AIR NAVIGATION

Imaginative people look forward to the day not far away when regular passenger airships will be crossing the oceans far more swiftly than any steamship and with about as much safety.

The navigation of the air is an infinitely more difficult problem than water navigation ever was.

Gradually these dangers will be seen and obliterated so far as the peculiar conditions of air travel make possible.

BACK TO THE FARM

It is reported by Mr. Getman, a specialist in agricultural education for New York State, that 32 per cent. of the students in the State schools of agriculture, of which there are six, come from cities, and that 50 per cent. of the letters sent to the Bureau of Farm Settlement of the State Department of Farms and Markets, in reference to the purchase of farms, come from dwellers in the cities.

But this same authority reminds us that a mere longing for the land is not a qualification for its profitable cultivation. The farm is no place for the inefficient and inexperienced.

DEATHS.

ELECTROCUTED IN BATHTUB

Omaha, Neb., March 4.—Death of Mrs. Frances Devereux, 29, who was electrocuted by an electric heater in a bathtub of her home, was accidental and no inquest will be necessary, the coroner announced.

The heater was found on a wet towel which was wrapped around her feet. There was no water in the tub and the heater is believed either to have fallen into the tub or to have been placed there by Mrs. Devereux to warm her feet.

Mrs. Devereux was heard to scream, but the bathroom door was locked and her two small children and a maid summoned a locksmith.

TO THE PUBLIC.

The reports that have been circulated that I have been associated with certain persons, and have visited certain places in Westminster, are absolutely false and without foundation in fact. If I shall hear of any one, who is financially responsible, repeating or circulating such slanders, I will have my attorney at once institute suit for damages.

RESOLUTIONS ON THE DEATH OF DAVID E. STEM.

At a meeting of the Directors of the First National Bank of New Windsor, Md., held on March 9, 1922, the death of Mr. David E. Stem, the president of the bank being announced, the following minute was unanimously adopted:

In the death of Mr. David E. Stem, this bank has lost one of its most useful, active and intelligent directors, who was always ready and willing to give his services to promote the best interests of the Bank.

He was wise and prudent in his counsel and possessed of an upright and pure character, which won for him the esteem of his friends and acquaintances.

Mr. Stem had been prominent in the business, financial and religious circles of Carroll County for more than a half century, and had been honored by many positions of trust and responsibility. By his unassuming, modest, just and generous nature he endeared himself to all with whom he came in contact.

It was further resolved that we tender to his family our sympathy and express the hope that the sweet memories that will ever cluster around his well spent and beautiful life of more than four score years may mitigate the sorrow caused by his removal. Be it further resolved that a copy of this minute be sent to his family and be published in the county papers.

NOTE OF THANKS.

The family of the late W. H. Cummings, wishes to express their gratitude for the many acts of kindness rendered them by their many Carroll county friends.

IN MEMORIAM.

In loving remembrance of our dear sister, who died March 1, 1920, sister, Oudla Easton, who died March 1, 1920.

A light is from our household gone, A voice we loved is still; A place is vacant in our home That never can be filled.

We cannot tell who next may fall Beneath this chattering rod; One must be first, but let us all Prepare to meet our God.

Often when the day is bright; There's a gloom steals in our hearts, And it brings to us sad memories Of the day God did us part.

By her FATHER and SISTERS. The hands that labored hard to save you, Labored sorrowfully in vain; But in our memory your dear face we see.

And we love you always the same. By RAYMOND and MINNIE.

In sad remembrance of my dear mother, Oudla Easton, who died March 1, 1920.

No one knows the silent heartache, Only those who have lost can tell, Of the grief that is borne in silence For the one I loved so well, mother.

By her son, WILBERT. Just a thought of sweet remembrance, Just a memory fond and true; Just the love of sweet devotion, Of the ones who think of you.

By CLARENCE and FLORENCE.

A Good Tonic For Old People

Gude's Pepto-Mangan Restores Strength and Prevents Illness

Aged people often need a good blood tonic. When the blood becomes clogged with poisons from the system, Gude's Pepto-Mangan purifies it by driving off the waste matter. Good blood is full of vitality and prevents illness, giving the body greater power of resistance.

It is further resolved that we tender to his family our sympathy and express the hope that the sweet memories that will ever cluster around his well spent and beautiful life of more than four score years may mitigate the sorrow caused by his removal.
