### MOUNT TUSCARORA

Charles Shaffer, the local mud mixer of this place, now attending the masons working on the new Wesley Methodist Episcopal Church had the misfortune to fall head long into the revolving barrel of the concrete mixer. Charles tried to extricate himself but all in vain, as the concrete soon became hard and stopped the engine. Albert Frick soon came to his rescue with a chisel and hammer. It was some three hours later before Chas. had the mixer in operation again.

George Knouse seems to be a very unfortunate man. Last winter he bought a pair of suspenders from Jim Murray, of Hampstead, which were guaranteed not to stretch. George put them on one morning in zero weather and started for the saw mill. When he got down about Lee's mill he began to feel chilly and looked down and saw that his pants were gone, so he followed the suspenders back and found his pants up at Wesley hanging on a locust tree. Knouse says Jim ought to be arrested for selling such goods.

To add to this misfortune while fishing one day last week on the north eastern branch of the Patuxent River, near "Standish" Lodge was attacked and severely bitten by a 1400 pound crocodile.

Carroll Kleinschmitz is now working on a new invention which he is going to try out on huckster Richards truck. It is to be heated and operated from the exhaust pipe of the engine. Carroll claims, if put into operation when Elmer leaves home with his eggs, it will hatch them out into the pound chickens by the time he reaches Baltimore.

George Basler was seen to leave again last Sunday in Earl Rill's aeroplane and did not get back home in time to help Bill to milk Monday morning. So Bill being of a careless disposition went to the station just the same and loaded on ten empty milk cans. George is now wondering why the milk check is short this month.

Luther Davidson, who has purchased a Fordson tractor, has done everything imaginable with it and claims it is worth the price he paid for it just to kill cut worms and grass hoppers.

Pud Seipp went fishing one day last week and came back with the same old story—the largest one got away.

### THREE MEMBERS OF FAMILY AIDED

**Wilmington Citizen Gains 10 Pounds. Mother Restored and Wife Is Improving Rapidly.**

"I have gained ten pounds in weight and am feeling like an entirely different man," said Geo. A. McGonigle, of 1822 Wawaset Ave., Wilmington, in telling of the benefits he has derived from the use of Tanlac, the medicine that is now accomplishing such gratifying results in this city and vicinity.

"My stomach had bothered me terribly for more than a year. No matter what or how little I would eat I suffered from the pangs of indigestion just the same. There was a feeling like lead in the pit of my stomach and the gas from my sour, undigested food would almost cut my breath. In fact, food seemed to do me harm instead of good for I always felt miserable for hours after every meal. I was subject to frequent headaches, was all run down, and that tired sluggish feeling was on me all the time.

"I got Tanlac after seeing what others said it had done for them and now I consider it the finest medicine in the world. Four bottles have rid me of all my troubles and put me in prime condition in every way. My stomach acts like a new one for I can eat just anything set before me and never feel a touch of indigestion. That tired feeling is gone, too, and I just seem to be brimful of new life and energy. Tanlac has helped me so much that I have persuaded my mother to try it and it has done the same for her. It did for me. My wife has started taking it now and you may know I think well of it or I would not have those who are dearest on earth to me taking it. I just can't say anything too good for Tanlac."

Tanlac is sold by all good druggists.

Main, Geneva, Ohio, May 20, 1921."
