FOUND DROWNED

BODY OF HARVEY GARTRELL, WHO KILLED ARTA JENKINS, DISCOVERED IN MONOCACY, ENDS SEARCH OF SIX WEEKS.

Hardly recognizable, the body of Harvey Gartrell, 20, Morgans, who shot and instantly killed Arta Jenkins, 17, daughter of Mr. and Mrs. Ernest Jenkins, Berrett, six weeks ago, was found in the Monocacy river, Frederick Junction, Sunday noon.

The body of the youth, who had been rejected by Miss Jenkins, was found almost exactly six weeks to the hour from the time of the crime at the home of Mr. and Mrs. George W. Hess, at Buckeystown, grandparent of the girl, with whom she had been making her home. The recovery of the body ends the long search, which puzzled the officers, who thought that possibly Gartrell had escaped, following his mad automobile ride from the Hess home from a point near Frederick, where he jumped into the Monocacy river. It likewise fulfills the prophecy of Santry Gartrell, father of the youth, who told officers he was confident that his son would never be captured alive and that he would either drown or shoot himself.

The body was found by Walter Harman and rested submerged against a portion of an abandoned fish pond wall. Sheriff James A. Jones was notified, and identification made. In the pockets were found two water-soaked letters signed "Arta," a locket containing a small picture of the girl, a wrist watch and another small watch, and an automobile registration card on which was the blurred name of Gartrell. He wore a brown suit of clothing and brown shoes.

Following the disappearance of Gartrell after the shooting at Buckeystown, an empty purse, a photograph, and a letter were found on the bank of the Monocacy, about a mile and a half east of Frederick. It is thought that Gartrell jumped into the flooded river at this point. His body washed about a mile and a half down stream.

A MEETING OF THE FREE LIBRARY ASSOCIATION.

A meeting of the Westminster Free Library Association will be held in the County Agent's office, second floor of the Times Building, on the evening of April 20th, 1922, at 8 o'clock. The purpose of this meeting is to increase interest in the library, put new life into its activities, and increase the library in general. Any citizens of Westminster or vicinity who are interested in a real live, active, efficient library are invited to come out to the meeting and take part in its deliberations.

This library has been in existence thirteen years and has been enjoyed by a comparatively small number of persons. Its usefulness can be multiplied many times by a little co-operation on the part of some of our citizens.

Come out and give the movement your support. There will be no solicitations for funds as the library association has a good cash balance.

Miss Marian Batchelder, traveling secretary of the Maryland Public Library Commission, will be present and will address the meeting on "The Possibilities of Small Town Libraries."

FRANK W. MATHER,
Acting Secretary and Treasurer.

MEETING OF THE WOMAN'S CLUB

The Woman's Club, of Westminster, met with Mrs. D. Snider Babylon on Tuesday, the President, Mrs. Carroll Albaugh, presiding. Mrs. Martha Shaw's well written paper, "The Significance and Early History of Transplantation," proved most interesting. The main topic of the meeting was Frontier Days, which was well brought out in Mrs. M. J. Shroyer's paper, which was read by Mrs. C. E. Fortner. The Round Table: Local Frontiers Days, brought out many interesting bits of early history, among which was the story of the Indian tribe who lived near Manchester on land owned by Dr. Shower. The members of the Club are invited to a subscription luncheon on the 27th at the Belvedere Hotel, Baltimore, under the auspices of the State Federation, given to the visiting delegates to the Pan American convention called by the League of Women Voters.

CARROLL COUNTY SELECTED AS COUNCILMAN.

Democratic leaders, of Baltimore, Monday, at the Rennett, decided to submit the name of Albin Owings, Jr., 1224 Hanover street, as the party nominee for the Twenty-third ward vacancy caused by the death last week of George R. Wicklein, Republican.

Owings for 28 years has been an employee of the Fidelity and Deposit Company. A native of Woodbine, Carroll County, he is a brother of Harry R. Owings, cashier of the Woodbine National Bank. Many years ago he moved to that city.

GOT STUNG FOR HONEY.

Norval Rinehart, Taneytown, was brought to this city, Tuesday morning and placed in jail charged with stealing several hives of bees.

John T. Crouse, Harvey J. Wantz and Sterling Nussbaum, residing in Myers' district, missed from their premises several hives of bees some time ago, and suspicion fell on Rinehart, so late Monday night State's Attorney Brown, accompanied by the three gentlemen, went to the farm of his father, Paul Rinehart, near Taneytown, and inspected the bunch of hives on the place. By the use of a search light they soon identified their property, Tuesday morning our State's Attorney, accompanied by Deputy Sheriff Bloom and the property owners of the stolen hives went to the farm with a search warrant and found Norval busy attending to the bees.

State's Attorney Brown announced his visit and was told to help himself, which was done, and the property identified by the gentlemen. Rinehart absolutely denied any knowledge of stealing them. He said he bought them.

Rinehart was placed under arrest and soon confessed to Mr. Brown that he stole hives of bees from the properties of the men that identified them. He said he visited Mr. Nussbaum's property on two different occasions. Rinehart implicated John A. Shadle, Littlestown, Pa., as an accomplice. Shadle was arrested also Tuesday afternoon and brought here.

Both Rinehart and Shadle were given a hearing before Justice Walsh the same afternoon and found guilty and were held for the May term of grand jury. Rinehart is held under a bond of \$900 and Shadle \$300, which was furnished and both released until next month.

RURAL CARRIER'S EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Westminster, Md., on May 13, 1922, to fill the position of rural carrier at New Windsor, Md., and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,500 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors or marines, or the wives of U. S. soldiers sailors or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Applications should be forwarded to the commission at Washington, D. C. at the earliest practicable date.

BLUE RIDGE SLAUGHTERS MANHATTAN COLLEGE

Blue Ridge College baseball team swamped Manhattan College of New York, New Windsor, Monday, 18 to 10. Had Metzger been allowed to pitch the entire contest, the Metropolitan tossers likely would have been limited to four runs. However, after the locals had safely sewed up the laurels, Coach Bousack gave his second stringers a chance and in the last frame a series of free tickets mixed with solid wallops gave the visitors six runs.

The feature of the battle was the work of Metzger on the mound for Blue Ridge. In the six innings that he worked the local ace struck out 14 of the 24 men that faced him.

Capt. Fern Hitchcock's steal of home in the second inning was a clever piece of work. Although the New York's catcher had the ball in time to make him out, the Blue Ridge leader slid safely around him.

"FATTY" ARBUCKLE ACQUITTED.

San Francisco, April 12.—A verdict of acquittal was returned by a jury tonight in the third trial of Roscoe C. (Fatty) Arbuckle on a manslaughter charge growing out of the death of Miss Virginia Rappe, motion-picture actress.

The defendant was deeply affected. He received the verdict with a great sigh of relief. There was no demonstration, the court having warned against it. Mrs. Minta Durfee Arbuckle, the defendant's wife, cried quietly. Both she and Arbuckle shook hands with the jurors. The verdict was returned in one minute.

STECKER TOO FAST FOR DEWEY.

Young Stecker, of Annapolis, won the wrestling bout from Young Dewey Tuesday evening in record time, at the Opera House before a fair sized audience. Young Dewey was challenged by Stecker through the Advocate, which challenge was accepted.

APRIL CROP REPORT FOR MARYLAND

College Park, Md., April 10.—Condition of the winter sown crops is on the whole satisfactory. Germination in some quarters has been irregular, delayed by dry weather last fall. And in a few areas the cereals have been injured somewhat by the severe winter colds, where there was a lack of sufficient snow-covering; according to a statement issued to the press today by John S. Dennee, agricultural statistician for the United States Bureau of Markets and Crop Estimates, co-operating in crop statistics with the Extension Division of the University of Maryland.

On April 1 the growing condition of wheat in Maryland was found to be 89 per cent of a normal, against 95 on April 1 a year preceding, and 88 per cent, the average condition on April 1 for the past ten years. Average price paid the farmer was \$1.31 per bushel, against \$1.44 on April 1 last year. Condition of rye was 90 per cent, against 93 a year ago, and 88 per cent the ten-year average of condition on April 1.

March was generally favorable to crops and fruits. Locally, heavy rains fell hindering farm activities. The land was so wet as to be practically unworkable. Towards the end of the month mild and drier weather prevailed and field work became general. Preparations for spring plowing went forward briskly, though somewhat delayed behind the seasonal average in some districts due to the unfavorable weather.

Highly optimistic reports concerning the fruit prospect pour in from all portions of the State. Southern Maryland growers say they are looking for a bumper crop this year as a result of the seasonal weather.

Tobacco farmers are now sowing their beds. Many farmers are sowing several beds because of the crop shortage last year, thereby assuring enough plants for transplanting when the proper time arrives.

The Eastern Shore says early truck crops are advancing satisfactorily. Livestock are in good condition. There is plenty of feed.

Pastures over the State are greening nicely.

Brood sows are slightly (2 per cent) in excess of the number on the farms a year ago. Better prices of late for hogs have made farmers optimistic, with a tendency to increase the number of hogs.

Farm labor is reported in adequate supply—407 per cent of what was available a year ago, and 95 per cent in comparison with the normal supply. The demand for labor is reported as 90 per cent of what it was one year ago; indicating a ratio of 119 of supply to demand. But farmers insist that they are short of funds; that the continued low price of farm products are fetching prohibit employment of all the farm help they need, necessitating their doing much of their work with the aid of their families. Few workers, reports, say, are willing to desert the city streets for the farms at the wages farmers are able to pay at this time.

BOARD OF EDUCATION DOINGS.

MECHANICSVILLE SCHOOL ASKS FOR AN ADDITION—HIGH SCHOOL TO BE BUILT IN FREEDOM DISTRICT—MISS HYMAN DOING EFFICIENT WORK

The regular meeting of the Board of Education was called to order in the office of the Board on Thursday, April 6th, at 7.30 p. m. Commissioners Glover and Koons were absent.

After reading the minutes of the two previous meetings, the regular order of business was taken up.

The list of bills presented to the Board was approved and ordered paid. Requests for contributions to local funds raised for libraries, etc., were presented to the Board which contributed ten (\$10) dollars to the amount already raised in each case, except in the case of Harvey, it agreed to make the contribution 10% of the amount raised by the school, which amounted to \$10.80.

Deer Park, Mrs. Laura Wagner, playground equipment, \$34.00.

Mahlon's, J. C. Wailles, library, \$10.12.

Ebbvale, Maye Gettler, phonograph, \$45.00.

Taylorville, Lena Angell, phonograph, \$24.00.

Snydersburg, Jane Ecker, library, \$10.00.

Sykesville Grammar, Esther Sixx, library, \$13.81.

Harney, Harry Feeser, playground equipment, \$108.02.

Alesia, Ruth Hyson, Globe, etc., \$55.00.

Greenmount, Treva Wink, library, \$12.00.

Old Fort, Gertrude Abkens, Maps, \$45.00.

Woodbine, Frankie Wetzel, athletic equipment, \$10.01.

Baust, Anna Sire, maps, \$15.00.

Springdale, Joseph Langdon, volley ball, etc., \$10.00.

Stonesifer's, Thelma Deal, dodge ball, library, \$21.72.

The offer of Mr. Columbus Cover to purchase the Four Corners school lot was laid on the table for further consideration.

A petition of the Mechanicsville community requesting that more adequate school facilities be granted their community in order that it might be possible to organize a junior high school, was placed before the Board. Supt. Unger was authorized to inform them that it would be given due consideration at the proper time.

The request of the Mayor and Council of Mt. Airy to purchase a portion of land 125 feet by 60 feet on the corner of the property of the Board of Education for the purpose of boring wells and erecting a tank for a water supply for Mt. Airy was next considered. Supt. Unger thru a committee consisting of Commissioners Glover, Allen, and Unger, was instructed to request Dr. W. C. Stone, District Health Officer, to make an inspection of this situation and upon a satisfactory report from the State Board of Health, the committee is authorized to take up the matter of transfer of property to the Mayor and Council of Mt. Airy.

Supt. Unger reported to the Board that he had authorized Mr. B. E. Starr, Architect, to work out the details of the high school building to be constructed in Freedom district. The Board approved of this action.

The salary schedule for all positions in the service revised to conform with the minimum in the new Law of 1922, was confirmed by the Board. It, however, allowed the increase of \$50 to high school teachers authorized in the salary schedule adopted April 6th, 1921. This salary schedule will take effect, beginning with the school year of 1922-23.

The Board has reaffirmed its position with respect to the Janitor fees for one, two and three room schools in authorizing the Superintendent to place in the budget a sufficient amount to raise the Janitor fees from \$8 to \$20 for each room. The Board has taken this position, because great hardships has operated upon the one-room teacher during the past year.

The Board has recognized the efficient service to the schools of Miss Sara Hayman, the County Nurse, and desires to go on record in placing itself in a position to co-operate to the fullest possible extent with the Red Cross Chapter, and the tuberculosis association in giving whatever assistance it can to this most important work, and it authorized the Superintendent to offer these societies, its assistance to the extent of paying the salary of the nurse, with the understanding that the other expenses will be carried by these organizations jointly, and the amount of this salary is to be placed in the budget.

The Superintendent laid before the Board a full report of the standard tests applied to the schools of Carroll County during the last two weeks of March. While this report indicates some decidedly defective conditions in various parts of the County, on the whole the report is pretty satisfactory. The report brings out distinctly, however, that the children in Carroll County in every grade, except the first and second, are very much over-age.

As a result of this report, the Superintendent was authorized to strengthen the service in at least three directions; namely, in supplying adequate

supplementary reading material, standard arithmetic practice tests, general testing material, and very much more extensive sanitary and hygienic equipment.

The Board adjourned at 9.50 p. m.
