

Special Announcement==Please Read!

In order that no one may be inconvenienced the following advertisement is being published.

"We, the undersigned Merchants of Westminster, do hereby agree to close our stores on Wednesday of each Week during the month of July and August, from 12 o'clock, noon to 6 o'clock P. M.

THE REASON:

In practically every city and larger town, manufacturers, stores and offices are closing for either a half or the entire day on Saturday, during the hot weather, thus giving their employees time for recreation and pleasure. We are heartily in favor of this progressive and liberal business policy and believe that its adoption will be of much benefit to our employees and not seriously inconvenience any of our customers. Since it is impractical to close on Saturday afternoon, this being a half holiday and shopping day with many of our out-of-town customers, we have selected Wednesday afternoon as the best time for closing.

OUR SUPPLY OF FORESTS.
It is well that Representative Snell now has a bill in Congress to conserve our forests, and plant more trees every year. It is approved by the lumbermen, wood-using industries, paper makers, and publishers. Germany has done and is now doing the same thing.

China is a horrible example of denuding her land of forests, for hundreds of years. It seems that forests help to conserve moisture in the soil, keep the water from tearing the cultivated land to pieces, and to a great extent prevent severe, general droughts. Scientists claim that China would not have suffered such a vast famine, had it not been for the mistake of their fore-fathers in destroying the greater part of her forests. This matter will later on, be more freely discussed in the newspapers and magazines.

Better Than—
"Rebecca of Sunnybrook Farm"

If you remember anything about last year's Chautauqua program you have not forgotten how you and every body else in the tent laughed and luffed and left over the play, "Rebecca of Sunnybrook Farm." And you said, "I wish I could see it over again." You didn't mean that; you meant, "I wish I could see another one just as good."
Well, it's coming! "Nothing But the Truth" is just as funny as "Rebecca of Sunnybrook Farm," and the plot is better. Just to get ready for the fun, you try, for a day, to tell absolutely "Nothing But the Truth" to every one you meet. When your neighbor asks you what you think of the paint on his house, tell him the truth; don't say, "Why, that looks fine." When you are asked about your opinion on a certain man, be honest now; don't hedge—and after you have tried that for a few hours (you won't last a full day), then you'll be really ready to enjoy this Broadway and London success.
A cast of nine will present it. Special scenery and costumes will add the artistic touches. Have your plans made not to miss it. It's a big feature of the entire week's program at Chautauqua.

On Wednesday, July 6, Westminster got sweet revenge over Taneytown, shutting them out 6 to 0. Ned Duncan pitched a great game, allowing only three hits, two of which came in the ninth inning.
