

**NEW COMMANDER**

MAJOR HENRY D. BALE

Assigned To Baltimore In Charge Of The Chesapeake Division Of The Salvation Army.

Major Henry Davey Bale, new divisional commander of the Chesapeake Division of the Salvation Army, who has recently come from Minneapolis, has had an extensive career in Salvation Army work, which really dates back to his birth as his parents were both Salvation Army officers.

He began his commissioned service in England, where he served eight appointments. Afterwards received and served nine appointments in Canada covering a period of eighteen years.

Since being transferred to the United States, Major Bale served in Chicago prior to being stationed in Minneapolis, where he made an enviable record in bringing his territory into considerable prominence. Commendations were showered upon him and promotion to commandership of the Chesapeake Division with headquarters in Baltimore followed. Major Bale hopes to make the Chesapeake Division the banner division of the East and since his arrival all the evangelistic work has received a decided impetus.

**BOY BANDS**

What live boy does not sometimes wildly crave to play in a band—try out his ability on cornet, flute or drum. Many a man is now in Salvation Army ranks because when he was a blase bored, restless, street gamin, some big hearted Salvation Army Officer sensed the cry of a soul for music and coaxed him into the hall, first to hear the other fellows play and later invited him to try to make a noise himself. No normal boy could resist the chance, because in his innermost heart he is certain that he could play just as well as any fellow in the bunch if he had half a chance to try.

The Army gives them not only half a chance but a whole chance over and over again until before they hardly realize it they are able to play and play well. The regular practice keeps them off the streets, away from gambling dens, out of craps shooting and fighting and surrounds them over those periods at least with uplifting influence. By and by they get into the uniform, and though other interests beckon, the bands hold them when every other appeal fails and many of them not only cling to this Association as Soldiers, but eventually become Salvation Army Officers. This is another splendid type of preventative work which reaches and appeals to boys from ten to fifteen, many of whom actually beg for the privilege of joining.

In Baltimore, Captain Albert Turkington, skilled band leader, who has recently been transferred from the South, is already finding his corps hall a magnet to the boys of the neighborhood eager to join his band which is already about twenty-five in number. Instruments and uniforms are provided for these players and along with the playing, they are also encouraged to sing, for the Army believes in music and plenty of it.

On its Roster at the present time in the United States there are 9,422 bandmen and something like 25,000 songsters.

**THIRTY-FIVE YEARS MISSING**

An English sailor settled in Australia and after his wife died, leaving a boy and girl of ten and twelve years of age, he concluded to leave them and come to America.

Sometime afterward he met and married a woman who imposed the condition that he never communicate with his children or his first wife's people. He kept that promise for thirty-five years but after her death he began to long for his boy and girl and started inquiries to find them.

At the same time, these two in Australia began inquiries for the father so long lost to them in America.

Advertisements inserted by both parent and children in the War Cry—he in America—and they in Australia—were brought into communication and a happy old man embarked for the voyage that promised reunion.

Nearly two thousand inquiries found issue in the "War Cry" last year. Nearly 800 missing friends were located by this means.

**THE GIRL ON THE JOB**

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

**THE JOY OF A JOB.**

YOU can just about divide people into two groups—those who love their work, and those who don't.

For most of us our work is the chief part of our life. It is up to us to choose the sort of work that we are going to like. No amount of money can repay you for unhappiness; hours daily spent doing something you dislike are unhappy hours.

But the truth is that the woman who is enjoying her work usually makes more of it than she would at other work. She brings enthusiasm to it, and improves possibilities that she wouldn't even see if she didn't love what she did.

In choosing your work you are in a large degree choosing your life. You aren't going to be able to choose a second time as far as that goes. To waste most of it in doing disagreeable or horsetone work is a vast pity.

Many women have been doing new and interesting work. I have heard dozens of women announce that they would never return to the jobs they had filled before answering the call of their country. Many had done only routine work, and hated office life. Such women are determined not to fall back into the rut.

The salary is not everything in a job. You, yourself, are more important than any salary. When you plan for a job, study for it, seek it, remember yourself. Look for joy in your job, as much as for money. It will pay you double measure.

**Mother's Cook Book**

Blotoms are spread like a tapestry priceless. Orient's splendor over the land. And skies have grown bluer. And hearts have grown truer. For the magic of springtime but few can withstand.

—Christine Kerr Davis.

**WHAT TO EAT.**

FOR those who are fond of bountiful try cooking it in bacon fat after it has been cooked in boiling water until tender, or the canned variety may be used, draining it before frying.

**Delicious Salad.**

Take halves of canned pears, arrange on head lettuce. Fill the centers with chopped nuts and pour over it a dressing made of whipped cream and one cake of snappy cream cheese, mixed and beaten with a Dover egg beater.

**May Party Cakes.**

Break into a large bowl six eggs, one cupful of sugar and three-fourths of a cupful of softened butter (not melted). Set the bowl in hot water and beat until the butter is well mixed with the ingredients. Add one cupful of flour, sifting it in a little at a time while beating and continue to beat until the mixture thickens slightly. Pour into a shallow pan lined with greased paper and bake until firm. When cold cut in fancy shapes and decorate—or use for jelly sandwiches.

**Bran Bread.**

Take two cupfuls of bran, one-half cupful of molasses, one-quarter cupful of sugar, one teaspoonful of salt, two cupfuls of sour milk, one teaspoonful of soda, three and one-half cupfuls of flour, one-half cupful of chopped raisins, add one beaten egg, mix all together and bake in a slow oven an hour and twenty minutes.
