

WARFIELDSBURG

Mr. L. M. Sellman, of Baltimore, spent several days this week, visiting friends in this neighborhood. Mrs. Nina Crabs is suffering with asthma and hay fever. Miss Everal Arnold, of Westminster, has returned home, after spending nearly two weeks with her aunt, Mrs. Geo. Phillips. Quite a number from this neighborhood attended Deer Park picnic Saturday. Those that recently visited Mr. and Mrs. Geo. Phillips were as follows: Mrs. James Robertson, of Westminster, and Mrs. Carrie Cook, of Warfieldsburg, spent Friday afternoon of last week, and L. M. Sellman, Monday afternoon. Noah Arbaugh and wife, of Bachman's Valley, Emma Arnold and son, William, and Miss Laltue Arnold, all of Westminster, Wednesday of this week. Our county roads are very dusty at this time.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Theford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive. Get a package from your druggist today—Ask for and insist upon Theford's—the only genuine. Get it today.

Farm Foundations

Build them with Concrete—They'll Last Forever

YOU can build a Concrete foundation quickly and cheaply because the things that make Concrete are the easiest materials for the farmer to work with. You have on your place practically all the tools needed. Sand and gravel are always near at hand. You can mix and place Concrete without heavy machinery; and do the work yourself, in your spare time, with your regular farm help. And when you finish the job you'll have a foundation that will hold any building you want to put on it and never crumble or decay. The few dollars you spend won't be one-tenth what your finished job is worth. For all Farm Foundations, built with Concrete and

Working For You

FROM the moment you give your number to the telephone operator, an unseen force of men and women are working for you.

The operator who takes your call, the wire-chief who tests the line, the man who repairs the instruments, the operator at the distant central office, the traffic inspector, the central office manager—all these and a most complete equipment—are working that your call may be put through in the most satisfactory manner.

Bell telephone employees have one characteristic in common—willingness to oblige. This is true in all departments, from switchboard to business office.

Their courtesy, willingness to oblige and patience under trying conditions promote friendly feeling and are essential to good telephone service.

It is our pleasure to serve you.
