**Endorsed at Home**

Such Proof as This Should Convince Any Westminster Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Westminster adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

E. L. Hollenbaugh, 6 Pennsylvania Ave., says: Due to the exposure at my work I had kidney trouble. I was in such bad shape I couldn't bend. The kidney secretions at times were scanty and then profuse, disturbing my rest at night. I was so bad with kidney trouble that at times I couldn't move. Altogether I used about two boxes of Doan's Kidney Pills procured at the Shaw Drug Co., and they gave me wonderful relief.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hollenbaugh had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

If you were **POSITIVELY SURE** that you could heat to 70 degrees in zero weather your house of five or six rooms, without dust, gas or smoke and that the furnace would be **ONE OF THE BEST** that can be made and would only cost you **"ONE HUNDRED AND TEN DOLLARS"** set up complete, without an additional cost of one penny, except for fuel, wouldn't you consider installing one in your home?

Mr. J. H. Taylor connected with "American Heating Co" is also connected with the manufacture of these furnaces and started in the manufacture of "PIPELESS HEATERS" more than seven years ago which gives us the advantage of his experience as well as the first cost of manufacture.

We have five sizes of heaters which will suit any home up to eleven rooms and the prices are just as low comparatively as the 20" fire pot heater quoted above.

We deliver these furnaces in any territory and are set up only by expert mechanics. We send our engineer to look over the house and tell you just what size furnace and the price if more than six rooms. If we can heat your home satisfactorily we will tell you and if not we will tell you.

No furnace in the Pipeless type sold that has more weight in castings and made from high grade iron, with all galvanized 26 gauge iron used in casings with Ozadized copper register.

Write us for an interview and if you do not buy we will not hold you under any obligations.

Special price to dealers.
