

JULY CLEARANCE SALE!

We begin Saturday morning our annual July Clearance Sale. This will, we believe, be one of the most important Clearances we have held in many years. Because of changing market conditions we find it necessary to reduce many goods to a point where our losses will be very handsome gains for our customers. Then there are the regular reductions we always make on strictly summer goods that must be closed out. In addition to these, there are a great many goods that we have bought at prices very much lower than usual and all of these we are passing on to our customers. We are expecting a big month's business. Come to the Clearance Sale.
