favors was a white ribbon tied to each place card, the other end hidden, at a signal from the hostess the

Sales are the order of the day. One would think all the farmers were engaging in some other vocation. The bad roads do not in anyway effect the going of the regulars. You can almost count on seeing them pass each day.

**"I'LL TALK WITH 'ANYONE'"**

DO YOU know how to make a long distance telephone call?

If you have business to transact with the John Smith Company in Washington, for instance, there is more than one kind of a call you can make.

If anyone at that place will do, make a station-to-station call. Give the long distance operator the telephone number, or the name and address and be sure to tell her you will talk with "anyone".

If it is essential that you talk with Mr. Smith or some other particular person, make a person-to-person call. In addition to the number, tell the operator who you want to talk to. A person-to-person call means extra operating work and it costs about one-fourth more than a station-to-station call.

Read the general information pages of your telephone directory for full explanation of all the various kinds of long distance calls and how to make them.

**"Suicide By Inches"**

Thousands of people commit suicide by inches! If you took minute daily doses of some poisonous drug, no particular effect might be noticed until accumulation of the poison made its action evident.

Yet how many realize that poisonous substances are formed constantly during digestion and the preparation of the food waste for elimination.

If the bowels act regularly and thoroughly, these poisons are eliminated. But if constipation exists, there results stagnation of intestinal waste, germs multiply, and poisons are formed and carried by the blood to every cell of the body.

The victim of self poisoning commits suicide by inches. Pills, castor oil, laxative waters and salts only force and irritate the bowels, and make constipation a habit.

Nujol works on an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co., Jersey 30, Broadway, New York, for 100¢ "Thirty Feet of Danger".

A green brakeman was making his first trip up the Sierras. The train was going up a very steep grade, and with unusual difficulty the engineer succeeded in reaching the top. At the station, looking out of his cab, the engineer saw the new brakeman and said with a sigh of relief: "I tell you what, my lad, we had a hard job to get up there, didn't we?" "We certainly did," said the brakeman, "and if I hadn't kept on the brakes, we'd have slipped back."
