**Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.**

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. S.

New telephones mean new buildings, new central offices, new equipment.

**How Maryland's Growth Affects Us**

MARYLAND'S telephone system is now growing at the rate of some 9,000 telephones a year. That means that each year additional telephone plant and equipment must be added to provide this extension of service.

During the war, telephone equipment for usual purposes was practically unobtainable; in the reconstruction period the demand for it from all parts of the country has been greater than the capacity of the manufacturing plants.

Notwithstanding these conditions, Maryland's telephone system is being constantly extended to keep pace with the development of the State.

In 1919 our expenditures for extensions in Maryland were \$1,453,000, in 1920 more than \$1,800,000, and for the first nine months of this year nearly \$1,300,000. Our plans call for further large expenditures.

Our investment in the State is now nearly \$21,300,000.

**Healthful Vigor Is Strong Blood**

Rich, Red Blood Built Up by Pepto-Mangan—Liquid or Tablet

Blood is strong and full of life-giving vigor when there are plenty of red cells in it. Anemic people have little strength because there are not enough red cells in the blood. It is thin and watery. Weak blood makes faces pale, pulls down the strength and leaves the body tired, weak and sickly.

A course in Gude's Pepto-Mangan restores weak blood to its normal strength. Taken regularly for a while it adds red cells to the blood. Then with good blood, the strength and vigor of health return. There is pleasure in living, with good blood running through the veins. Gude's Pepto-Mangan is out up in liquid and in tablet form. They are the same medicine. Physicians have prescribed Gude's Pepto-Mangan for years. The name "Gude's Pepto-Mangan" is on the package. Advertisement. dec 23

**Private Sale by Sealed Bids of Store Site, Fixtures and Stock of Merchandise of Joseph Formwalt, Bankrupt.**

United States District Court for the District of Maryland. In the matter of Joseph Formwalt, Bankrupt.

Notice is hereby given that pursuant to an order of the United States District Court for the District of Maryland, the undersigned, Theo. F. Brown, trustee in bankruptcy of Joseph Formwalt, offers for sale the property, assets and effects at Marston, Carroll County, Maryland, of the said bankrupt.

The property to be sold consists of the store site at Marston, Carroll County, Maryland, embracing the lot of land, with the improvements, containing 1 acre and 23 square perches of land, more or less, obtained by said bankrupt from Samuel W. Bond and wife by deed dated March 27, 1920, and recorded among the Land Records of Carroll County in Liber E. O. C. No. 136, folio 15, etc.; and all the goods, wares, merchandise, chattels and fixtures in the said store on said lot formerly carried on by the bankrupt.

The improvements on the real estate are a dwelling house and store combined, of nine rooms, the store room being about 30x50 feet, with cellar and garret; stable, wash-house, chicken-house and the necessary out-buildings. This lot and improvements have long been used as a store stand, doing a good business. The property is about 2 1/2 miles from New Windsor.

The goods, wares, merchandise and fixtures are what would be found in a good general country store, and their appraised value was \$4724.24. A complete list of the articles and their appraised value will be furnished by the trustee on application.

The building and contents may be inspected by application to and appointment with the trustee. The sale of the said property will be clear of all liens and encumbrances.

Bids (1) EITHER for the lot and improvements at Marston AND all of said goods, wares, merchandise and fixtures in said store property, as an entirety (2) OR for all of said goods, wares, merchandise and fixtures in said store property as an entirety may be submitted to the trustee at his office, Court Street, Westminster, Maryland, on or before one o'clock in the afternoon of Wednesday, January 18, 1922, at which time and place the bids will be opened by the trustee, and the creditors of the said bankrupt may attend and consider and express themselves in reference thereto.

Any bidder shall have the right to submit bids for either or both of said alternatives. Each bid must be accompanied by a certified check or cash for at least ten per centum (10 per cent) of the amount of the bid. The Trustee reserves the right to reject any and all bids; and any bid by him considered acceptable shall be accepted, subject to the approval of the Court.

For further information, apply to the Trustee.

**MINING LABOR IS 141 PER CENT HIGHER THAN IN 1913.**

In 1913, 71,046,816 tons of anthracite coal were mined for \$113,320,000 labor cost. In 1920, 65,458,673 tons cost \$252,170,000 in labor or 141 per cent more. Our local labor is over 100 per cent higher than in 1913. We're glad that labor gets more than it used to.
